This week Visualizations Meetings continue. Visualizations show hypothetical district-based boundaries for limited geographic areas from the line drawers in response to preliminary direction from the Commission. These visualizations are created to allow the Commissioners to review potential options. Visualizations are not statewide plans. Visualizations may include multiple mutually exclusive scenarios.

You can provide input on the Visualizations Feedback Form:

November is American Indian Heritage Month. California is rich with Native American culture. From the early tribes of California including the Karok, Maidu, Cahuilleno, Mojave, Yokuts, Pomo, Paiute, and Modoc to very modern casinos. The impact of early Californians is part of many of the things we do now and seen in the names of many of our natural beauty, where we live, roads, and streets. Be sure your community is fairly represented.
