What are

Communities of Interest (COI)

FACEBOOK

The California Constitution defines a community of interest as a population which shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation. Examples of such shared interests are those common to an urban area, a rural area, an industrial area, or an agricultural area, and those common to areas in which the people share similar living standards, use the same transportation facilities, have similar work opportunities, or have access to the same media of communication relevant to the election process. Communities of interest do not include relationships with political parties, incumbents, or political candidates.

Defining Your Communities

FACEBOOK

The Commission needs to know four key pieces about your community:

- The economic and social interests that bind your community together.
- Why your community should be kept together for fair and effective representation.
- Where your community is located.
- What nearby areas do they want to or not want to be grouped with?

Use the “Draw My Community” tool to draw a map and describe your community by visiting: DrawMyCACommunity.org.
