1	PROCEEDINGS
2	July 13, 2021 4:00 p.m.
3	CHAIR YEE: Good afternoon, California. And welcome
4	to a business meeting of the California Citizens
5	Redistricting Commission. I am Commissioner Russell Yee,
6	and I'll be chairing today's meeting. Ravi, could we
7	have the roll call, please?
8	MR. SINGH: Yes, Chair.
9	Commissioner Ahmad?
10	COMMISSIONER AHMAD: Here.
11	MR. SINGH: Commissioner Akutagawa?
12	VICE CHAIR AKUTAGAWA: Here.
13	MR. SINGH: Commissioner Andersen?
14	COMMISSIONER ANDERSEN: Here.
15	MR. SINGH: Commissioner Fernandez?
16	COMMISSIONER FERNANDEZ: Presente.
17	MR. SINGH: Commissioner Fornaciari?
18	COMMISSIONER FORNACIARI: Here.
19	MR. SINGH: Commissioner Kennedy?
20	COMMISSIONER KENNEDY: Here.
21	MR. SINGH: Commissioner Le Mons?
22	COMMISSIONER LE MONS: Here.
23	MR. SINGH: Commissioner Sadhwani?
24	COMMISSIONER SADHWANI: Here.
25	MR. SINGH: Commissioner Sinay?

COMMISSIONER SINAY: Here. 1 2 MR. SINGH: Commissioner Taylor? COMMISSIONER TAYLOR: 3 Presente. MR. SINGH: Commissioner Toledo? 4 5 COMMISSIONER TOLEDO: Here. MR. SINGH: Commissioner Turner? 6 7 COMMISSIONER TURNER: Here. MR. SINGH: Commissioner Vazquez? 8 9 COMMISSIONER VAZQUEZ: Here. MR. SINGH: And Commissioner Yee? 10 11 CHAIR YEE: Here. 12 MR. SINGH: You have a quorum, Chair. 13 CHAIR YEE: Thank you, Ravi. For today's meeting, 14 the published agenda has our usual full line-up. But 15 because it's a shorter meeting, we're going to select out 16 just some of those items. I have an estimated schedule 17 for you, which is in today's -- it is or will be in 18 today's handouts. We'll also share a screen with you 19 right now. So we're going to start off after we open 20 with our usual opening public comments. 21 We'll start off with some VRA training. We will 22 then be going into closed session. After that, number 4, 2.3 Government Affairs Subcommittee will lead a discussion 24 about our timeline and possible decision about landing on 25 a final map timeline. And we know that's an item of

1	great interest to many people. So that will be
2	happening, we estimate around 5:45. After that, Line
3	Drawing Subcommittee has some items to report.
4	COMMISSIONER ANDERSEN: That it'll be a very
5	short item today.
6	CHAIR YEE: Oh, okay. So less than half an hour?
7	COMMISSIONER ANDERSEN: Definitely.
8	CHAIR YEE: Okay. After that, whenever a line
9	drawing is done, then we'll have Language Access to
10	update us on language interpretation for upcoming
11	community of interest meetings. Then if there's time,
12	we'll go to Public Input Design Committee for a
13	discussion on considering whether or not to have group
14	input at input meetings. Okay? So that's how things are
15	looking.
16	Again, this is in the handouts for today and these
17	times are estimated, especially the timeline discussion.
18	We know that's of great interest to many people. And so
19	if it does go on longer than we're estimating here, we
20	are prepared to go as late as 10:30 p.m. We're
21	definitely hoping not to go that way, but staff is
22	available to go that late if the discussion calls for it.
23	Okay. Any other announcements or for today's
24	meeting? If not, let's go ahead and go to opening public
25	comments.

1	And we have Katy here. Hi, Katy.
2	PUBLIC COMMENT MODERATOR: Hi, Chair.
3	In order to maximize transparency and public
4	participation in our process, the Commissioners will be
5	taking public comment by phone. To call in, dial the
6	telephone number provided on the livestream feed. It is
7	877-853-5247. When prompted to enter the meeting ID
8	number provided on the livestream feed, it is 95977110538
9	for this meeting. Once you when prompted to enter a
10	participant ID, simply press the pound key.
11	Once you have dialed in, you'll be placed in a
12	queue. To indicate you wish to comment, please press
13	star 9. This will raise your hand for the moderator.
14	When it's your turn to speak, you'll hear a message that
15	says, the host would like you to talk, and the press star
16	6 to speak.
17	If you would like to give your name, please state
18	and spell it for the record. You are not required to
19	provide your name to give public comment. Please make
20	sure to mute your computer or livestream audio to prevent
21	any feedback or distortion during your call. Once you
22	are waiting in the queue, be alert for when it is your
23	turn to speak. And again, please turn down the
24	livestream volume.
25	And again, for those that have called in at this

1	time, I see raised hands and I'd also like to advise
2	those that have not raised their hand, to please press
3	star 9 indicating you wish to comment. But right now we
4	will start with caller 7554. If you will please follow
5	the prompts to unmute.
6	Caller 7554, the floor is yours.
7	MS. LAWSON: Good afternoon. My name is Karen
8	Lawson, spelled K-A-R-E-N, L-A-W-S-O-N. And I am
9	volunteering as an organizer in the Southern California
10	area, urging individuals and community groups to
11	participate in public input. We've been unable to access
12	a repository of the emails and the COI tool submissions
13	that have been received to date.
14	The purpose of my comment this afternoon is to
15	request that the Commission please post the process and
16	access point so that we can gain visibility to the input
17	public information hopefully organized by zone, if that's
18	possible, and also to please provide this access in a
19	timely manner before the end of the current cycle of
20	input hearings. Thank you very much.
21	PUBLIC COMMENT MODERATOR: Thank you. Chair, you're
22	on mute. Looks like you're
23	CHAIR YEE: Thank you, Ms. Lawson. We empathize
24	with your frustration, and you're not alone. We are
25	still working on the Airtable presentation software that

1	will enable us to post those community of interest input
2	items. And does anyone on staff or any Commissioners
3	have an update for us on where that's at and when the
4	caller can look forward to making access to inputs?
5	Perhaps Director Hernandez.
6	MR. HERNANDEZ: Thank you, Chair. I was going to
7	defer to the subcommittee, the Data Management
8	Subcommittee, to provide some information.
9	VICE CHAIR AKUTAGAWA: Commissioner Ahmad?
10	COMMISSIONER AHMAD: Would you like for us to share
11	that information now or during our report out?
12	CHAIR YEE: Now, if it can be done so briefly.
13	COMMISSIONER AHMAD: Okay. It can be. We do have
14	exciting news that the contract has been approved and
15	gone through with Airtable. And that was the last piece
16	that was holding us back. As I had mentioned in previous
17	meetings, it's not as simple as putting in a credit card
18	number and clicking buy. So our team has worked
19	tirelessly to get this process in place. So now we have
20	a contract in place and we're ready to move forward with
21	Airtable.
22	CHAIR YEE: Very good.
23	COMMISSIONER AHMAD: Trena or Commissioner
24	Turner, do you have anything else?
25	COMMISSIONER TURNER: I'm expecting more than very

1	good. I was looking for that little thing emoji that
2	goes [woo]. But yeah, we don't have one of those.
3	CHAIR YEE: Very exciting. Obviously. You know, we
4	would have wanted to have this all in place for even the
5	first input meeting, but we just it just didn't work
6	out that way. So we appreciate your patience, Ms.
7	Lawson. And we hope you will find Airtable very useful
8	once it's up and running soon.
9	Commissioner Akutagawa?
10	VICE CHAIR AKUTAGAWA: I think for the purposes of
11	Ms. Lawson as well as any others who are listening, can
12	you give us a time frame as to when it will become
13	available?
14	Commissioner Ahmad or Turner?
15	COMMISSIONER TURNER: Yes. Thank you. For of
16	course, everything that was processed through the
17	community of interest tool, we believe that will be it
18	will be, like, a two-pronged approach. So that will be
19	more of an automatic process. And we can probably give
20	you a better update once everything is finalized,
21	complete, people are in place.
22	The other is a matter of, just like the transcripts
23	and what have you, it has to be input and that will take
24	a little bit longer before we'll actually see those. But
25	at the moment, I don't want to give a false date. The

1	moment we have a definite date, we can let you know a
2	little bit better, but it'll happen in two different
3	phases.
4	CHAIR YEE: Commissioner Kennedy?
5	COMMISSIONER KENNEDY: Thank you, Chair. I just
6	think it's important for us to clarify to the public that
7	we do not currently have access to the data. It's not
8	that we are sitting here making use of the data and not
9	giving access to the data to the public. We, the
10	Commission, do not currently have access to that data.
11	And we don't expect to have it before the public. Thank
12	you.
13	CHAIR YEE: Okay. Commissioner Andersen?
14	COMMISSIONER ANDERSEN: And with the one exception
15	of videos of the public input meetings that we have been
16	having, the COI input meetings, those are on our website.
17	So that is available to the public just as it is to us.
18	But the bulk of it we do not have, as Commissioner
19	Kennedy just said.
20	CHAIR YEE: Okay. So we can take our next caller.
21	Katy?
22	PUBLIC COMMENT MODERATOR: Yes, Chair. And caller
23	with the last four 5405, if you will please follow the
24	prompts to unmute. Go ahead. The floor is yours.
25	MR. JOHNSON: Hello, Commissioners. This is Dylan

Johnson from SEIU, California. I participated in the labor panel and I've testified previously on the timeline item. So my common theme throughout is that there has been too much focus on the number of days for the end of the process and too little on how to set yourself up for success from the beginning. So could the Commission use more time, of course.

You know, I've never met a college student with a 8 9 term paper or a homeowner with a renovation, or Dylan Johnson with a Mai Tai on vacation who couldn't use more 10 11 time. The question is, as we see it, not, do you want 12 more time? It's do you need more time, right? So when 13 voters passed Prop 20, they said four and a half months 14 after the release of census data was enough.

15 So we encouraged the Commission to be absolutely 16 sure before asking a court to say Californian --17 California voters were wrong in that. So unlike the 2010 18 Commission, you are going to finish the input hearings 19 before the redistricting database is released. Once 20 those hearings are done, we will recommend you give direction on which communities of interest to prioritize 21 22 so line drawers can start drawing maps as soon as they 2.3 have the numbers. We would also encourage you to get 24 your racially polarized voting analysis --25 MR. MANOFF: Thirty seconds.

1	MR. JOHNSON: or RPV done now, so you know where
2	the line the landmines are. If you can prioritize
3	outreach funds that were unavailable ten years ago, it'll
4	help you seek feedback on drafting map over the holidays.
5	So none of this is
6	MR. MANOFF: Fifteen seconds.
7	MR. JOHNSON: new testimony, but I hope this will
8	contribute to this evening's discussion. Again, thank
9	you so much for your continued work and for allowing us
10	to participate.
11	CHAIR YEE: Thank you, Mr. Johnson. Next call?
12	PUBLIC COMMENT MODERATOR: Yes, Chair. Next caller
13	is caller with the last four 5691. If you will, please
14	follow the prompts to unmute. Go ahead. The floor is
15	yours.
16	MS. BARREIRO: Good afternoon. Good afternoon.
17	This is Sandra Barreiro with the California School
18	Employees Association. That's S-A-N-D-R-A, and B as in
19	boy, A-R-R-E-I-R-O. You have a late start and a long
20	agenda. So rather than having ten people call in, I will
21	simply reiterate points made previously.
22	First, we encourage the Commission to move past the
23	all-or-nothing narrative. It is clear you can provide
24	some relief from the holidays while preserving the
25	traditional primary date, and you can preserve both

robust public input and on redistricting and robust
 public outreach for election.

3	Second, we believe you do not need to reinvent the
4	wheel. The path for compromise has already been laid
5	out. On June 29th, the San Diego Commission wrote a
6	January 15th deadline that worked for their county. On
7	July 1st, Michigan's Commission published a roadmap with
8	a December 31st deadline for their states. And on May
9	13, the Commission Government Affairs Committee described
10	a January 7th deadline titled Scenario Four.
11	Third, in seeking compromise, we strongly encourage
12	you to ensure solutions work for all counties, regardless
13	of size. As a reminder, in 2011, every county over half
14	a million people was split in at least two plans. While
15	it works for Los Angeles and San Diego with their large
16	GIS departments, may not work for San Joaquin and Sonoma
17	with their considerably smaller resources. Thank you for
18	your time and your ongoing, thoughtful deliberation.
19	CHAIR YEE: Thank you, Ms. Barreiro. Next caller,
20	please.
21	PUBLIC COMMENT MODERATOR: Yes, Chair. Next caller
22	is caller with the last four 2962. If you could please
23	follow the prompts to unmute. Caller 2962, the floor is
24	yours.
25	MR. MERCADO: Thank you. Efrain Mercado from the

15

e cribers

1	California Teachers Association. That's E-F-R-A-I-N,
2	Mercado, M-E-R-C-A-D-O. My colleague Tony Trigueiro
3	called in April and May with statistics from the last
4	gubernatorial primary. Respecting your time and the long
5	agenda for tonight, I will just quickly provide her
6	testimony. 3.7 million Latinos did not vote in the last
7	primary. 1.2 million Asians did not cast a ballot. 4.4
8	million registered voters under thirty-five did not show
9	up.
10	More voters skipped the last gubernatorial primary
11	than are registered in outreach zones A, B, C, D, E, F,
12	and G combined. We recognize that you face a significant
13	challenge engaging Californians in drawing the line, but
14	please do not underestimate the challenge that will
15	follow. Redistricting does matter, but it's not the only
16	thing that matters. Thank you for your ongoing service
17	to the people of California. Thank you.
18	CHAIR YEE: Thank you, Mr. Mercado.
19	PUBLIC COMMENT MODERATOR: Thank you.
20	CHAIR YEE: Next caller?
21	PUBLIC COMMENT MODERATOR: Next caller is caller
22	with the last four 7435. If you will please follow the
23	prompts to unmute. Go ahead. The floor is yours.
24	UNIDENTIFIED FEMALE SPEAKER: Hi. Thank you. My
25	name is Morgan and I am a resident of the Inland Empire,

and I was wondering whether I should be following the handout that is provided for today's meeting with the schedule, or if I should be following the website under the meeting timeline. There are discrepancies and I'm not sure which one is the accurate one. Can you please advise? Thank you.

7 CHAIR YEE: Let's see. The schedule that I showed at the beginning of the meeting today, that's our best 8 9 guess at the items we will actually get to today out of 10 the full agendized agenda that was published fourteen 11 days ago. So those are the two documents, I think. I'm not sure where the confusion is, though, is the one 12 13 person today that will guide you most accurately to what 14 we will actually discuss today.

15 Commissioner Sinay?

16 COMMISSIONER SINAY: I think she's referring to 17 the -- to the agenda for the COI -- for the COI input 18 meetings. We might want to clarify.

19CHAIR YEE: Okay. Those are for different dates20then, so there should not be others for today's date.

21 Commissioner Fernandez?

22 COMMISSIONER FERNANDEZ: Yes. I just wanted to 23 clarify that we will be presenting hopefully the final 24 schedule today, which is why there might be a discrepancy 25 between the schedule and what's posted. What's posted

	18
1	right now is what has been approved by the Commission,
2	and if we approve something differently tonight, that
3	will change. And so she's probably looking at the
4	handout for tonight.
5	CHAIR YEE: I see.
6	COMMISISONER FERNANDEZ: Okay.
7	CHAIR YEE: For the COI upcoming COI meetings.
8	COMMISSIONER FERNANDEZ: Yes, correct.
9	CHAIR YEE: Okay. Very good. So Ms. Morgan, if you
10	would simply hang on, we will get that schedule updated
11	and further finalized. Okay. Any other callers, Katy?
12	PUBLIC COMMENT MODERATOR: That was all of our
13	public comment at this time, Chair.
14	CHAIR YEE: Very good. Let's move on then to item
15	4-D, which is VRA training. And let's see I'm on the
16	VRA Subcommittee and I'm going to defer to my colleague
17	on the VRA Subcommittee, Commissioner Sadhwani, to
18	introduce that.
19	COMMISSIONER SADHWANI: Sure. Great. Thank you so
20	much. So as has been promised, we have some additional
21	training, or a VRA presentation, at minimum, today. We
22	have with us today our VRA and litigation counsel,
23	including, of course, Fred Woocher and David Becker. And
24	I see a couple of other members of the team, so I'll let
25	them all introduce themselves. Commissioners, we've had

1	several VRA trainings in the past, but it has been a
2	little while, so we wanted to make sure that we refresh
3	our memories about what's at stake for the VRA, what
4	compliance with the VRA entails, as well as charting out
5	sort of the next steps of thinking about the VRA when it
6	comes to redistricting for this cycle. So with that, I'm
7	going to hand it over to David and Fred to please
8	introduce the rest of the team and to take it over. Take
9	it away.
10	MR. BECKER: I am David Becker. I am a longtime
11	voting rights and election attorney. I'm based in the
12	Washington, D.C. area now, but I'm a Californian. I've
13	introduced myself before, so I won't go too far. Fred,
14	do you want to introduce the rest of the team members
15	that are here?
16	MR. WOOCHER: Sure. I think the only other team
17	member right now that's here is Salvador Perez. I think
18	you may have met him at the last meeting, but he's been
19	working closely with us in actually all aspects of both
20	the VRA work and the deadline issues that we've been
21	we'll address later today. So Sal, if you just want to
22	say hi, that'd be great. And otherwise, we're going to
23	turn it back to David.
24	MR. PEREZ: Good afternoon, Commissioners. Happy to
25	be here.

	20
1	MR. BECKER: Great. Thanks. Commissioner Sadhwani,
2	should I go and proceed and share my screen?
3	COMMISSIONER SADHWANI: Yes, please do.
4	MR. BECKER: All right. Excellent.
5	COMMISSIONER SADHWANI: I think that'll be great.
6	Thanks so much.
7	MR. BECKER: Let's hope this works. It's always a
8	little bit of a risk. Okay. Is everyone seeing that
9	screen?
10	CHAIR YEE: Excellent.
11	MR. BECKER: Excellent. Okay. So I know you've had
12	some previous trainings. This is going to be a pretty
13	quick overview with kind of a practical overview,
14	particularly with what might be what you might be
15	thinking of doing in the next several months in
16	particular, and how the Voting Rights Act impacts that.
17	And obviously, I'll have I'll have this presentation
18	to give, but I'm happy to answer any questions as well
19	after I'm done. Let me see if I can get this. There we
20	go.
21	So first, there's obviously a lot of considerations
22	in drawing the lines. These are some of them. These are
23	consistent with federal and state law, obviously, things
24	you're going to be balancing out. We're going to be
25	focusing on that second bullet point today, race and

<pre>1 ethnicity, which is what Voting Rights Act covers 2 primarily. 3 But it's going to be very important that while 4 you're considering compliance with the Voting Rights Act, 5 what districts may be required to be drawn, you're also 6 balancing them out and at the same time, simultaneously 7 considering all of these other very, very important 8 considerations, so that race doesn't predominate over 9 traditional redistricting principles. 10 So I don't expect you all to read this or memorize 11 that. There will be no quiz. But this is what Section 2 12 of the Voting Rights Act actually says, this is 52 USC 13 10301. The important part here for you all is Section 14 (b), which says that "a violation of Section (a) is 15 established if, based on the totality of the 16 circumstances, it's shown that the political processes 17 leading to the nomination or election" of the I'm just 18 moving it so I can read it "leading to the nomination 19 or election in the State or political subdivision are not 20 equally open to participation by members of a class of 21 citizens protected by subsection (a)" in other words, 22 a group defined by race or color "in that its members 23 have less opportunity than other members of the 24 electorate to participate in the political process and to 25 elect representatives" of their "of their choice."</pre>

24 electorate to participate in the political process and to	22	a group defined by race or color "in that its members
	23	have less opportunity than other members of the
25 elect representatives" of their "of their choice."	24	electorate to participate in the political process and to
	25	elect representatives" of their "of their choice."

1 So that's the key element here. I'm going to try 2 to -- all right. So what Section 2 is talking about with regard to totality of circumstance has been defined 3 4 pretty well in the law, and it includes a whole bunch of 5 things. One, the history of official voting related discrimination in the state or political subdivision. 6 7 Two, the extent to which voting in the elections or of the State or political subdivision is racially polarized. 8 9 Three, the extent to which the state of political --10 state or political subdivision has used voting practices 11 or procedures that tend to enhance the opportunity for 12 discrimination against the minority group such as 13 unusually large election districts; majority vote 14 requirements and prohibitions against what was called 15 bullet voting; the exclusion of members of the minority 16 group from candidates slating processes; the extent to 17 which minority group members bear the effects of 18 discrimination in areas such as education, employment, 19 and health, which hinder their ability to participate 20 effectively in the political process; the use of overt or 21 subtle racial appeals in political campaigns; and 22 finally, extent to which members of the minority group 2.3 have been elected to public office in the jurisdiction. 24 Now, don't spend too much time worrying about all of 25 these right now. They're going to come into play and

1 there's going to be ample time to consider them. But I'm 2 actually going to simplify this a great deal for you. 3 And that's because we have a case called Thornburg v. 4 Gingles, which you'll probably remember from previous 5 trainings. And what Thornburg v. Gingles says is it lays out 6 7 three pre-conditions for the requirement that a district might need to be drawn. The first is that the racial or 8 9 language minority group is "sufficiently large and 10 geographically compact to constitute a majority in a 11 single-member district." Two, that the minority group is 12 politically cohesive, meaning its members tend to vote 13 similarly. And three, that the "majority vote 14 sufficiently as a block to enable it usually to defeat 15 the minority's preferred candidate." 16 So this is really -- this is -- this is a little 17 more simple and it's a little more easy to understand. 18 And I'm -- we're going to -- we're going to talk about a 19 plan for looking at these things in the first place. But 20 this will tell you whether or not districts need to be 21 drawn, that you have a large minority group and it's 22 politically cohesive, and that the white community tends 2.3 to vote in a way that differs from it. So the first pre-condition here is really, is there 24 25 enough of a minority population to form fifty percent of

the electorate in a district-size population? And then the second and third pre-conditions are going to look at this, our minority communities have distinct electoral preferences. And then we'll look at a similar plotting with elections for the majority community, the white community, to see if those preferences differ.

7 And you might see, for instance, in this map, there is a strong correlation between the -- this is just an 8 9 example map, by the way, or example plot -- there's a 10 strong correlation between as the Latino percentage grows 11 in a district that the percentage of particular 12 candidate's vote also grows, which means there's a strong 13 correlation, a strong cohesion in the minority community. 14 Now, I want to make a key point here, is that you'll 15 have to make determinations about whether to draw a 16 district and then how to draw a district. And those are 17 two different considerations. Whether it comes first, 18 how comes second. If you don't have to draw districts, 19 then you probably don't have to consider about how to 20 draw it. 21 So the "whether" is assessing the Gingles pre-22 conditions, and the -- and the totality will tell you 23 whether Section 2 requires districts to be drawn. And

- 24 then once you've determined the districts need to be
- 25 drawn, drawing those districts, the "how", will require

escribers

more analysis and really an iterative process to make
sure you're balancing out not just the requirements under
Section 2 that it should be drawn, but all of the other
districting principles that we -- that we mentioned in
that first slide.

So really what it comes down to, this how we draw 6 7 districts, is can we design districts to give minorities a fair shot? And this, again, is an iterative process. 8 9 This is going to be moving census blocks around, trying 10 to see what you can get to and balancing out all of the 11 traditional redistricting principles with the need to 12 develop, to draw districts in which minority voters have 13 an opportunity to elect their candidates of choice. 14 So you'll term -- you'll determine the localized threshold for electoral effectiveness. This is really 15 16 important because while the Gingles pre-conditions, the 17 whether to draw district, requires that there be a

18 majority that could make up a district, it does not 19 require that that's the district that is drawn.

The district might have less than majority, depending upon what the voting patterns are, and particularly depending upon how the white community votes and whether there's crossover voting or some kind of coalitional voting between minority groups that could result in the election of candidates of choice.

www.escribers.net | 800-257-0885

cribers

1	So you're going to see pockets of population
2	containing communities with effective electoral strength.
3	And then really important, all of the other criteria are
4	going to be considered at the same time. You're going to
5	be balancing these all out at the same time, and you'll
6	repeat this as you need to. You're going to it's
7	iterative. There's going to be a lot of process.
8	There's not some magic path where the first time
9	through you're going to get this exactly right. No one
10	can do that. It's impossible. There's going to be time
11	where you work through balancing out all of these
12	different considerations to get this to get as strong
13	a set of maps as you possibly can.
14	And then it's also important because of a case a
15	line of cases that started with the case called Shaw v.
16	Reno in the early '90s. That race, although it has to be
17	considered under the 14th and 15th Amendment and Section
18	2 of the Voting Rights Act, it cannot predominate over
19	all other redistricting principles. You can't throw all
20	of the redistricting principles out the window.
21	So it's fine to consider race and ethnicity. In
22	fact, it's required. But you want to set out not to
23	overpack, you want to set out not to divide and
24	splinter I'm going to talk about that in a second.
25	And then you want to make sure that you're always

1 balancing out these other considerations: communities of 2 interest, geographical and political boundaries, and 3 compactness at the same time.

So we were talking about concentrating too much of 4 5 the minority population in a district or dividing it up too much. And those, you probably heard these terms, are 6 7 called cracking and packing. And these are both things you want to avoid. Cracking is the practice by which you 8 9 take a community that might otherwise form a majority in 10 a district and you divide it up so it's a minority in 11 every single district, essentially.

And that's the left illustration, where you've 12 13 got -- I should have counted these up before -- seven, 14 twelve -- sixteen of these thirty-six, which I think is, 15 like, forty-four percent; does that sound right? Forty-16 four percent of the population is a minority, but they've 17 been divided up so that they don't form majority in any 18 of the districts, and that's definitely a violation of 19 Section 2, assuming that they're voting cohesively. 20 But on the other hand, another way to minimize, 21 dilute minority voting power would be to pack them. In 22 other words, create a district in which 100 percent of 23 the district is essentially minority. And that's the 24 packing illustration on the right, where they have one 25 district and one district only, when you could probably

1 draw at least two there.

2	So these are things you're going to want to avoid as
3	you're looking at the maps. It's never going to be this
4	straightforward. It's always going to be a little a
5	little less clear. But you know, for instance, if there
6	is a district in which forty-five or fifty percent
7	minority population is all that's necessary for the
8	minority voters to be able to elect candidates of choice,
9	if you were to draw a district that was perhaps seventy
10	percent, you might severely minimize the the ability
11	of minority voters in a neighboring district to elect
12	candidates of their choice.
13	And that's something that that would be a
14	consideration under Section 2, something to be very much
15	aware of. So this kind of gives you a roadmap for the
16	right approach. You've probably seen these slides
17	before. Is there a history of discrimination? Do they
18	already have a proportional opportunity? And very
19	importantly, the proportionality is not a requirement.
20	You do not need to create an exact number of districts
21	that represent proportionality for minorities. We're
22	really looking primarily at those three Gingles pre-
23	conditions that are going to govern this process.
24	What's the appropriate local minority concentration
25	that gives a reliable and practical opportunity to elect?

www.escribers.net | 800-257-0885

1	And again, this might be below fifty percent. It might
2	be a little bit above fifty percent. It might be
3	significantly above fifty percent. It depends really on
4	what the what the racially polarized voting patterns
5	look like.
6	And then as I've really stressed before, looking at
7	the other factors as well, communities of interest,
8	boundaries, and compactness while this is going on so
9	that race doesn't predominate over all of them to the
10	exclusion of all else.
11	So really important in this, we're getting to the
12	stage now, start early with the data. We don't have the
13	census data, but I'm going to talk a little bit about a
14	plan going forward that I think can get us a pretty good
15	head start to be ready to go when the census data
16	actually arrives. Make sure we have time to consider
17	blocks of multiple minority groups. And while we're
18	actually drawing the lines, while you're actually drawing
19	the lines, take time to try different combinations and
20	see what might work best.
21	So I think this is my last slide, and this is
22	kind this is a plan that we've discussed and we'd
23	suggest to go forward up until the time when a Statewide
24	Database is ready to use with the census data, and we've
25	probably got a couple of months of time for with

escribers

1	regard to that. I know the timeline is going to be
2	discussed today.
3	First, begin assessing that first Gingles pre-
4	condition, looking at concentrations of minority
5	population using census estimates that we have. The
6	census estimates aren't going to govern redistricting,
7	but they're going to be very instructive to kind of paint
8	a picture or plant a flag as to areas we might want to
9	look at more closely, areas where it's very likely
10	there's going to be a concentration of minority voters
11	sufficient to form a majority in a district consistent
12	with Section 2.
13	Then we can create visualizations of those
14	concentrated minority population areas and identify
15	elections that we might want to look at in those areas.
16	Then working with a racially polarized voting
17	consultant and we're in the process right now of
18	seeking racially polarized voting consultant, we hope to
19	have one on board perhaps as soon as in a month within
20	a month, with the Commission's approval and
21	authorization.
22	Beginning assess begin assessing those second and
23	third Gingles pre-conditions. We're going to identify
24	the areas in which minority concentrations appear high.
25	And then we're going to identify, based on that,

1	elections that we can look at over the course of some
2	period of time, probably going back around a decade, and
3	start looking at the precincts in those areas to see
4	whether we can determine that the minority population is
5	voting cohesively for candidates of their choice and that
6	other voters are voting in a way that would defeat, them
7	in an opposite way to defeat those candidates of choice.
8	And those are those two, the second and third Gingles
9	pre-conditions.
10	Whoops. And we expect to have examples of these
11	analyses to present probably at the August 10th meeting.
12	So we're hopeful that's what we're shooting for. It
13	will not be the full state. We won't have all of the
14	analysis done, but we'll have we'll have some examples
15	to show you to get feedback on.
16	It's really important that from the perspective of
17	the line drawers, from the perspective of the lawyers,
18	that that we provide you tools that are useful to you,
19	that help you visualize what you need to do to comply
20	with the law. And so we expect to have some of that
21	done.
22	That will put us in pretty good stead in advance of
23	when the census data is expected, so that once the census
24	data comes through which is going to govern that first
25	criteria, which is equal population that we'll have

1	already identified areas that we want to start looking at
2	as potential Section 2 districts. So with that I will
3	stop sharing, and I'd be happy to answer any questions
4	you all might have.
5	COMMISSIONER SADHAWANI: Great. Thank you so much,
6	David. And I will just share, you know, behind the
7	scenes, the VRA Subcommittee and the Line Drawing
8	Subcommittee, we have been working both with our legal
9	team and with the line drawers to try and really sketch
10	out what some of the additional work will look like and
11	what some of this plan that David has laid out here, how
12	it's going to be worked on, at what points in time it's
13	going to be you know, there will be some work product
14	to share with the Commission.
15	And so as David mentioned, August 10th is really our
16	target date at this point in time. It puts us about a
17	month from now to at least have an initial analysis of
18	broad strokes of what our VRA work is going to be looking
19	like and hopefully some of that initial RPV analysis as
20	well completed. But with that, I'll open it up for
21	questions. Chair, do you want to moderate to the
22	question, the Q&A, or do you want me to do that?
23	CHAIR YEE: You can do that.
24	COMMISSIONER SADHWANI: I think I thought
25	Commissioner Fernandez, did you have a hand up

1 immediately? Yeah, go ahead.

for that presentation. It's a great reminder. And so lots of big, complicated words and terminology. I mean, fortunately, the fourteen of us have been on this journey, so we understand. But let's say I wanted to explain what racially polarized voting was to my uncle, so what would be who is an immigrant. So how would be the best way to explain it? I'm just trying to get trying to get these terms to MR. BECKER: Yeah. COMMISSIONER FERNANDEZ: the majority of the Californians. MR. BECKER: Yeah, that's great. So there are a lot of places in the country where minorities tend to vote for particular candidates. Often, but not always, those candidates are from the same minority group there are occasions where that's not true. And where white voters have traditionally voted in exactly the opposite way to

<pre>17 candidates are from the same minority group there are 18 occasions where that's not true. And where white voters</pre>
18 occasions where that's not true. And where white voters
19 have traditionally voted in exactly the opposite way to
20 defeat those candidates.
21 And you know, we can visualize I mean, honestly,
22 probably the easiest way to visualize this is is, you
23 know, thinking about the Deep South in the Jim Crow
24 period of time where African Americans in particular
25 would have to completely overwhelm the process in terms

1	of numbers and participation in order to defeat the white
2	voters' candidates of choice, who are almost always
3	white.
4	Now, it's not that cut and dried anymore in many
5	places. And in California, there are actually places, as

6 you all well know, there are places where racial groups 7 do tend to vote very cohesively and whites tend to vote 8 in an opposite way. And there are other places where 9 that's not true at all. It's -- California is an 10 incredibly complex and diverse state. And so that's why 11 it's going to be important to look at the election 12 results.

Now, one thing -- and I don't know if this is what you're getting at, I'm going to get a little bit into the weeds here. One of the questions I have gotten in the past is, how can you tell? Because the ballot is secret. How do you know whether people are voting in a racially cohesive way or not?

And the way it's done, and the racially polarized voting consultant will do this -- I'm fortunate to be a lawyer, so I don't actually have to run these kinds of analyses, but social scientists do this. But we look at the precinct level results, and we know what the racial composition of certain precincts is.

25

And there are a lot of precincts that we might call

1 extreme precincts that might have ninety percent of a 2 minority population in them, or other precincts that 3 might be ninety percent white. And those are very, very 4 instructive because we can look at those precincts and 5 say, wow, the voting patterns in this ninety percent minority precinct are very, very different than the 6 7 voting patterns of this ninety percent white precinct in these different elections. 8

9 And by the way, there might be differences in 10 elections, too. For instance, the higher up you go on 11 the ballot up to congressional, statewide, federal 12 elections, party preference tends to hold sway a little 13 more. And by the way, this is not always the case, but 14 it can hold sway a little more than racial identity, if 15 that makes sense.

But a lot of times in local elections, racial identity is incredibly important. And so we'll look at all of these things. And our job, with the racially polarized voting consultant, is to is to tell you what we found so that you can then apply that as you're drawing the lines. Does that help you, Commissioner Fernandez?

COMMISSIONER FERNANDEZ: Yes. I'm going to take a shot at it with my uncle, and I'll let you know. How's that?

cribers

2COMMISSIONER TOLEDO: So just a quick question about3the line drawing criteria, you had a balancing of one4of the slides mentioned the balancing of communities of5interest and also the compactness requirements. And6those are, I believe, I don't think contiguity was7mentioned, but those are criteria under and after the8Voting Rights Act. And I'm just curious, you know,9because the Voting Rights Act comes before the these10other three, so how one weighs how one weighs that and11how it balances of these issues.12MR. BECKER: This is going to be a very fact-13intensive inquiry, which is not a very satisfying answer14for you, Commissioner Toledo. I'm sorry about that, but.15But what's going to end up happening is there are16priority considerations. Equal population is going to be17a very high priority, you know, particularly when you're18talking about Congressional districts.19Congressional districts don't allow for much20deviation at all beyond zero. So you've got to do the21best you can with that. And then look at the voting22Rights Act considerations, and then look at the other	1	COMMISSIONER SADHWANI: Commissioner Toledo?

escribers

www.escribers.net | 800-257-0885

1 There's going to be some wiggle room with all of 2 these things. That's why it's such an iterative process. 3 There are going to be places where, you know, if -- you 4 know, they're going to be places where counties and 5 cities probably will have to be split to some degree because there's no other way to do it. There's no other 6 7 way to maintain equal population, comply with the Voting 8 Rights Act.

9 But I think the goal that we have as we advise you 10 in this process is to try to minimize those hard 11 decisions as much as possible, try to figure out how, 12 where possible, you can comply with all of the 13 traditional districting principles, including Voting 14 Rights Act compliance, while to the degree possible, 15 maintaining compact districts, contiguous districts, 16 political boundaries, and of course, equal population 17 being above all.

18 Although with -- as we've mentioned, I think you've 19 heard before, the legislative districts, you do have a 20 lot more play in the -- in the equal population. You 21 could go up to plus or minus five percent deviation, 22 that's traditionally been determined to be a safe harbor. 23 But it might also be a good idea to try -- not shoot for 24 that. You might want to have a much more close to equal 25 population and it might be possible to do that.

cribers

1	It's really hard for me to give you know, one of
2	the things I very much empathize with you about is it
3	would be really nice to be able to give you a step-by-
4	step plan that if you do A, then B, then C, then D, then
5	E, then F, you will be fine and you will come out and you
6	will get the big prize at the end. But redistricting
7	doesn't work that way unfortunately. It's a it's a
8	really difficult process. It's why you all have really
9	taken on such an important role for the people of
10	California.
11	And balancing out all these considerations is not
12	easy. But I do think it's possible, and it's just going
13	to take really good data, a lot of time and iterative
14	process. And what I expect is we'll be having a lot of
15	conversations with you to help you all balance all of
16	these considerations where there's a requirement of
17	tradeoffs.
18	COMMISSIONER SADHWANI: I think I saw
19	Commissioner Kennedy, did you have your hand raised
20	previously?
21	COMMISSIONER KENNEDY: I did. And this may be more
22	for others, because I think I've I've made my way
23	through it. But I just wanted to ask David, you
24	mentioned precinct voting history, and now we're in an
25	era where more and more counties in California are opting

1	for voting centers. And I just want to make sure that we
2	all understand how that interacts with this. Thank you.
3	MR. BECKER: Yeah. That's a really good point,
4	Commissioner Kennedy. The we're going to do the best
5	we can with the data that we have available. That's
6	basically the short answer, which is that to the degree
7	that that political geography is maintained, it may be
8	that larger political geography creates a creates a
9	challenge because it's less likely to have extreme
10	precincts.
11	I know and I have to admit, I have to reeducate
12	myself on this. I know there was a time when all of
13	the all or most of the ballots were assigned at the
14	precinct level. And I think we can and I hope, is
15	that still the case? I'm seeing people nodding. I
16	we'll
17	COMMISSIONER SADHWANI: I think so.
18	MR. BECKER: I think so too. So I think we should
19	be able to identify that. But I but we'll, you know,
20	get into that data in this in this next month. And I
21	think by the August 10th meeting, we'll have a definitive
22	answer for you.
23	MR. WOOCHER: Yeah, I think (indiscernible)
24	MR. BECKER: But let me go ahead. I'm sorry,
25	Fred.

39

1 MR. WOOCHER: Though we now vote in a different 2 physical location through these centers, votes are still 3 tracked by precinct, that everybody is still assigned a 4 given precinct by their residence address. And that is 5 still the unit that the registrars use at the county level to keep track and report their statement of votes. 6 7 So we will still have the same data that we would have had in the past, even though people may physically vote 8 9 at a different location than in their local precinct. 10 MR. BECKER: That was my understanding. So I'm glad 11 you confirmed that. I was -- I was hopeful that was the 12 case. The smaller the political geography, the more 13 robust the data is on these -- on these kinds of issues. 14 So if we can get precinct-level data and we can identify 15 the racial composition of the precinct, which we can do 16 based on the data in the Statewide Database, we can -- we 17 should be able to determine -- we should be able to 18 compare the voting patterns with racial identity. 19 COMMISSIONER SADHWANI: I saw that Commissioner 20 Sinay, Andersen, Yee, and then Toledo -- oh, and 21 Akutagawa. Okay. We've got a lot of questions. So 22 first, Commissioner Sinay. 2.3 COMMISSIONER SINAY: I have two questions, and they 24 might not be answerable. The first one is, do we know 25 what percentage of the districts last -- in 2010 the VRA

www.escribers.net | 800-257-0885

cribers

1	was applied to? And the second question is, nationally,
2	the VRA is being gutted and it continues to be. Is that
3	going to increase our risk of being sued our maps
4	being
5	MR. BECKER: So I'll the first question I don't
6	really have an answer to, but Karin Mac Donald might and
7	other Commissioners might as well. I'll say as to the
8	second, Section the Section 5 no longer applies to the
9	four counties in California that were covered under
10	Section 5 because the targeting formula was ruled on
11	unconstitutional in the Shelby County case in 2013.
12	I have my own opinions about the nature of that
13	decision that I will keep to myself for at least this
14	the purposes of this call. But it makes it actually
15	makes your job easier in that regard because you don't
16	have to worry about Section 5. Section 2, I think most
17	of you are familiar with the case that just came down on
18	July 1st. Most of us call it the Brnovich case. I think
19	the official title was Arizona Republican Party v. DNC.
20	That case is not going to be applicable to your
21	work. It was a vote denial case, not a vote dilution
22	case. The vote dilution law is fairly well set and
23	there and it's it goes right straight back to
24	Thornburg v. Gingles in 1986 and the 1982 Voting Rights
25	Act amendments which still apply. So I don't think that

changes either increasing or decreasing the chance you'll
 get sued.

3	But I think we all I think you all probably know
4	this. I mean, the likelihood you get sued is pretty
5	high. That doesn't mean you have done a bad job. It
6	just means someone's unhappy with the plans, right? I
7	mean, this is this is there's a lot at stake here
8	for people in the political sphere. And so it's very
9	likely that there will be a lawsuit. And we're going to
10	do the best job we can, collectively, to advise you to
11	make sure that the plans are as defensible and comply
12	with the law as much as possible.
13	MR. WOOCHER: Just following up on the first part of
14	Commissioner Sinay's question, I do believe there in
15	the report that accompanied the last redistricting
16	effort, they had identified the specific districts that
17	they had selected as the VRA-compelled districts. There
18	were actually surprisingly few.
19	I don't have the number in hand, and I'm sure we
20	could check that for you before the day is over. But
21	there were they were identified, you know, as to which
22	of those districts were that they felt were compelled by
23	the Voting Rights Act and were treated as such.
24	COMMISSIONER SADHWANI: Commissioner Andersen?
25	COMMISSIONER ANDERSEN: Thank you. I also have two

1	questions. One's a question, one's kind of a
2	clarification. I'll do the clarification first. As I
3	sort of see to answer it's more like what
4	Commissioner Toledo was talking about, the way you sort
5	of presented the looking at the VRA and then you kind
6	of walked through all the steps of redistricting. I
7	as I sort of see it, is the VRA portion you know,
8	population for all the districts.
9	And then the VRA portion sort of gives us an idea
10	of we can't just draw our districts wherever; there's
11	a few of them that are kind of locked into an area. And
12	then as we look at that and then consider the next
13	criteria, the next criteria, and next criteria, we go
14	back in adjust, you know, with those certain areas we
15	really have to consider VRA portion. So it isn't like
16	you do one VRA district and you go through all the
17	criteria. You know, is it compacted
18	MR. BECKER: No, yeah.
19	COMMISSIONER ANDERSEN: Yeah. It's
20	MR. BECKER: The VRA applies to the plan and
21	districts within the plan as well, so. So it's again,
22	it's a challenge. What we one of the reasons we want
23	to start by looking at the census estimates and
24	identifying areas that might have a large enough
25	population is to kind of identify potential starting

43

1 points. And there's going to be more than one, where 2 there are concentrations of minority voters sufficient 3 that we're going to want to pay close attention to them. 4 And then likely when you're -- when you actually get 5 to the point where the census data is in and you're drawing lines, we'll have already had the racially 6 7 polarized voting analysis to say, oh, yeah, here is an 8 area where the three Gingles pre-conditions apply. We 9 will be able to tell you that, I hope, by the time that 10 you're actually starting to draw the lines. And then 11 you're going to draw the lines in a variety of ways. 12 But you know, there are going to be --13 COMMISSIONER ANDERSEN: (Indiscernible). 14 MR. BECKER: -- many places where you don't just 15 draw one district and say you're done. There are going 16 to be whole areas where it might be multiple districts 17 that you need to kind of iteratively --18 COMMISSIONER ANDERSEN: Um-hum. 19 MR. BECKER: -- draw in different ways to see if 20 you're accommodating all of the Voting Rights Act 21 considerations --22 COMMISSIONER ANDERSEN: Right. 23 MR. BECKER: -- that might be there. And we haven't 24 really even gotten to the areas where you're going to 25 have multiple minority populations, some of which might

www.escribers.net | 800-257-0885

44

1	be cohesive with each other and some of which might not.
2	And so we're going to but the goal is, by the
3	time you start drawing lines, we'll have a really good
4	sense of that so that you'll be able to have take
5	those considerations into account.
6	COMMISSIONER ANDERSEN: Yeah. And then that brings
7	up my second question is, could you go through what
8	criteria we're looking at for what are our areas? Is
9	that the ACS data?
10	MR. BECKER: Yeah. So right now what we'll have is
11	the ACS. That's what we'll have until the census data,
12	the new PL data comes out, which we'll get in in a
13	legacy format I think, in August. And I'm going I'm
14	going to set aside the issue of the timeline right now.
15	But when we get it, regardless of what that date is, that
16	will that will be more accurate and up to date, and it
17	will dictate the equal population criteria.
18	We will upload that and use that, but it's very
19	likely the areas that the ACS census estimates show us
20	the minority population is large enough, that first
21	Gingles pre-condition, it's very likely that there won't
22	have been so much change since the estimate was made that
23	we're going to have to, you know, deviate from that
24	substantially.
25	It's really a place to tell us, this is where we

1	should be prepared to start looking when the data comes
2	in. And we've already got the racially polarized voting
3	analysis because we used that first Gingles pre-condition
4	data to identify the places that we can start looking at
5	whether there's racially polarized voting or not.
6	COMMISSIONER ANDERSEN: Perfect. Thank you.
7	MR. BECKER: Sure.
8	COMMISSIONER SADHWANI: Perfect. And I'll just add
9	on to that. So that first analysis of ACS data we're
10	targeting for August 10th. Fingers crossed.
11	I believe Commissioner Yee was next. And then
12	Toledo and Akutagawa I had next.
13	CHAIR YEE: Yes. Wondering if there would ever be a
14	situation in which white voters were the minority in a
15	district and therefore covered by VRA considerations.
16	Also whether two minority groups together would count as
17	a minority group for VRA considerations.
18	MR. BECKER: The answer to your first question is
19	there is no case where vote dilution was used to benefit
20	white voters. And if you look at the history of the 14th
21	and 15th Amendment, as well as the Voting Rights Act, it
22	would probably fly directly in the face of those of
23	those statutes and Constitution. With regard to multiple
24	minority groups, if I have your question right,
25	Commissioner Yee, there are absolutely areas where there

46

1 might be multiple minority groups that either
2 individually can each comprise a majority in a district
3 and satisfy all three *Gingles* pre-conditions, or maybe
4 don't individually, but collectively as a coalition, vote
5 cohesively together and could require a minority district
6 to be drawn.

7 That would be what some call a coalition district, 8 which is really just a minority opportunity district, 9 where the two minorities are voting in lockstep with each 10 other. And if -- those things have been rare in many 11 places in the past, past, but if there was anywhere where 12 that was going to happen, it would probably be 13 California.

14 And you know, I think -- I think I said this in a --15 in a call with maybe a committee. I mean, many of the 16 things you're going to see during this redistricting 17 cycle are things that many states are going to see in the 18 redistricting cycle after this or the one after that. 19 California is really going to set the stage for the rest 20 of the country in many ways because of its diversity and 21 complexity.

And that -- that doesn't mean it's going to always be easy for you, because there are going to be some hard calls, potentially, at some point, depending upon what we're finding in terms of the size and cohesiveness of

1	minority populations. But we know for a fact that there
2	are many areas in California where there are sizable
3	minority communities that are different but live in
4	proximity to each other.
5	COMMISSIONER SADHWANI: Commissioner Toledo?
6	COMMISSIONER TOLEDO: Thank you. So my question is
7	a little bit more policy than it is legal in nature. But
8	just there was recently, there has been op eds around
9	committees of interest and how they might or may
10	contribute to segregation across communities. Sorry, are
11	you able to hear me?
12	MR. BECKER: Yeah, now we are.
13	COMMISSIONER TOLEDO: Oh, sorry. Did you get my
14	question or should I start over?
15	MR. BECKER: I heard that there were op-eds about
16	communities of interest and how they might end up
17	segregating communities. And what I didn't hear the
18	next part.
19	COMMISSIONER TOLEDO: So just and I'm curious from a
20	policy perspective, how might how might the Commission
21	be able to take that into consideration from a policy
22	perspective, if and I'm not certain if communities of
23	interest do promote segregation or not, but how might the
24	Commission weigh that in our deliberations as we look
25	through these communities of interest and evaluate them

48

1	and make decisions around maps that have real impact on
2	
	communities of communities across the state.
3	MR. BECKER: Yeah. So I think first I'd say is the
4	law the law requires what the law requires. The
5	Voting Rights Act requires that districts be drawn that
6	give minority voters the opportunity to elect their
7	candidates of choice when they're large enough, cohesive
8	enough to do that.
9	If there was a disagreement about the policy behind
10	that, proper place for that is probably Congress, which
11	has the ability to to amend Section 2. And in fact,
12	they have amended Section 2 multiple times, and the
13	Voting Rights Act overall. So I think I think
14	that's that's the first part of that answer.
15	The second part, though, is I think this really
16	relates to the cracking and packing aspect. I think this
17	is why packing it's really important to avoid packing
18	and cracking at the same time. You could conceivably and
19	effectively segregate minority voters into a district
20	where they are a supermajority, unnecessary
21	unnecessarily large enough majority to elect candidates
22	of their choice, and in so doing, really minimize
23	minority voters' political power, because you minimize
24	minority districts where minority voters could elect
25	candidates of choice.

1	And so I think that's one aspect of that, that I
2	just I don't know if that completely answers your
3	question. But you know, with regard to the policy, there
4	are a lot of strong feelings about the Voting Rights Act.
5	I know that. But there's the proper place for that is
6	in the halls of Congress.
7	COMMISSIONER SADHWANI: And Commissioner Akutagawa?
8	I know I saw your hand up earlier.
9	VICE CHAIR AKUTAGAWA: Yeah. Thank you. I guess
10	I'm going to say that I am probably Alicia or
11	Commissioner Fernandez's instead of uncle, aunt. And so
12	I think I'm going to be asking you those kind of
13	questions that perhaps, you know, she can use to take to
14	also share with her aunt as well too, or her tia. In my
15	case, I would say my tita. So let's see. I have, I
16	guess, maybe two questions. One, the second one that
17	came up as a result of what Commissioner Toledo was just
18	asking you. And perhaps I could just start from there,
19	since you just finished that question.
20	I guess, I'm trying to understand some of the
21	communities of interest inputs that we received. Callers
22	had referred to wanting to have certain kinds of
23	districts that, you know, for example, we've heard from
24	some callers in the Sunnyvale area who spoke about an
25	Asian majority district. We've also heard from other

1	callers who have talked about having a more Latino
2	majority district or at least having the ability to elect
3	a Latino candidate. I think which, you know, makes
4	sense. But at the same time, I think in my mind, I'm
5	just trying to reconcile what you're saying about in this
6	case, I guess I'll say packing. How does that also then
7	relate to this op-ed around communities of interest
8	leading to segregation when we're hearing from
9	communities also saying that this is what they want so
10	that they have the better opportunity to elect a
11	candidate of their choice. And so I guess I thought I'd
12	just start there in terms of
13	MR. BECKER: Yeah. I mean, this is this is a
14	these are really good questions. And I guess I think
15	what I'd say first is community input is so important,
16	but the data is going to be the place where we start with
17	most of these things. I mean, a lot of people I've
18	done this for a long time. I mean, a lot of people don't
19	have a great sense of the size of the community and what
20	the cohesiveness might be.
21	And the data is going to dictate that, and we're
22	and by the way, the data might not always be conclusive,
23	especially when we're looking at racially polarized
24	voting. I mean, it's nice when you look at when you
25	get can get districts that are ninety percent Latino or
	,

ninety percent African American or ninety percent Asian,
 and perhaps even within that, very heavily of the same
 ethnic subgroup of Asians.

And they truly are voting, like just across the 4 5 line, almost 100 percent you can see -- that's really nice to have in the sense that it paints a really clear 6 7 picture. But they're going to be places where it's a little more complex than that, where we might see --8 9 might have a district with maybe seventy percent minority 10 and it's voting sixty-five percent for candidates that --11 consistently.

And the white community might have a thirty-five percent crossover, and we're not quite sure. We'll start with the data and then really importantly, we're not going to end there. The community input is going to be important and we're going to take that into account. But you have a better sense of this than anybody already, I know.

There's no way to draw a map that every single person is happy and is going to love it and is going to pat you on the back at the end. There are going to be people who are unhappy. You're going to do the best you can, given the data and facts and laws that you need to consider. And our goal is to help guide you through that process. But the community input's absolutely essential.

ecribers

1	If, again, I'll set aside the policy issues, I can
2	only tell you what the law is right now. And the
3	fortunately, the law in with regard to Section 2 in
4	redistricting is still pretty darn clear. And the facts
5	are going to be sometimes really clear and sometimes less
6	so. And we'll do our best to try to advise you on that.
7	And then when there is less clarity, I think we I
8	think going to the community input is going to be
9	absolutely essential.
10	VICE CHAIR AKUTAGAWA: Thank you. And actually, I
11	have a second question, and I will also say clear is
12	good, too. So I think actually what you just talked
13	about in about the data actually is a good segue into my
14	second question. And I think there's been questions that
15	I've heard raised about the quality of the data that
16	we're going to get because the census was delayed.
17	There there are there are questions about
18	undercounts, especially in minority communities. People
19	have referenced that when the census was done, it was
20	very different. It was early in the pandemic and their
21	communities have changed significantly. I think these
22	are all the kind of things that we're going to be hearing
23	as we go forward in as much as I know, I personally, I
24	mean, in my very idealistic way, I would love to have the
25	perfect maps that everybody will be happy with.

1	But I do realize that that's not going to happen
2	most likely. But hey, we can try. That's why we keep
3	saying we want to hear from people about their
4	communities of interest. But can you help me
5	understand and I think maybe for others, either on the
6	Commission or who are also listening, around these data
7	quality questions, is there is it a real issue, or is
8	this just, you know, the data is what it is and we just
9	have to work with what we get?
10	MR. BECKER: So I think these are great
11	questions. Again, I can't say definitively until the
12	data comes out. I think we'll take a close look at it.
13	I think community input is, again, going to be absolutely
14	essential here if we if we see if we see census
15	data that would seem to deviate substantially,
16	particularly with regard to undercounts in areas where we
17	would expect higher numbers, we should take a close look
18	at that and see other data.
19	But on the equal population criteria, in particular,
20	the census data is going to be extremely dispositive.
21	This is not to say this is not to say that there's no
22	way to get around that if there's a major, major problem,
23	and there's really good evidence of that. But it's going
24	to be really, really hard. And we don't have a lot of
25	jurisprudence to fall back on with regard to that.

1	
1	Now, when we're trying to figure out, you know,
2	we're sticking with equal population, we're trying to
3	figure out what a minority opportunity district might
4	look like and who and what precincts we would need to
5	include in that minority, what census blocks, it may be
6	that we could take into consideration some other data
7	outside of the census data that gets that gets given
8	to given to you all. We'll have to see. I don't want
9	to speculate too much. I mean, I'm cautiously optimistic
10	that the census has been working very diligently and that
11	the delay actually is going to lead to higher quality
12	data than we might have gotten otherwise.
13	It's but again, it's I think we're going to
14	have to wait and see and then listen to the community
15	when they say that, you know, oh, wait a second. They
16	said, you know, this area has a population of 100,000 and
17	we think it's 150,000. I mean, that's going to be
18	something we're going to need to look at very closely if
19	that's if that occurs.
20	COMMISSIONER SADHWANI: Okay, great. I see that
21	we're up against 5 o'clock. Any additional I have one
22	final question. Does anyone else have any final
23	questions? And I'm not sure if we have to take public
24	comment before we wrap up also.
25	My question, if I will, I'm not seeing any other

1	Commissioners raising their hand, so I'll jump in. There
2	had been a federal Voting Rights Act case here in
3	California recently, I believe Luna v. the County of
4	Kern. Wondering if you could talk a little bit about
5	that case and to what extent that's something that we
6	need to have on our radar as we move forward in our
7	process.
8	MR. BECKER: I'm going to be completely honest with
9	you. I need to go back and look at that case. So I
10	don't know that I'm prepared to answer that right now.
11	The I am I'm not I'll just say this. I mean, I
12	try to keep up on this stuff as much as possible around
13	the country. I'm not aware of a case that has
14	substantially altered Section 2 redistricting
15	jurisprudence in the last really last couple of
16	decades.
17	The Section 2 jurisprudence is pretty set. And
18	again, because it's so factual, it's such a fact-
19	intensive inquiry. You know, if and when this goes to,
20	you know, someone someone sues you and claims that you
21	didn't you either didn't take into account the right
22	things and you did you needed to do more with regard
23	to Section 2, or you might also get a claim that race was
24	taken too much into account and kind of a Shaw v. Reno
25	claim, there's going to be a very much of a factual

1	analysis going back and forth.
2	But I will Commissioner Sadhwani, I'll promise to
3	go back and review that case and get back get you an
4	answer.
5	MR. WOOCHER: Yeah. My recollection is that was the
6	case on the supervisorial districts in Kern, and the
7	court had ruled that they could make a second minority-
8	majority district.
9	COMMISSIONER SADHWANI: That's right.
10	MR. WOOCHER: It was a fairly straightforward
11	application, I think, to the facts of the case of the
12	case law. What turned out to be kind of interesting
13	after the case was they held an election. The court
14	ordered a special election to be held based upon using
15	the new districts. And it turned out that the same white
16	incumbent won even under the new district lines.
17	So it kind of shows that it's not just it's not
18	the be all and end all. And when you do these analysis,
19	sometimes there are these other factors that even though
20	you you know, you think you've created a district and
21	you've done your racially polarized analyses and you've
22	gotten a percentage that you think is appropriate, there
23	are other factors that come into play, and it just it
24	doesn't necessarily always pan out that way.
25	But that's my recollection, is that it was a pretty

57

1 much straightforward application and it's consistent with 2 everything, you know, we've been talking about today. MR. BECKER: And I'd just add, and this might help 3 4 in conceptualizing this, especially since when we look at 5 racially polarized voting, we have to look at who are the candidates that voters are voting for and what are those 6 7 election results look like? But the Voting Rights Act does not protect the 8 9 rights of candidates to be elected within a certain 10 district. It does not protect the rights of a political party. It does not protect the rights of certain office 11 12 holders. It protects the rights of voters to choose 13 their candidates of choice. And that's the thing we're 14 looking at. 15 And sometimes, particularly in areas that don't have 16 independent redistricting commissions like California, 17 you will see legislators working hard to protect their 18 districts for themselves. And that's one of the reasons 19 that, again, the work that you do is so important because 20 your work is really focused on the voters first and the 21 voters only. 22 COMMISSIONER SADHWANI: Great. Thank you so much. 23 And so with that, I will -- if there are no additional 24 questions from the Commissioners, I will thank you very 25 much for this presentation. We look forward to

1	continuing to work with you and seeing as this as this
2	process moves forward and continuing to work in close
3	collaboration. And so with that, I'll hand it back to
4	you, Chair Yee.
5	CHAIR YEE: Thank you, Commissioner Sadhwani. Mr.
6	Becker mentioned the RVP analyst. That posting has gone
7	out. Perhaps you've seen it. We would encourage you to
8	distribute that far and wide. There had been some
9	anticipation that the Commission needed to make some
10	approvals before that posting went out. As it turns out,
11	that's not true.
12	We already had all the authorization we needed in
13	the contracting for VRA counsel. So the posting will go
14	out. We anticipate the VRA counsel will receive
15	applications and narrow down candidates and eventually
16	forward one or more candidates for our consideration and
17	approval. So that will all be coming fairly soon,
18	hopefully.
19	MR. WOOCHER: Commissioner Yee?
20	CHAIR YEE: Yes, Mr. Woocher?
21	MR. WOOCHER: Salvador has provided us with the
22	answer to Commissioner Sinay's question from earlier
23	about the number of districts.
24	CHAIR YEE: Sure.
25	MR. WOOCHER: I've never been (indiscernible). So

www.escribers.net | 800-257-0885

1 according to the report, in the last redistricting, there 2 were fourteen out of eighty Assembly districts, there 3 were four out of forty Senate districts, and there were seven out of the fifty-three Congressional districts that 4 5 were drawn to be in compliance with Section 2 of VRA. CHAIR YEE: Very good. Thank you. 6 7 That's between ten percent for the MR. WOOCHER: 8 Senate and seventeen percent of the Assembly districts. 9 CHAIR YEE: Thank you, Mr. Perez. Okay. Even 10 though we are now behind schedule, I'm wondering if we 11 should take public comment for the sake of anyone who 12 wanted to call in and ask further questions on the VRA 13 presentation we've just heard. Can we briefly open the 14 lines, Katy, for public comment on item 4-D? 15 PUBLIC COMMENT MODERATOR: Yes, Chair. The 16 Commission will now take public comment on item 4-D. То give comment, please call 877-853-5247 and enter the 17 18 meeting ID 95977110538 for this meeting. Once you have 19 dialed in, please press star 9 to enter the comment 20 queue. The full call-in instructions have been read 21 previously in the meeting and are provided in full on the 22 livestream landing page. And I do invite those that have 23 called in previously and have been in the queue and 24 waiting to please press star 9 indicating they wish to 25 comment, if they do wish to comment, on item 4-D.

1 At this time, Chair, we do not have any raised hands 2 in the queue. CHAIR YEE: Very good. We'll wait just a moment. 3 4 If there are no callers, we will be going to closed 5 session. Closed session will be a discussion of pending litigation. Pending can include potential or planned 6 7 litigation, not necessarily active allegation. So that 8 closed session will be discussed -- in discussion of 9 pending, which is to say possibly potential or planned 10 litigation, not necessarily active litigation. 11 PUBLIC COMMENT MODERATOR: The abbreviated 12 instructions are complete on the stream, Chair. And 13 there are no hands raised at this time. 14 CHAIR YEE: Very good. Thank you, Katy. Why don't 15 we take a five-minute stretch break, come back to close 16 session at 5:25. Thank you. 17 (Whereupon, a recess was held) 18 (Whereupon, a closed session was held) 19 CHAIR YEE: Welcome back into open session. We 20 continue our meeting tonight with agenda item number 4-A; this is the Government Affairs Subcommittee discussion of 21 22 timeline matters in regards to the census delay and 23 mapping deadlines. 24 Just a quick review of how we got here. In a normal 25 census year, the draft maps would have been due July 1st

61

and final maps August 15. With the unprecedented delay 1 2 in the U.S. Census, which our work depends entirely, or largely, almost completely, the legislature in the 3 4 Padilla decision extended a -- extended deadline for us. 5 They anticipated a four-month delay, that the draft maps could be due on November 1st and then the final maps 6 7 December 15th. But they added a clause if the Federal Government transmits the census data to the states later 8 9 than what they were projecting, later than July 31st, the 10 number of days that constituted that delay it could be 11 added to the mapping deadlines.

12 Just to make things more complicated, the delivery 13 of that data has now become more complex than normal. 14 The census is projected -- is promised to deliver on or 15 before August 16th. Legacy formatted data with numbers 16 that will be identical to the final P.L. 94-171 data, but 17 in a legacy format, on or before August 16th. So it has 18 not happened. We're not positive exactly what date that 19 will actually happen.

20 Our Statewide Database will take a week or so to 21 convert that into a usable format. There is also about a 22 month's worth of reallocation of those people who are 23 incarcerated, which we're doing -- whom we're going to 24 reallocate to their last known addresses. Statewide 25 Database will do that work. And that will take about a

1 month.

2	So the question is what date to set for what date
3	this leaves us with under the Padilla decision or under
4	arguments we may wish to put forth as a Commission to the
5	State Supreme Court?
6	We've certainly heard a lot of testimony from the
7	public asking for as much time as possible and noting
8	that the meaningful input that the Voters FIRST Act
9	promises to give the public an opportunity to give will
10	be impeded by the holiday season, shifting the deadline
11	to December 15th, where if it gets shifted to December
12	31st, or early in January, we have the holiday season,
13	which will certainly make giving the input more
14	difficult.
15	Now, we've heard the testimony. We're sympathetic
16	and share many of those feelings. However, the question
17	is what we are constrained to do by law, what we may or
18	may not be able to ask to be changed in that law. Okay.
19	So at this point, we have many callers. I'm
20	wondering if any Commissioners wish to add anything to
21	the summary I just tried to provide. And if either our
22	Chief Counsel or our VRA counsel wish to add anything at
23	this point before we go to callers.
24	If not, let's take why don't we go ahead and open
25	the lines and take calls for a time. Katy?

63

ecribers

1	PUBLIC COMMENT MODERATOR: Yes, Chair. The
2	Commission is now taking public comment on the report out
3	from closed session. To give comment, please call 877-
4	853-5247 and enter the meeting ID number 95977110538 for
5	this meeting. Once you have dialed in, please press star
6	9 to enter the comment queue.
7	The full call-in instructions have been read
8	previously in this meeting and are provided in full on
9	the live stream landing page. We will go first to caller
10	with the last four 9575. And up next will be caller
11	4376.
12	CHAIR YEE: I'm sorry, Katy. Just before we take
13	that call, let me take a step back and report that no
14	action was taken during closed session. It was a closed
15	session on pending litigation. Pending can include
16	potential, planned, or active litigation. No action was
17	taken.
18	Actually, from this point forward I'm sorry,
19	Government Affairs Subcommittee, this actually should be
20	your discussion to conduct. And is there anything more
21	you wish to say and would you like to moderate the calls?
22	My apologies.
23	COMMISSIONER SADHWANI: I'm a little confused,
24	Chair. Is this are we where are we on the agenda
25	exactly? Are we on The Government Affairs Subcommittee

64

1	or is this calls as a as a part of closed session?
2	CHAIR YEE: Right. Let's combine those two. And so
3	the calls should be on the report back from closed
4	session as well as now moving on to agenda item 4-A, the
5	Government Affairs Subcommittee. Does that make sense?
6	Does that or do we want discussion before we take
7	those calls?
8	COMMISSIONER SADHWANI: I had thought we would do
9	discussion first, but if you want to take callers, I see
10	there's a lot that's that's fine.
11	CHAIR YEE: That's what I was saying.
12	COMMISSIONER SADHWANI: Yeah, as you as you wish.
13	CHAIR YEE: Well, I got ahead of myself. This is
14	actually a Government Affairs Subcommittee item and not
15	a so I should defer to the Government Affairs
16	Subcommittee in this matter.
17	COMMISSIONER SADHWANI: I think if you want to take
18	calls, that's fine. And then we can continue with our
19	discussion afterwards. I think that's perfectly fine
20	for us.
21	CHAIR YEE: Okay.
22	COMMISSIONER SADHAWANI: Commissioner Toledo, if
23	you're okay with that as well, of course.
24	CHAIR YEE: Okay. Very good. Let's go ahead and
25	take calls then on the closed session report back as well

65

1	as prospectively on the Government Affairs Subcommittee,
2	item 4-A.
3	PUBLIC COMMENT MODERATOR: Okay. We will start with
4	caller 9575. Please follow the prompts to unmute.
5	Caller 9575, the floor is yours.
6	MS. DIAZ: Hi. Good evening, Commissioners. My
7	name's Karina Diaz. I'm with the Coalition for Humane
8	Immigrant Rights, CHIRLA. CHIRLA is an immigrant rights
9	organization in California with national impact. Our
10	mission is to achieve a just society, fully inclusive of
11	immigrants.
12	CHIRLA is one of the largest and most effective
13	advocates for immigrant rights. Through our organizing,
14	community education, and civic engagement, we engage
15	immigrant youth at the high school and college level,
16	immigrant families, domestic workers, (indiscernible),
17	first-time voters and new American voters.
18	We're also a member of the IVE Redistricting
19	Alliance. And I'm calling today to uplift the
20	recommendation to set the January 28th in the year 2022
21	as the deadline for the finalized maps to express our
22	support to move the primary elections no later than June
23	21st, 2022 to accommodate any necessary chips in the 2022
24	election calendar as a result.
25	We believe process matters, and the CRC should have

partnered with community members to ensure the most inclusive process for redistricting, which includes granting the most time possible to review and input grassroots organizations for adequate time to engage, to educate, train and mobilize our diverse and hard to reach communities for creating and submitting maps and reviewing draft maps.

The work of residents and community groups is an 8 9 important part of our independent redistricting process. 10 We are collecting and analyzing COI data, developing VRA 11 Section 2 compliant maps, analyzing the 2020 census data 12 once it's released in a usable format, and engage in 13 coordinating and developing joint maps with other 14 residents and community groups. It is important that we 15 have enough time to help the CCRC (sic) fulfill the role 16 for which it was created. The community groups can help 17 the CCRC --18 Fifteen seconds. MR. MANOFF: 19 MS. DIAZ: -- and local residents are able to get a

20 major piece of work, which is engaging our community 21 members on how to best combine into representative 22 multiple COI maps into draft maps. I just want to thank 23 you --

24 MR. MANOFF: Time.

25

MS. DIAZ: -- so much for your time this evening.

1 Thank you.

2	PUBLIC COMMENT MODERATOR: Thank you so much. And
3	our next caller, caller with the last four 4376, if you
4	will please follow the prompts to unmute. Caller 4376,
5	you are unmuted. The floor is yours.
6	MS. RAMIREZ-ZARATE: Hi. Good afternoon,
7	Commissioners. Thank you for your commitment to creating
8	a fair and participatory redistricting process. My name
9	is Alejandra Ramirez-Zarate with Advancement Project
10	California, a multiracial civil rights organization.
11	I'm also representing the People's Bloc of Los
12	Angeles County, and we are a multiracial table dedicated
13	to the inclusion of everyday residents, conducting public
14	education and proposing solutions to the redistricting
15	process that promotes the political voice,
16	representation, and access to resources of historically
17	underrepresented groups.
18	I'm calling to urge you to set a deadline for your
19	work of January 28th, 2022. With the heaviness of the
20	past sixteen months and impact on our communities, our
21	organizers need additional time to mobilize folks,
22	particularly those most marginalized and impacted by the
23	pandemic. Their voice is critical to this process.
24	Communities are at the heart of why we have an
25	independent redistricting commission, and it will be

1	those very same communities that ultimately bear the
2	impact of the final maps for the next ten years, as you
3	all well know.
4	Moreover, having a deadline of December impacts our
5	ability to mobilize people to participate. And this goes
6	against the intent and letter of Proposition 11.
7	Additionally, the recent California Supreme Court
8	decision centered public participation in their extension
9	of the redistricting deadline.
10	This framework reflects a policy adjustment that the
11	public should have the opportunity to be involved
12	throughout their redistricting process and be provided
13	with additional time that takes into consideration the
14	holidays and other challenges that they're currently
15	facing and will continue to face as they rebuild from
16	this pandemic.
17	MR. MANOFF: Thirty seconds.
18	MS. RAMIREZ-ZARATE: You were granted flexibility by
19	the California Supreme Court decision. We encourage you
20	to use it and center committee voices, take into
21	consideration a constrained deadline that may impact our
22	collective ability to include those voices. Therefore,
23	January 28th deadline works best. We support you and
24	your work and
25	MR. MANOFF: Fifteen.

1	MS. RAMIREZ-ZARATE: continue to cheer you on in
2	your mandated path and hope you adopt the January 28th
3	deadline and make a final decision promptly. Thank you
4	so much. Hope you have a great evening.
5	PUBLIC COMMENT MODERATOR: Thank you so much. And
6	up next, we have caller with the last four 8735. If you
7	will follow the prompts to unmute. Caller 8735, if you
8	will please press star 6 to unmute. Caller 8735, you are
9	unmuted. The floor is yours.
10	MS. PANDURO: Thank you. Hi. Good evening,
11	Commissioners. My name is Jessica Panduro. I'm with
12	InnerCity Struggle and the People's Bloc LA region. At
13	InnerCity Struggle, we're an intergenerational
14	organization who have worked in the Eastside for over 26
15	years. We are dedicated to the Eastside in building
16	stronger schools, civic engagement, and prevent housing
17	displacement, and stronger and more powerful Eastside.
18	Today, I'm calling to urge all Commissioners to push
19	for the deadline to be on June (sic) 28th, 2022 to ensure
20	that we have true representation of community. As some
21	of my colleagues who called and mentioned, these past
22	sixteen months have been really tough for our community.
23	Our community is growing. We're getting back into a more
24	normalized schedule. But more than anything, our
25	communities were one of the communities that were most

1 impacted.

2	And we want to ensure that this redistricting
3	process allows them to have an input for true
4	representation. The next ten years are going to be
5	critical in impacting our community the most. So please,
6	I just want to ask for you all to consider and push for
7	the June (sic) 28th, 2022 deadline. Thank you.
8	PUBLIC COMMENT MODERATOR: Thank you so much. Up
9	next, we have caller with the last four 6597. If you
10	could please follow the prompts to unmute. Caller 6597,
11	you are unmuted. Go ahead. The floor is yours.
12	MR. BANE: Hello? Can you hear me okay?
13	PUBLIC COMMENT MODERATOR: Yes, we can.
14	MR. BANE: Very good. Thank you for the
15	opportunity. My name is David Bane. I am the chair of
16	the San Diego County Independent Redistricting Commission
17	and am calling both to offer my compliments to your
18	continued work and also to update you on our efforts.
19	You have, I think already, our June 29th letter that was
20	sent.
21	And in particular, I'd like to draw your attention
22	to the table on page 9 that I think you've seen before
23	laying out the various dates and options for extended
24	deadlines. My main point today, though, after some late-
25	breaking consultations today and yesterday, is not to

www.escribers.net | 800-257-0885

71

1	advocate for a particular date for your Commission, but
2	simply to note that it would be useful to have a date set
3	as soon as possible.
4	That's really for two reasons. One, it would help
5	us and I think other local commissions to know where your
6	Commission is and what your plan is for handling public
7	input after data is received, a key point that I think
8	several Commissioners raised in the meeting earlier today
9	as well as that if you've got various options for
10	pursuing a change in date, we really do have to pursue
11	the legislative option.
12	And as you know, we have proposed an extension to
13	January 15th after various consultations with
14	stakeholders, including the Los Angeles County IRC,
15	registrars of voters, and others. Again, we note that
16	according to our latest information, discussions in the
17	State Legislature are continuing, with a number of
18	legislators still very keenly aware of the challenges we
19	face at our local level and looking for the best way
20	forward on those challenges.
21	MR. MANOFF: Thirty seconds.
22	MR. BANE: I don't want to review the full history
23	of all the documents we sent you. I did want to note,
24	though, that none of the legislators with whom we've
25	spoken have taken formal positions on the question of

1	extending deadline. They are, however, having active
2	discussions.
3	Again, we're in the process
4	MR. MANOFF: Fifteen.
5	MR. BANE: of collecting public input, holding
6	public hearings in August and September. We appreciate
7	the high standards and strong example you're setting, and
8	again, appreciate the opportunity to be in touch. We
9	look forward to your continued dialogue. Have a good
10	meeting tonight and in the future. Thank you.
11	CHAIR YEE: Thank you. By the way, the letter that
12	the caller refers to is posted in today's handouts and
13	letters. Next call.
14	PUBLIC COMMENT MODERATOR: Thank you so much, Chair.
15	Next is caller 0003. If you will please follow the
16	prompts to unmute. Caller 0003, the floor is yours. Go
17	ahead.
18	MS. NIMMERS: Hi. My name is Kristin Nimmers. I'm
19	part of the Black Census and Redistricting Hub, which is
20	focused on engaging hard-to-count black communities in
21	this process. I'm calling to lift up the importance of
22	extending the deadline from December to mid-to-late
23	January to ensure there's enough time for public input.
24	Over the last few weeks of COI zone meetings, I
25	think we've seen how difficult it can be to mobilize the

1 community to participate in these hearings and be engaged 2 in the redistricting process. That's going to be even 3 more difficult in the fall when we're competing with 4 holidays, families are traveling and focused on preparing 5 for those holidays, and not necessarily tuned in to what's going on in redistricting. 6 7 This practice was intended to be community centered to include the voices of California's diverse population 8 9 and the Supreme Court itself centered public 10 participation in their decision to extend the deadline. 11 And we can only ensure that the community is part of this 12 process if we're considering them and how they engage as 13 we map out this timeline. Thank you. 14 PUBLIC COMMENT MODERATOR: Thank you so much. Up 15 next, we have caller 6337. If you will, please follow 16 the prompts to unmute. Caller 6337, the floor is yours. 17 Go ahead. 18 MS. GOLD: Good evening, Commissioners. This is 19 Rosalind Gold within the NALEO Educational Fund. As 20 always, much, much thanks for your very thoughtful and 21 insightful dialogue on so many important issues regarding 22 the work of the Commission. I just want to first uplift 23 the comments made by several other callers about the 24 challenges that it creates for community input, where 25 major input times are scheduled concurrently with a

1	holiday season, and how that will be a barrier to
2	ensuring that underrepresented communities have a chance
3	to provide comment on the actual draft maps produced by
4	the Commission.
5	But I also wanted to just quickly make a few other
6	points in response to comments other callers have made.
7	First of all, there has been some discussion how about
8	how well you're getting a lot of input about communities
9	of interest. Well, communities of interest input does
10	not substitute for comment on the actual map.
11	You know, if you think of building these maps of
12	California and redistricting maps, like, you know, having
13	a bunch of Legos and putting together a Lego building,
14	you know, communities of interest are your Lego building
15	blocks, but not until people see the final draft Lego
16	building can people really fully see the impact on all of
17	the different areas of the state and be able to provide
18	input on the building that you will have proposed as a
19	whole.
20	Secondly, we do think that there are legal pathways
21	to having
22	MR. MANOFF: Thirty seconds.
23	MS. GOLD: a major deadline beyond the end of
24	December. Some of those have been made and put into
25	comments that you have seen. And addition to the time

1	that's needed to get public input on the draft maps, we
2	also want to make sure that we can be a good partner
3	MR. MANOFF: Fifteen seconds.
4	MS. GOLD: or our civil rights organizations can
5	be a good partner with the Commission on providing draft
6	maps, using the data, providing and submitting our draft
7	maps that are compliant with the VRA. And so we're a
8	good partner on
9	MR. MANOFF: Time.
10	MS. GOLD: VRA compliance. Again, we just want
11	to thank you for your thoughtfulness. We look forward to
12	continuing our work together. Thank you.
13	PUBLIC COMMENT MODERATOR: Thank you so much. Up
14	next, we have caller 3392. If you will please follow the
15	prompts to unmute. Caller 3392
16	MS. PONCE DE LEON: Good evening, Commissioners.
17	Hi, good evening, Commissioners. My name is Alejandra
18	Ponce De Leon with Advancement Project California, and
19	also representing the IVE Redistricting Alliance. I'm
20	calling here in regards to the issue of the deadlines,
21	and I know this has been a very challenging issue that
22	you have been taking on. Just want to call in and uplift
23	that as an alliance, we're here and will continue to be
24	here for equity in the redistricting process.
25	The CBOs in our alliance, along with many more

1	organizations who continue to advocate for a deadline
2	that provides as much time for everyone in California to
3	participate, and in particular for low-income, black,
4	indigenous, and people of color communities who are in
5	the trenches day in and day out, keeping people in their
6	homes, getting people vaccinated, fighting to keep
7	immigrant families together, and engaging
8	underrepresented communities to meaningfully participate
9	in the redistricting process at the state, at the county,
10	at the city, and school level.
11	We continue to push for a January 26 28th
12	deadline because the time is needed not only to mobilize
13	residents to the COI public hearings, but for communities
14	to come together to inform and create maps of their own
15	that empower their communities and ensure fair
16	representation, to also analyze and provide feedback to
17	your maps, to bring the voices of communities you barely
18	get to hear from and don't have the privilege of time,
19	resources, and knowledge of this abstract process.
20	California's redistricting process
21	MR. MANOFF: Thirty seconds.
22	MS. PONCE DE LEON: is a community-driven process
23	since its inception. We have an independent
24	redistricting commission because community groups
25	advocated for it, collecting signatures and educated as

ecribers

<pre>1 mobilized the voters. The spirit behind 2 MR. MANOFF: Fifteen seconds. 3 MS. 10 MS. PONCE DE LEON: and robust public	
11 participation. Thank you for your time.	
12 PUBLIC COMMENT MODERATOR: Thank you so much. Our	
13 next caller is caller 2829. If you will please follow	
14 the prompts to unmute yourself. Caller 2829, the floor	
15 is yours. Go ahead.	
16 MS. WESTA-LUSK: Yes, this is Renee Westa-Lusk. I	
17 just need some clarification from the discussion that was	3
18 had earlier this evening with David Becker, I believe.	
19 And he made a comment about Section 5 of the U.S. VRA was	3
20 gutted back in 2013. How does this act impact the	
21 requirement that that the 2020 Commission is following	ł
22 where it says districts must be comply with the Voting	ł
23 Rights Act to ensure that minorities have a fair	
24 opportunity to elect representatives of their choice.	
25 Because he was making a point that the four or I	

guess there were three counties at that time, or maybe
four, that were under the Federal VRA and I thought those
counties still have to be regarded as part of the VRA
guidelines that you have to adhere to when drawing lines.
I don't know if your general counsel can clarify that for
me. Thank you.

7 CHAIR YEE: Our general counsel probably could. But 8 we're actually favored to have our VRA counsel present 9 with us. And I'm wondering if, Mr. Woocher, if you could 10 give a very brief response.

MR. WOOCHER: Yeah, just to clarify. 11 There are two 12 different sections of the Voting Rights Act that were 13 being referred to. There's Section 2, which is what we 14 are operating under now in terms of what Mr. Becker was 15 talking about and that the Commission will be subject to. 16 And those jurisdictions, those counties that were 17 previously under Section 5 are still subject to Section 18 Section 5 was a specific provision that applied to 19 certain counties in the country that had a historical 20 fact pattern that had to actually get pre-clearance from 21 the Justice Department for any changes to be made. And 22 none of the changes could have any kind of retrogression 2.3 in the opportunities given for minority voters in those 24 counties.

25

Those -- that law -- that section was essentially

1	stricken by the Supreme Court a few years ago, but
2	Section 2 is still fully operative. Those counties, the
3	districts that are created in those counties, will have
4	to comply with Section 2. And those will, in fact, be
5	some of the districts that we will be focusing on for our
6	Voting Rights Act compliance.
7	So the truth is, it doesn't really have any impact
8	because it related to a slightly different issue.
9	Section 2 still protects minority voters in those
10	counties and in those areas.
11	CHAIR YEE: Thank you, Mr. Woocher. Thank you, Ms.
12	Westa-Lusk. Next caller.
13	PUBLIC COMMENT MODERATOR: Yes. Caller 6401, if you
14	will please follow the prompts to unmute. Caller 6401,
15	the floor is yours. Go ahead.
16	MS. CARRIZALES: Good evening, Commissioners. My
17	name is Veronica Carrizales and I am with California
18	Calls. We're a statewide alliance of thirty-one
19	community-based and grassroots organizations spanning
20	urban, rural, and suburban counties across the state. We
21	engage, educate, and motivate low-income voters from
22	amongst young people, from communities of color, from
23	poor and working-class neighborhoods to be civically
24	engaged, to make California's electorate reflect our
25	state's diverse population.

1 We are also a member of the IVE Redistricting 2 Alliance, and I'm calling today to urge you to adopt our recommendation to set January 28th as a deadline to 3 4 finalize maps. And we also want to express our support 5 to move the primary election no later than June 21st. We believe it's important to allow enough time for 6 7 community input in the redistricting process. This is critical so that no community is disempowered for the 8 9 next ten years. You know, we know that it takes a lot of 10 time to do this work. And as a community-based 11 organizations that are working with low-income 12 communities of color, we need adequate time to engage, to 13 prepare, and to mobilize residents for submitting maps 14 and for providing input on the Commission's draft maps. 15 This is something that's necessary for low-income 16 communities of color to meaningfully participate in the 17 process and to ensure fair representation. So for this 18 reason, we're urging you to please adopt our --19 MR. MANOFF: Thirty seconds. 20 MS. CARRIZALES: -- recommendations to set the 21 deadline on January 28th. Thank you. 22 PUBLIC COMMENT MODERATOR: Thank you so much. And that was all of our raised hands at this time, Chair. 23 24 CHAIR YEE: Very good. At this point, I will hand 25 these to the Government Affairs Subcommittee who will

1 continue with agenda item 4-A, discussion of census 2 timeline and our timeline. I apologize for flipping 3 things a bit there with the callers, but hopefully that 4 was worth it for our callers not to have to wait longer. 5 So Government Affairs Subcommittee is Commissioners 6 Sadhwani and Toledo.

7 COMMISSIONER SADHWANI: Perfect. Thank you so much. 8 And always great to put community first. So thank you 9 for that, Chair Yee. Yes. So you know, we, of course, 10 have been working on the issue of the census delay and 11 issues with the census from the very beginning, since the 12 formation of this Commission, including, if you recall, 13 way back when, it seems like ages ago, even looking at, 14 you know, the Trump administration's move to remove 15 undocumented immigrants.

16 And we were -- we were actively a part of an amicus 17 brief from the -- along with the Attorney General's 18 office back in the fall, throughout January, February, 19 March, particularly as we began to get new information 20 about the census delay and in particular, the release of 21 what is now being known as the legacy data. We 22 continued, Commissioner Toledo and I, to discuss the 23 various options and examine the various options, as well 24 as acknowledging that we do not, as the Redistricting 25 Commission, operate in a vacuum, that our work is then

1 handed off to other -- other, you know, other key
2 individuals throughout the state who have to administer
3 an election.

4 We've heard from a lot of different community 5 voices, of course, and we thank everyone for all of their 6 great input into this process. But from the -- from the 7 beginning, we had said that this is largely a legal 8 question, largely given the ruling in the Padilla case 9 last summer, and where we had left this issue the last 10 time that we had raised it in in greater detail was that 11 we would wait until our legal counsel was -- was more 12 fully formed. And thankfully, we are now in that 13 position.

We have Anthony on board as our Chief Counsel. We have the Strumwasser, Woocher, Becker team joining us for VRA and other legal matters during this pre-maps time period. And so with that, I want to turn it over to Mr. Woocher to provide some insight on their legal analysis of this issue of the census delay and its impact on our map adoption timeline.

21 MR. WOOCHER: Thank you, Commissioner Sadhwani. So 22 I just want to begin by responding to a couple of the 23 public comments, because I think it sets the scene here. 24 And I know that these weren't literally intended to be 25 taken the way, but a number of the speakers were talking

www.escribers.net | 800-257-0885

1	about urging the Commission to set a deadline of a
2	certain date and one date versus another date.
3	And I just want to make it clear that the Commission
4	is not operating under a blank slate here. The
5	Commission can't set any deadline. The deadlines have
6	been set by the Constitution and the statute that were
7	enacted by the voters and then by the Padilla decision,
8	and in some ways by the Statewide Database. And I'll
9	just walk through this analysis to explain why that's the
10	case.
11	So the original deadline is in the Constitution for
12	the final maps. It was supposed to be August 1st. I
13	mean, I'm sorry, August 15th. And you know, normally the
14	Constitution prevails. That's it. But due to the unique
15	circumstances that existed with the delay in the census
16	data being released to the states, the Legislature had
17	the foresight to go to the Commission to the Supreme
18	Court, rather, and say, look, even as a Legislature who
19	makes the laws normally we're constrained by the
20	Constitution. And there's nothing we can do about that
21	date in the Constitution legislatively to address the
22	problem that we have, that the census data is going to be
23	delayed.
24	And it's literally, under the information that we
25	now have, would be impossible for the Commission to do

1 its work and complete the maps by that date, given the 2 timetable that we now know, we've been told which we're 3 to expect to receive the census data.

And so the Court exercised its authority under a 4 5 very sparingly used doctrine called the Doctrine of Reformation, in which the Court in Padilla has said, you 6 7 know, when it is impossible to comply with the letter of 8 the law, we think we have the authority, as the Supreme 9 Court authority in the state, to make a change in the law 10 to effectuate the intent of the law in a way that most 11 closely resembles what the original language of that law 12 was.

13 And so what the Supreme Court did there was it 14 extended the deadline by essentially four months. Each 15 of the deadlines under which the Commission operated for 16 preparation of the preliminary maps and for certification 17 of the final maps, maintained all the timelines that 18 otherwise existed in the Voters FIRST Act, and said that 19 these are the dates that we think should apply based upon 20 the current timetable.

And then they said, but we recognize that there's still some uncertainty. And so we are also ordering the Commission to revise the deadline by the additional federal delay that might exist beyond the date that we now believe is going to apply for the release of the

www.escribers.net | 800-257-0885

1 census data to the State.

2	And that seemed to address everything, except that
3	we then found out that there were going to be two
4	different forms of census data released to the states.
5	And when the Supreme Court said, "the census data", they
6	didn't identify which of those sets of data, which of
7	those databases should apply. So we have an ambiguity
8	now.
9	And it's not really up to the Commission to say we
10	are going to set a particular date. We're going to
11	decide what's appropriate. What we the Commission
12	could do is seek the Supreme Court's opinion on what the
13	proper date is based upon that ambiguity and the new set
14	of facts.
15	And even in that regard, the Commission's hands are
16	tied. Because while it may appear on the surface that
17	there's a choice between using this legacy data set that
18	is apparently hopefully going to be released in mid-
19	August, by August 16th, or waiting to get the PL data set
20	that would normally have historically been the way in
21	which the census releases the data.
22	The Commission actually doesn't get the data
23	directly from the Census Bureau. The Commission gets the
24	data from the Statewide Database after the Statewide
25	Database has taken the federal data and made the

adjustments to it that are called for under state law.
 And then they provide that data to the Commission to
 start the process.

So the Commission doesn't really even have a choice 4 5 here between which sets of data they would prefer to use, because the Statewide Database is making the decision and 6 7 they have made the decision that they are going to take the legacy data. They think they need a week in order to 8 9 reformat that so it's equivalent to the PL 94 data. 10 And then they are going to make the adjustments that 11 are called for under state law to deal with the inmate

12 reallocation and other issues. And then thirty days 13 thereafter, they will be providing that data set in a --14 in a computer format to the Commission for the Commission 15 to begin to draw the lines.

And so the only issue really before the Commission, we believe, is to determine, based upon that set of circumstances, can we get some certainty now as to what the deadlines are we are facing under the Supreme Court's decision in Padilla, as modified by these circumstances that the court didn't anticipate?

We have provided you with our advice for a variety of reasons that we believe it is very likely that the court would hold, consistent with its reasoning in Padilla and these facts, that the new date for which the

cribers

1	final maps would have to be drawn, based upon an August
2	16th delivery and are based upon a week for the for
3	the Statewide Database to reformat that data would be
4	January 7th.
5	And we believe it's wise for the Commission not to
6	just assume that that's the correct date, but to
7	affirmatively seek the court's opinion and approval and
8	solicit its confirmation as to what the date is, what the
9	date the dates are, that under these new set of
10	circumstances, the court believes it intended in the
11	Padilla decision to apply so that the Commission can know
12	and base its work upon a set timetable that we know as
13	far in advance as possible.
14	So our advice to you would be to authorize us or
15	authorize someone to go to the court to seek a
16	modification of the court's opinion, which clarifies
17	under these circumstances what the deadlines are, and to
18	let the court believe explain our reasoning as to why
19	we believe that that deadline ought to be no later than
20	January 7th.
21	COMMISSIONER SADHWANI: Thank you so much for that,
22	Mr. Woocher.
23	Commissioner Toledo, would you like to jump in and
24	share a little bit about our thoughts on as a
25	subcommittee on this advice?

ecribers

1	COMMISSIONER TOLEDO: Thank you. And I do want to
2	acknowledge just the community input that we have
3	received about meaningfully engaging the community, and
4	that's something that we all have committed to, that we
5	are all very concerned about, that we're committed to
6	ensuring that all people have the opportunity to provide
7	input and be meaningfully involved in this process, and
8	balancing that, of course, with all of the other factors
9	and and statutory and constitutional requirements that
10	we must.
11	And so with that, I'm going to make a motion and
12	that's motion on behalf of the Government Affairs
13	Committee, and that is to accept the advice of counsel
14	and seek an order from the California State Supreme Court
15	confirming that our map adoption date is based upon the
16	date on which the legacy data can be formatted into a
17	usable format by the Statewide Database and received by
18	the Commission. And so that would be the motion the
19	recommended motion from the Government Affairs Committee.
20	COMMISSIONER SADHWANI: And I am happy to second.
21	CHAIR YEE: Okay. We have a motion made by
22	Commissioner Toledo, and seconded by Commissioner
23	Sadhwani. Just to be clear, this motion does not involve
24	an actual date yet because we don't know when the actual
25	legacy format or reformatted data will be available.

So your motion is phrased contingent on what they
did actually is. So based on that date and we would
project out the equivalent time to get to an actual
map to get to a comment period and a final map
deadline.
COMMISSIONER SADHWANI: Okay. That's correct. And
given what we know today, we would then anticipate that
date to be January 7th. But of course, we don't know if
the census data is exactly when it will you know,
if August 16th is definitely that final date, if the
Statewide Database ends up taking more time or something.
COMMISSIONER TOLEDO: That's right. I think we
don't know when we'll get that data; we have some
expectations or when we'll get it in a format that is
usable. And so those are the areas where we're keeping
some flexibility. Although we have some assurances that
we will that it'll be close to and hopefully on
January 7th.
CHAIR YEE: Okay. Discussion of the motion.
Commissioner Fernandez?
COMMISSIONER FERNANDEZ: I understand the
recommendation. It makes sense to me. I would like to
see if we could potentially push the date further in
terms of with the additional holidays that are in the new
time frame. And then also my other question is, I

1	realize that the Statewide Database, they have full
2	confidence that they will be able to work with the data
3	that will be the legacy data, but will there be
4	language in case the data isn't usable for whatever
5	reason?
6	I mean, I realize that they've been in communication
7	with the census and they are probably pretty close to 100
8	percent. But I just I'm trying to hedge my bet here
9	to make sure that we wouldn't have to go back twice in
10	case the data there's something wrong with the data
11	and we have to wait for the PL 94 data.
12	CHAIR YEE: Let's see. I think the motion was
13	phrased in terms of the actual delivery or the actual
14	successful reformatting of the data; was that correct?
15	So that would take care of that, I think.
16	Perhaps, Commissioner Toledo, could you restate the
17	motion?
18	COMMISSIONER TOLEDO: I'll state the motion and
19	get and maybe we can think about if there is any
20	modifications that could address Commissioner Fernandez's
21	comment.
22	CHAIR YEE: Then we'll go to Commissioner Kennedy.
23	COMMISSIONER TOLEDO: I move to accept so the
24	motion is to accept the advice of counsel and seek an
25	order from the California State Supreme Court confirming

1 that our map adoption date is based upon the date on 2 which the legacy data can be formatted into a usable 3 format by the Statewide Database and received by the 4 Commission. 5 It sounds to me like there's the holidays issue that we want to also take into consideration, and perhaps 6 7 it's -- we can add some language to this to -- do you 8 have -- maybe Commissioner Fernandez has some suggestion? 9 COMMISSIONER FERNANDEZ: Actually I don't. But 10 thank you for that vote of confidence. I appreciate 11 that. No, I think that because the motion has "legacy" 12 in there, I think that was what I was kind of wary about 13 a little bit. And granted, I'm almost 100 percent 14 certain that they have confidence that they will be able 15 to convert that data into something -- into whatever is 16 usable. But just in case. 17 And in terms of holidays, I'm not sure what language 18 we could use, but maybe our VRA counsel could think of 19 some language that we could use, or -- yeah. Or possibly 20 look at other supporting criteria or arguments that we 21 could use to try to extend that date out, that would be 22 good chance of being successful. 2.3 CHAIR YEE: I'll also note the Commission does not 24 receive the reformatted data. We only receive at the 25 very end the reformatted and reallocated data, so.

92

1	Commissioner Kennedy, I think you're next.
2	COMMISSIONER KENNEDY: Well, and your point, Chair,
3	was what I was going to ask about, because it sounded
4	from the motion as if we were going to receive that
5	reformatted data. And I have heard some things that
6	would lead me to believe that we would in fact, receive
7	the data at that point. And my concern is that the
8	motion needs to ensure that we need to I mean, we need
9	to make sure that we know when we're going to get the
10	data, you know, on a relative basis. You know, is it as
11	soon as it's reformatted? Or is it not until it's
12	reformatted and reallocated? And because that would
13	have an enormous impact on the time. Thank you.
14	CHAIR YEE: Right. There's two separate questions,
15	I think, here, because, you know, reformatted but not
16	reallocated data, we will not use that. That is not
17	being used by the Commission to do any redistricting.
18	It's only after the reallocation that we have numbers
19	that we will use for redistricting. But that's a
20	separate question than when the clock starts ticking,
21	which is where the which is what the motion is
22	addressed to, I believe.
23	Does it's a start with the arrival of the legacy
24	formatted data in the Statewide Database? Does it arrive
25	when the legacy formatted data has been converted into

1	the equivalent of the PL 94 data, or does it in fact not
2	start until the PL 94 itself is delivered? So I'm
3	wondering if Director Hernandez might display the motion
4	as it stands so we can contemplate it more specifically?
5	MR. HERNANDEZ: Yes, Chair.
6	CHAIR YEE: Okay. So I'd like to suggest that we
7	strike the last phrase, received by the Commission, since
8	there is no if that's okay with Commissioners Toledo
9	and Sadhwani
10	COMMISSIONER SADHWANI: Yes.
11	COMMISSIONER TOLEDO: Yes.
12	CHAIR YEE: since that's not an actual event.
13	Yeah. Okay. And then I think we need further discussion
14	on what's now the last phrase, formatted into a usable
15	format. I think we might need some more precision there,
16	formatted into the equivalent of the PL 94? Or
17	COMMISSIONER SADHWANI: I can go back and look at
18	the memo that Karin sent several months ago about what
19	that process would be, if it's helpful to try and figure
20	out if there's a specific term that would be
21	COMMISSIONER TOLEDO: I think usable is usable,
22	right. So it has to be we have to be able to use that
23	to draw maps and base and to have maps that are
24	that are use the appropriate data. So which would
25	probably be PL data, but census data, but usable would

1	probably be that. And we can be more specific if the
2	Commission wants.
3	COMMISSIONER SADHWANI: I just also want to
4	reiterate, I mean, Karin has testified Karin Mac
5	Donald of the Statewide Database has testified before the
6	Commission, as well as in written memos in the past
7	attesting to the fact that legacy data is the PL 94 data
8	just in a different format. So I do want to just be
9	careful about our use of the term PL 94 because the data
10	in that data file will be the same, to the best of my
11	understanding.
12	MR. WOOCHER: Commissioner Yee, if I could make a
13	suggestion, perhaps?
14	CHAIR YEE: Yes, Mr. Woocher?
15	MR. WOOCHER: Let's let me trot this language
16	out. That a motion to accept the advice of counsel and
17	seek an order from the California State Supreme Court
18	confirming that the calculation of the, "additional
19	federal delay" is based upon the date that the Statewide
20	Database, in capital letters
21	CHAIR YEE: Okay. Let's pause there, and let
22	Director Hernandez catch up.
23	MR. WOOCHER: Okay.
24	CHAIR YEE: Calculation of the, quote
25	MR. HERNANDEZ: Chair, do you wish me to type it out

1	or hold off until it's finalized?
2	CHAIR YEE: Oh, I see. Right.
3	MR. WOOCHER: Let me read it once.
4	CHAIR YEE: Okay.
5	MR. WOOCHER: Then you can see if you like it enough
6	to type it out.
7	CHAIR YEE: Sure. Sounds good.
8	MR. WOOCHER: So that the calculation of the
9	"additional federal delay" is based upon the date that
10	the Statewide Database is able to reformat the legacy
11	data set into a usable format for building the statewide
12	redistricting database. I think that incorporates some
13	of the language that Karin had had in her prior memos
14	about what the process will be.
15	CHAIR YEE: Okay. Commissioners Toledo and
16	Sadhwani?
17	COMMISSIONER TOLEDO: I do believe that's the intent
18	of the original as well. So I'm happy with I'm fine
19	to utilize that language. To make it a little bit more
20	specific and to provide more guidance to our counsel and
21	staff. I still don't think it gets to Commissioner
22	Fernandez and I think we also 's point about it
23	certainly does get to the point of the legacy data and
24	the calculation of the adoption date.
25	But the potential of adding dates due to the federal

1 holidays issue is still not incorporated in the motion. 2 So I'm still trying to figure out how to how to get 3 that language in there, because I do think it's something 4 that's important. If we can secure additional dates 5 because of the or try to secure additional dates due 6 to the due to the holidays. 7 CHAIR YEE: Okay. Well, one thing at a time. Why 8 don't we go ahead then and swap in Mr. Woocher's proposed 9 language for the motion since Commissioners Toledo and 10 Sadhwani are amenable. 11 MR. WOOCHER: So 12 CHAIR YEE: And Mr. Woocher, if you have that 13 MR. WOOCHER: Can you hear me? 14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not 21 CHAIR YEE: Or through the chat, or		
that language in there, because I do think it's something that's important. If we can secure additional dates because of the or try to secure additional dates due to the due to the holidays. CHAIR YEE: Okay. Well, one thing at a time. Why don't we go ahead then and swap in Mr. Woocher's proposed language for the motion since Commissioners Toledo and Sadhwani are amenable. MR. WOOCHER: So CHAIR YEE: And Mr. Woocher, if you have that MR. WOOCHER: Can you hear me? CHAIR YEE: do you have that in a form that you can email it to or get it to MR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	1	holidays issue is still not incorporated in the motion.
4 that's important. If we can secure additional dates 5 because of the or try to secure additional dates due 6 to the due to the holidays. 7 CHAIR YEE: Okay. Well, one thing at a time. Why 8 don't we go ahead then and swap in Mr. Woocher's proposed 9 language for the motion since Commissioners Toledo and 10 Sadhwani are amenable. 11 MR. WOOCHER: So 12 CHAIR YEE: And Mr. Woocher, if you have that 13 MR. WOOCHER: Can you hear me? 14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not	2	So I'm still trying to figure out how to how to get
because of the or try to secure additional dates due to the due to the holidays. CHAIR YEE: Okay. Well, one thing at a time. Why don't we go ahead then and swap in Mr. Woocher's proposed language for the motion since Commissioners Toledo and Sadhwani are amenable. MR. WOOCHER: So CHAIR YEE: And Mr. Woocher, if you have that MR. WOOCHER: Can you hear me? CHAIR YEE: do you have that in a form that you can email it to or get it to MR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	3	that language in there, because I do think it's something
to the due to the holidays. CHAIR YEE: Okay. Well, one thing at a time. Why don't we go ahead then and swap in Mr. Woocher's proposed language for the motion since Commissioners Toledo and Sadhwani are amenable. MR. WOOCHER: So CHAIR YEE: And Mr. Woocher, if you have that MR. WOOCHER: Can you hear me? CHAIR YEE: do you have that in a form that you can email it to or get it to MR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	4	that's important. If we can secure additional dates
 7 CHAIR YEE: Okay. Well, one thing at a time. Why 8 don't we go ahead then and swap in Mr. Woocher's proposed 9 language for the motion since Commissioners Toledo and 10 Sadhwani are amenable. 11 MR. WOOCHER: So 12 CHAIR YEE: And Mr. Woocher, if you have that 13 MR. WOOCHER: Can you hear me? 14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not 	5	because of the or try to secure additional dates due
8 don't we go ahead then and swap in Mr. Woocher's proposed 9 language for the motion since Commissioners Toledo and 10 Sadhwani are amenable. 11 MR. WOOCHER: So 12 CHAIR YEE: And Mr. Woocher, if you have that 13 MR. WOOCHER: Can you hear me? 14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not	6	to the due to the holidays.
 9 language for the motion since Commissioners Toledo and 10 Sadhwani are amenable. 11 MR. WOOCHER: So 12 CHAIR YEE: And Mr. Woocher, if you have that 13 MR. WOOCHER: Can you hear me? 14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not 	7	CHAIR YEE: Okay. Well, one thing at a time. Why
Sadhwani are amenable. MR. WOOCHER: So CHAIR YEE: And Mr. Woocher, if you have that MR. WOOCHER: Can you hear me? CHAIR YEE: do you have that in a form that you CHAIR YEE: do you have that in a form that you can email it to or get it to MR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	8	don't we go ahead then and swap in Mr. Woocher's proposed
MR. WOOCHER: So CHAIR YEE: And Mr. Woocher, if you have that MR. WOOCHER: Can you hear me? CHAIR YEE: do you have that in a form that you can email it to or get it to MR. WOOCHER: Sure. NR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	9	language for the motion since Commissioners Toledo and
12 CHAIR YEE: And Mr. Woocher, if you have that 13 MR. WOOCHER: Can you hear me? 14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not	10	Sadhwani are amenable.
MR. WOOCHER: Can you hear me? CHAIR YEE: do you have that in a form that you can email it to or get it to MR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	11	MR. WOOCHER: So
14 CHAIR YEE: do you have that in a form that you 15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not	12	CHAIR YEE: And Mr. Woocher, if you have that
<pre>15 can email it to or get it to 16 MR. WOOCHER: Sure. 17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not</pre>	13	MR. WOOCHER: Can you hear me?
MR. WOOCHER: Sure. CHAIR YEE: Director Hernandez? That would probably be easiest. MR. WOOCHER: Yeah, let me see if I can do that. I'm not	14	CHAIR YEE: do you have that in a form that you
<pre>17 CHAIR YEE: Director Hernandez? That would 18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not</pre>	15	can email it to or get it to
<pre>18 probably be easiest. 19 MR. WOOCHER: Yeah, let me see if I can do that. 20 I'm not</pre>	16	MR. WOOCHER: Sure.
MR. WOOCHER: Yeah, let me see if I can do that. I'm not	17	CHAIR YEE: Director Hernandez? That would
20 I'm not	18	probably be easiest.
	19	MR. WOOCHER: Yeah, let me see if I can do that.
21 CHAIR YEE: Or through the chat, or	20	I'm not
	21	CHAIR YEE: Or through the chat, or
22 MR. WOOCHER: Let me try to use the chat.	22	MR. WOOCHER: Let me try to use the chat.
23 COMMISSIONER ANDERSEN: Just read it slowly.	23	COMMISSIONER ANDERSEN: Just read it slowly.
24 MR. WOOCHER: Okay. Yeah. That's easier for me.	24	MR. WOOCHER: Okay. Yeah. That's easier for me.
25 Okay. So it's leaving off I don't have that language	25	Okay. So it's leaving off I don't have that language

	50
1	you had up there, so I don't know. I can't see that.
2	MR. HERNANDEZ: I will get it up in just one second.
3	MR. WOOCHER: Okay.
4	MR. HERNANDEZ: Share screen.
5	MR. WOOCHER: Okay. Confirming that and we'll
6	start from there. Calculation of the "additional federal
7	delay" is based upon the date that the Statewide Database
8	is able to reformat the legacy data set into a usable
9	format for building the statewide redistricting database.
10	CHAIR YEE: Why don't we capitalize Statewide
11	Database?
12	MR. WOOCHER: Exactly. The first Statewide
13	Database. Not the not that one, but the one above it
14	should be capitalized. Yeah.
15	CHAIR YEE: And striking everything after the
16	period.
17	COMMISSIONER ANDERSEN: Put "the" before
18	"calculation".
19	MR. HERNANDEZ: So this language that I've
20	highlighted should be removed?
21	CHAIR YEE: Correct.
22	COMMISSIONER ANDERSEN: Put "that" after the word
23	"date".
24	CHAIR YEE: Okay. Confirming Commissioners Toledo
25	and Sadhwani, are you satisfied with the new version?

1 MS. JOHNSTON: One suggestion. I'm sorry. One 2 suggestion. CHAIR YEE: Yes, Marian? 3 4 MS. JOHNSTON: I don't know what I did to get double 5 here. Oh, thank you. After the additional data -additional federal delay as used in the Padilla decision. 6 So it references the decision. 7 8 CHAIR YEE: Okay. 9 COMMISSIONER TOLEDO: That's fine. 10 COMMISSIONER SADHWANI: I agree. Thank you, Marian. CHAIR YEE: Okay. Discussion of the revised motion. 11 12 MR. HERNANDEZ: Chair, was that motion accepted, or 13 the revision accepted by the Commissioners? 14 CHAIR YEE: I believe so. Commissioners Toledo and 15 Sadhwani, can we have just one more audible affirmation? 16 COMMISSIONER SADHWANI: Yes. It's acceptable to me. 17 CHAIR YEE: Commissioner Toledo? 18 COMMISSIONER TOLEDO: Yes. This makes sense for me. 19 CHAIR YEE: Okay. Discussion before we go to public 20 comment. 21 COMMISSIONER TOLEDO: I'm still trying to account 22 for Commissioner Fernandez's --2.3 CHAIR YEE: Right. 24 COMMISSIONER TOLEDO: -- point, and I think it's an 25 important one about accounting for federal holidays and

99

1	the shortened time frame that we do have during
2	because of the time period this is going to hit.
3	The only language that I can come up with at this
4	point and just for discussion purposes, I'm not adding
5	it yet, but maybe adding a phrase like, and further seek
6	to secure additional dates to account for the federal
7	or the federal holidays or something like that. And
8	that's so I just wanted to throw that out for
9	discussion purposes. Because I know that a couple of
10	folks have brought that up.
11	CHAIR YEE: Sure.
12	COMMISSIONER TAYLOR: Commissioner Yee?
13	Commissioner Yee? I don't know if you can see my hand.
14	CHAIR YEE: There you are. Yes, Commissioner
15	Taylor?
16	COMMISSIONER TAYLOR: Thank you. I also had some
17	verbiage, maybe this can address the issue. I have
18	consistent with the counting of holidays in the statutory
19	timeline, we'd like an additional X I think it's four
20	days to account for the holidays in this augmented
21	timeline.
22	CHAIR YEE: Okay. Discussion of that suggestion.
23	And I'm wondering, Mr. Woocher, if you might give us
24	advice on whether to perhaps keep these thoughts separate
25	in two different motions so that one does not sink the

1	other, you know, or whether we should try to combine
2	them.
3	Commissioner Fernandez?
4	COMMISSIONER FERNANDEZ: Yes. Actually, Mr.
5	Woocher, I would actually like your opinion as to whether
6	or not that would be a good argument. I mean, that's
7	I wanted feedback in terms of is that a good argument in
8	terms of moving forward? Are there other arguments
9	strong arguments that we could use to try to extend the
10	deadline? That's that's the feedback I wanted. So
11	thank you.
12	MR. WOOCHER: Okay. Well. I'm hesitating here a
13	little bit because lawyers would generally prefer not to
14	give their legal advice in a in a in an open
15	session. There's a privilege for attorney-client
16	communications. The Commission can waive that and
17	request me to do it, but it is a privilege that belongs,
18	I don't want to make this more complicated, but it's a
19	privilege that belongs to the Commission as a whole.
20	And so to the extent that I am being asked to
21	provide our legal advice and analysis in a public
22	setting, I believe I can only do that if the whole
23	Commission wishes me to do that rather than in response
24	to one Commissioner's single question.
25	So I apologize for making this more complex, but I

1don't want to get in trouble with my professional2responsibilities as an attorney in giving a what is3clearly a privileged communication in terms of the legal4advice to the, you know, in this public setting.5CHAIR YEE: Okay. We're all getting educated. What6form would that permission need to take?7MR. WOOCHER: I guess there would have to be some8sort of motion directing, you know, waiving the privilege9and requesting me to respond to the Commissioner10Commissioner Fernandez's question with my legal advice.11CHAIR YEE: Okay. Commissioner Kennedy and12Fernandez?13COMMISSIONER KENNEDY: Commissioner Turner's hand is14up. So I would15CHAIR YEE: I'm sorry.16COMMISSIONER KENNEDY: ask if she could go first.17CHAIR YEE: Okay. I'm sorry I missed you,18Commissioner Turner. Please go.19COMMISSIONER TURNER: That's okay. Thank you. And20I am going to go a slightly different direction. So if21you're still staying in this vein, maybe I should wait.22COMMISSIONER KENNEDY: Okay. I just wanted to point23out, I believe that Commissioner Toledo mentioned federal24holidays or someone mentioned federal holidays. I just25looked up very quickly, federal holidays are Thanksgiving

18 Commissioner Turner. Please go. 19 COMMISSIONER TURNER: That's okay. Thank you. And 20 I am going to go a slightly different direction. So if 21 you're still staying in this vein, maybe I should wait. 22 COMMISSIONER KENNEDY: Okay. I just wanted to point 23 out, I believe that Commissioner Toledo mentioned federal 24 holidays or someone mentioned federal holidays. I just	16	COMMISSIONER KENNEDY: ask if she could go first.
19 COMMISSIONER TURNER: That's okay. Thank you. And 20 I am going to go a slightly different direction. So if 21 you're still staying in this vein, maybe I should wait. 22 COMMISSIONER KENNEDY: Okay. I just wanted to point 23 out, I believe that Commissioner Toledo mentioned federal 24 holidays or someone mentioned federal holidays. I just	17	CHAIR YEE: Okay. I'm sorry I missed you,
I am going to go a slightly different direction. So if you're still staying in this vein, maybe I should wait. COMMISSIONER KENNEDY: Okay. I just wanted to point out, I believe that Commissioner Toledo mentioned federal holidays or someone mentioned federal holidays. I just	18	Commissioner Turner. Please go.
21 you're still staying in this vein, maybe I should wait. 22 COMMISSIONER KENNEDY: Okay. I just wanted to point 23 out, I believe that Commissioner Toledo mentioned federal 24 holidays or someone mentioned federal holidays. I just	19	COMMISSIONER TURNER: That's okay. Thank you. And
COMMISSIONER KENNEDY: Okay. I just wanted to point out, I believe that Commissioner Toledo mentioned federal holidays or someone mentioned federal holidays. I just	20	I am going to go a slightly different direction. So if
23 out, I believe that Commissioner Toledo mentioned federal 24 holidays or someone mentioned federal holidays. I just	21	you're still staying in this vein, maybe I should wait.
24 holidays or someone mentioned federal holidays. I just	22	COMMISSIONER KENNEDY: Okay. I just wanted to point
	23	out, I believe that Commissioner Toledo mentioned federal
25 looked up very quickly, federal holidays are Thanksgiving	24	holidays or someone mentioned federal holidays. I just
	25	looked up very quickly, federal holidays are Thanksgiving

1 Day, Christmas Day, New Year's Day.

2	California state holidays, according to CalHR,
3	include the day after Thanksgiving. So the day after
4	Thanksgiving is a state holiday, but not a federal
5	holiday. So we'll want to clarify. Thank you.
6	COMMISSIONER TURNER: Okay. So you're talking right
7	down the path that I want to, so I will go next. I
8	wanted to I wanted to talk about degree of difficulty.
9	So now when we're naming holidays, because it's a
10	holiday, it's a one-for-one. And I think the complexity
11	of the issue here is the holiday season, the degree of
12	difficulty that people have an opportunity to engage in
13	the process.
14	And so a day, a day for a holiday, federal and yes,
15	or state, I think is still problematic. We're talking
16	about the ability for people to engage during a holiday
17	season where they may not be around, period, or those
18	that are the trusted messengers that would be able to
19	bring people out and help them engage in the process are
20	actually closed down during the entire period.
21	So I just wanted to lift that up, because I see the
22	day for day. And yes, I think we should be looking at
23	California state holidays in addition to or you know,
24	instead of just the federal holidays. But I think degree
25	of difficulty for of engagement is what also I want to

1 lift, and not just a single date. 2 CHAIR YEE: Commissioner Fernandez? 3 COMMISSIONER FERNANDEZ: Yes. I'm withdrawing my 4 request to Mr. Woocher. I'm good. Thank you. I'm 5 comfortable moving forward if we include the state holidays. Thank you. 6 7 CHAIR YEE: Commissioner Vazquez? COMMISSIONER VAZQUEZ: Yeah, I agree with 8 9 Commissioner Turner. I don't -- I'm -- I can try to 10 think up language, but I think additional -- I would like 11 to see if we can come up with a way to have the 12 additional federal delay defined inclusive of the holiday 13 season, which is fourteen calendar days, inclusive of 14 Thanksgiving through Christmas and New Year's. I don't 15 have a language yet, but that's what I'd like to try to 16 figure out. 17 CHAIR YEE: Okay. There is a motion on the table, 18 so we need any further discussion on the motion, we need 19 public comment. And if the motion is still on the table, 20 we need to take a vote. 21 Commissioner Sinay? 22 COMMISSIONER SINAY: I know we purposely aren't 23 putting dates on there. I did hear that -- I guess I have a concern that if the data comes in earlier than the 24 25 16th, then we're pushing even more into the holidays.

104

1	Right now, at least we have a week after the holidays.
2	And so I in a way, would rather put a date in there.
3	And I don't I know that there's probably some
4	logic on why we're not putting a date in there, but put a
5	minimum date in there. I think the way it was explained
6	to us was a maximum date, you know, by January 7th. And
7	I'm just concerned that I mean, I want to make sure we
8	get a date figured out, and I want to move forward on
9	this.
10	But I also agree with Commissioner Vazquez and
11	Commissioner Turner that we'll have plenty of time for
12	the public input on the lines throughout, you know,
13	throughout the process. But the last, you know, people
14	want to see the last map and feel that they've got to
15	say speak up.
16	And so I would hate it if we all of a sudden receive
17	the information on August 6th and it just moved us in
18	right on top of Christmas. I don't know when Hanukkah
19	falls this year, but so I kind of feel I would feel
20	more comfortable just putting in January 7th or later
21	versus just leaving it open.
22	CHAIR YEE: Okay. Any further discussion.
23	Commissioner Fornaciari, no? Why don't we go ahead and
24	take public comment? Commissioner Andersen and then
25	public comment. No? Okay. Let's go to public comment,

www.escribers.net | 800-257-0885

1	Katy, on agenda item 4-A and the motion on the floor.
2	PUBLIC COMMENT MODERATOR: The Commission will now
3	take public comment on the motion on the floor and agenda
4	item 4-A. To give comment, please call 877-853-5247 and
5	enter the meeting ID number 95977110538 for this meeting.
6	Once you have dialed in, please press star 9 to enter the
7	comment queue.
8	The full call-in instructions have been read
9	previously in the meeting and are provided in full on the
10	livestream landing page. I invite those that have been
11	in the queue if they wish to make comment to press star 9
12	to raise their hand indicating they wish to comment.
13	Caller 6597, please follow the prompts to unmute.
14	CHAIR YEE: And Director Hernandez, if we could have
15	the motion displayed again please. Thanks.
16	PUBLIC COMMENT MODERATOR: Caller 6597, the floor is
17	yours.
18	MR. BANE: Hello, David Bane from the San Diego
19	County Independent Redistricting Commission again. We
20	had a similar discussion on all this, which I'm finding
21	incredibly useful. Thank you for it. And in dealing
22	with, quote unquote, the holiday period issue, we found
23	it useful to talk about, again, the original period
24	envisioned for public input, especially before and after
25	maps started being issued.

ecribers

1 I know there was some discussion of this before, but 2 I just wonder if that might be incorporated in some way 3 or understood in the language in the motion. In any 4 case, I, again, do not want to be in the position of 5 telling your Commission in any way how to do its business. 6 7 I just deeply appreciate what you're doing in responding to public comment into what local 8 9 redistricting commissions face. And I do think 10 preserving the time originally envisioned is something 11 that, at least in principle, would find a sympathetic ear 12 at the court, because it is part of that process that was 13 defined, as your counsel so clearly laid out. 14 So thank you again for the discussion. Thanks for 15 moving forward. And again, look forward to continued 16 discussion. 17 CHAIR YEE: Thank you. Could you repeat that whole 18 phrase that you started out with? 19 MR. BANE: I'm sorry? 20 CHAIR YEE: Could you repeat the whole phrase that 21 you started off with? Original period envisioned for 22 public input and you had some more --2.3 MR. BANE: I don't have it written down in front of 24 But something like, to further confirm that the me. 25 original period envisioned between -- I suppose, between

1 re	eformatting the viable format of the data and the period
2 w1	hen maps are actually due. In other words, to preserve
3 ti	he period originally envisioned in the process as
4 ei	nshrined in the Constitution and in law.
5	CHAIR YEE: Very good. Thank you.
6	MR. BANE: My pleasure. Thank you.
7	PUBLIC COMMENT MODERATOR: And Chair, I believe that
8 i:	s all our raised hands at this time.
9	CHAIR YEE: Okay. Any further discussion from
10 Co	ommissioners?
11	Commissioner Taylor?
12	COMMISSIONER TAYLOR: Yeah, Commissioner Yee. I was
13 s	ort of in line with with that caller in my
14 ez	xplanation with the beginning with consistent with
15 tl	he accounting of the holidays and the statutory
16 t:	imeline, I would think that that's along the same lines.
17 No	ot that that that has to be used, but again, the idea is
18 to	o frame any exception in the original timeline that was
19 ei	nvisioned. So again, consistent with the accounting of
20 ti	he holidays in the statutory timeline, or something to
21 ti	hat effect, I think would address that concern.
22	PUBLIC COMMENT MODERATOR: Chair, I apologize. This
23 is	s Katy. We did have one more raised hand.
24	CHAIR YEE: Very good. Let's take that call.
25	PUBLIC COMMENT MODERATOR: Thank you. Caller 6158,

1	please follow the prompts to unmute. Go ahead. The
2	floor is yours.
3	MS. MARKS: Hi. Thank you so much. My name is
4	Julia Marks and I'm calling from Asian Americans
5	Advancing Justice - Asian Law Caucus. Thank you all for
6	this conversation. We really appreciate the
7	thoughtfulness you're bringing into these issues,
8	especially the points recently made about the need to
9	account for the holiday period.
10	And since you'll be seeking clarification from the
11	court on a later timeline, we strongly recommend that you
12	ask for time that not only accounts for a processing
13	delay, but also does account for the holiday period.
14	Because the new timeline would overlap with holidays, it
15	is really an unprecedented scenario, not just that the
16	data is delayed and that the data will be in this
17	different format, but that these key periods overlap with
18	state and federal holidays.
19	So thank you very much for considering asking the
20	court for clarification and the additional time that
21	community groups and community members need to
22	participate in the process.
23	CHAIR YEE: Thank you, Ms. Marks.
24	PUBLIC COMMENT MODERATOR: And that is all our
25	raised hands at this time.

	IIU
1	CHAIR YEE: Okay. Thank you, Katy.
2	PUBLIC COMMENT MODERATOR: You're welcome.
3	CHAIR YEE: Okay. Commissioners Sadhwani and
4	Toledo, we have your motion. We've had discussion.
5	Let's see, Commissioner Andersen, you had a thought?
6	COMMISSIONER ANDERSEN: Could I make a second
7	motion?
8	CHAIR YEE: I believe that you can.
9	COMMISSIONER ANDERSEN: I move and I'm sorry. I
10	apologize if there's an echo. I move that the Commission
11	seeks to contact the affected parties including the
12	Secretary of State, the Election Board, and the
13	originating groups of the Voters FIRST Act to address the
14	holiday issue, for additional days to be requested for
15	the Supreme Court to consider.
16	MR. HERNANDEZ: Chair, just to clarify, it sounds
17	like Commissioner Andersen would be making an amendment
18	to the current motion that's before the Commission, or
19	are we trying to make a separate motion? If we would be
20	making a separate motion, that should probably be tabled
21	until action has or has not been taken on the current
22	motion on the floor. But if this is a friendly
23	amendment, perhaps then that could be currently
24	considered by Commissioner Toledo and Commissioner
25	Sadhwani. And if they wanted to so amend the current

1 motion, they could.

5 wasn	COMMISSIONER ANDERSEN: If it would fit that way, I just didn't know if it if it would because it 't a this was mostly to accept the advice of sel. So I guess it would be then and just ntially, I don't know if it was the or the rnment Affairs or the Chair, so I would say, and have
5 wasn	't a this was mostly to accept the advice of sel. So I guess it would be then and just ntially, I don't know if it was the or the
	sel. So I guess it would be then and just ntially, I don't know if it was the or the
	ntially, I don't know if it was the or the
6 coun	
7 esse	rnment Affairs or the Chair, so I would say, and have
8 Gove	
9 the	Commission to contact those the groups to see if
10 we c	ould if we could come with a date additional
11 days	for the holiday to then for request the Supreme
12 Cour	t. So I don't know if that can be added to I
13 don'	t know.
14	CHAIR YEE: Well, it's simply your choice whether to
15 prop	ose it as such.
16	COMMISSIONER ANDERSEN: Sure. I would propose to
17 add	it.
18	CHAIR YEE: Okay. Commissioners Sadhwani and
19 Tole	do? And then we'll get to the Commissioner Turner.
20	COMMISSIONER TOLEDO: I was actually thinking and
21 it k	ind of would go along with Commissioner Andersen's
22 poin	t, although maybe it's different, potentially taking
23 Comm	issioner Taylor's language about to further seek
24 an o	rder from the California so adding another
25 sent	ence or another clause, to further seek an order from

escribers

111

1	the California State Supreme Court to preserve the time
2	originally envisioned consistent with the original and
3	I believe Commissioner Taylor said consistent with the
4	original and I'm probably butchering his language
5	the original holidays consistent with and I'm trying
6	to insert the language that Commissioner Taylor had had
7	in there, which would require us to go back to all of our
8	stakeholders and work with them on that as well as
9	Government Relations.
10	So we so getting to Commissioner Andersen's
11	point, that language would mean actually, any of this
12	would mean that we as Government Relations as a
13	Commission would have to go back to our stakeholders and
14	work through this process the legal and the policy
15	process with them.
16	CHAIR YEE: Commissioner Turner?
17	COMMISSIONER TURNER: My point was to be able to add
18	in the language that was suggested with Commissioner
19	with Commissioner Taylor, and then Commissioner Andersen
20	gave language as well. I just did not want to it was
21	lifted twice. I thought some of it was good, viable, you
22	know, I thought there was a way that it could be written
23	in and I didn't want us to keep getting past it, that's
24	all.
25	COMMISSIONER TOLEDO: And so I think Commissioner

www.escribers.net | 800-257-0885

ecribers

1 so maybe if we can --

2 COMMISSIONER TURNER: There is --

3 CHAIR YEE: Okay. Let's see, we have a required break in about twelve minutes. I'm wondering if we can 4 5 take that a bit early and if Commissioners Toledo and Sadhwani would like to contemplate this proposed 6 7 amendment and perhaps come back with either a revised version of the original motion -- of the revised motion 8 9 or further -- or revert back -- come back with a further 10 revision of the revision or revert back to the original 11 revision, then we can contemplate. Should we do that 12 then? Shall we go to break then till -- let's see, I 13 think we should just go ahead and take our full fifteen-14 minute break then. So it's 7:48. That would take us to 15 8:13. 16 COMMISSIONER TURNER: Chair, since we're assigning 17 work, can the break a little bit longer for those of 18 us --19 CHAIR YEE: Sure. This means going into extra 20 innings for sure. So how much longer? 21 COMMISSIONER SADHWANI: I'm okay with the fifteen-22 minute break personally. But I don't -- I don't know 2.3 about others. 24 CHAIR YEE: So why don't we say --25 COMMISSIONER TOLEDO: I think I'm okay with fifteen,

www.escribers.net | 800-257-0885

cribers

1	because I think we have the language. I think we just
2	have to massage it a little bit.
3	CHAIR YEE: Why don't we say 8:05; how's that?
4	(Whereupon, a recess was held)
5	CHAIR YEE: Welcome back. We'll continue with
6	California's Citizens Redistricting Commission, and we're
7	discussing agenda item 4-A. There has been a motion on
8	the floor concerning our timeline. We're in the middle
9	of considering a possible amendment to that motion. So
10	Commissioners Sadhwani and Toledo, you are the Government
11	Affairs Subcommittee and it's your motion. You can
12	take
13	COMMISSIONER TOLEDO: I have forwarded the motion to
14	Director Hernandez, so he should have it and be able to
15	share it.
16	MR. HERNANDEZ: So this is the motion that we had
17	previously. This is the updated motion language.
18	CHAIR YEE: Okay. So Commissioners Toledo and
19	Sadhwani, if you're happy with the updated language, then
20	you can
21	COMMISSIONER TOLEOD: So maybe I can read it out to
22	the group so we can all hear it. To seek an order
23	MR. WOOCHER: I'm sorry. I think the additional
24	language was appended to the earlier version of the
25	motion, not the version that we all agreed upon at

1 before we went for the break. 2 CHAIR YEE: Oh. 3 COMMISSIONER TOLEDO: Oh, you're right. So if we 4 can take the last portion of the -- starting with the 5 "with" -- "with the request". If we can cut the last portion of -- thank you, Fred. Thank you for catching 6 7 that. MR. HERNANDEZ: So did you want me to take that out? 8 9 COMMISSIONER TOLEDO: No. If you can -- we're going 10 to move things from the original motion to this motion. 11 MR. HERNANDEZ: Okay, hold on a second. 12 MR. WOOCHER: So you're going to take that last 13 phrase and add that to the original motion. 14 MR. HERNANDEZ: Take the last phrase and add it to 15 the original motion. Okay. Got you. All right. I'm a 16 little slow at this time of the evening, I apologize. 17 MR. WOOCHER: We all are. 18 MR. HERNANDEZ: And it needs to be added at the end here? Or where shall I add it? 19 20 COMMISSIONER TOLEDO: At the end. 21 Replace the period with a comma MR. WOOCHER: Yeah. 22 or insert a comma there. And then, you know, now add --23 and then at the beginning of that you can get rid of the, 24 it's not -- really unnecessary "to accept the advice of 25 counsel", and just have, "to seek an order". There. Ι

115

1 think that's it.

2	CHAIR YEE: Okay. So the revised motion reads as
3	follows: motion to seek an order from the California
4	State Supreme Court confirming that the calculation of
5	the "additional federal delay" as used in the Padilla
6	decision is based upon the date at the Statewide Database
7	is able to reformat the legacy data set into a usable
8	format for building the statewide redistricting database,
9	with a request for an additional extension of four days
10	to account for Christmas and Thanksgiving holidays.
11	Okay, discussion. Commissioner Kennedy?
12	COMMISSIONER KENNEDY: Two things. One, I would
13	suggest that we put, "to be", after "is". "The Padilla
14	decision is to be based upon the date of". And as far as
15	the holidays, we're looking at Thanksgiving, Christmas
16	and New Year's. And I just would put them in
17	chronological order to make sense. But
18	CHAIR YEE: Okay. Commissioners Sadhwani and
19	Toledo, are you okay with those changes?
20	COMMISSIONER TOLEDO: Yes. Those are great
21	comments. Thank you.
22	CHAIR YEE: Okay. And to account for the
23	Thanksgiving, Christmas, and New Year's holidays.
24	Commissioner Vazquez?
25	COMMISSIONER VAZQUEZ: Yeah. I'm just really

thinking about the potential that we could get this
earlier than what we're currently talking about. And I'm
nervous that if we -- if we talk -- if we are specific
about which holidays we are trying to avoid, we may not
get -- we may not achieve the goal that I think we are
trying to achieve, which is to really have community
input of -- after the holidays.

8 So if we get it earlier, I -- like, I'm just -- I'm 9 just afraid that by saying only four days, then at best, 10 maybe January 4th, or you know, January 7th could be what 11 our time line is, which doesn't really get to what I 12 think -- what it -- certainly what I want and what I 13 think I'm hearing from other Commissioners who are 14 wanting us to be mindful of the holiday season.

15 And so I was doing some thinking over the break 16 about what this language could be, and I will read it. 17 And then I can -- I can email it to Alvaro. But it 18 starts, I'm proposing an amendment to preserve the 19 current motion as is starting with a Statewide Database. 20 And then it says -- let's see, the calculation of 21 the "additional federal delay" as used in the Padilla 22 decision is based upon the date the Statewide Database is 23 able to reformat a legacy data set into a usable format 24 for building the statewide redistricting database. And 25 then here's what I'm proposing changes:

cribers

1 And allows for the Commission to issue draft maps 2 consistent with the envisioned statutory time for review 3 that did not have an annual holiday season as a barrier for meaningful public input. Instead of "season", we 4 5 could put a time period of fourteen days. And I'm sending this to Alvaro. 6 7 CHAIR YEE: Okay. Commissioners Toledo and Sadhwani, how do you feel about this proposal? 8 9 COMMISSIONER SADHWANI: I guess for me, I'm just 10 wondering what defines annual holiday season? I think at 11 the end I heard you say fourteen days, and I'm just 12 wondering where that number comes from. And I do also 13 kind of wonder -- and I'm just thinking out loud here, 14 we're basing this on the Christmas season, but certainly 15 there are other seasons that are out there. 16 We don't want to think about those, or we do, or how 17 do we account for those? I mean, of course, we have a 18 federal holiday for Christmas, which is kind of what we 19 based this motion on. But I'm just trying to better 20 understand, like, how to frame an annual holiday season. 21 CHAIR YEE: Commissioner Turner? 22 COMMISSIONER TURNER: Yeah, I was -- I've been 23 trying to think through Commissioner Vazquez and then 24 Commissioner Sadhwani's question. I'm wondering if it 25 can be framed that it just is a winter holiday season, so

1	that we're not naming any explicit holidays. But I think
2	it is common California knowledge that winter holidays is
3	inclusive of quite a bit and there are many things that
4	close down and stop operating during that time period.
5	So the wording, I would probably lean towards naming
6	it either winter or holiday, but the fourteen days comes
7	because for many of the coalition groups that I work in,
8	grassroots groups, it's almost an impossibility to move
9	things through that time period.
10	Things close down and not out of the luxury that
11	they just get to now not work. But because of the
12	complexity of the work all year round, it's almost mental
13	health break, shutdown time, et cetera. So we don't need
14	to go in all of that, but they're not around and it is
15	difficult to engage during that time period, and it is
16	the full two weeks. It's not so the fourteen days, I
17	don't know how to put words around it or on it other than
18	that, but that's when people are ghosts. They're no
19	longer available to engage.
20	CHAIR YEE: Further discussion. Commissioner
21	Andersen? No.
22	COMMISSIONER ANDERSEN: Yes. Yes, I do. Actually,
23	rather than say allow for [da-da-da-da], I kind of like
24	leaving the first set with these changes, the request for
25	additional extension of fourteen days to account for the

	120
1	annual holiday time period. Annual yeah, annual
2	holiday time period.
3	CHAIR YEE: Okay. That is a different proposed
4	amendment.
5	Commissioner Kennedy and then Vazquez?
6	COMMISSIONER KENNEDY: This is just musing aloud.
7	I'm wondering and I mean, I guess we could go back to
8	the videos from 2011, but are we expecting more feedback
9	from the preliminary draft maps or from the final maps?
10	If we're talking about preliminary maps
11	COMMISSIONER ANDERSEN: No, preliminary draft.
12	COMMISSIONER KENNEDY: The wording is preliminary
13	draft maps.
14	COMMISSIONER ANDERSEN: Oh, sorry.
15	COMMISSIONER KENNEDY: The ones that are, you know,
16	due by November 1st, or November 1st plus whatever
17	additional federal delay. I'm just wondering aloud where
18	we expect the most input, and maybe our community
19	partners can help us out on that one. Thank you.
20	CHAIR YEE: Commissioner Vazquez and then Sadhwani.
21	COMMISSIONER VAZQUEZ: I'll pass.
22	CHAIR YEE: Commissioner Sadhwani?
23	COMMISSIONER SADHWANI: Sure. I think as written,
24	if I'm understanding this correctly, this would suggest
25	that we if data is received August 16th, that we are

1	asking for January 7th, plus an additional fourteen days,
2	which would put us at January 21st, which I believe from
3	the prior conversations that we had, would very likely
4	impact the date of the primary. I don't have an exact
5	assessment of whether or not that would actually happen
6	at this point in time, but I would be uncomfortable with
7	that.
8	CHAIR YEE: Commissioner Vazquez? And then I have a
9	comment.
10	COMMISSIONER VAZQUEZ: Yes. Understood. I was more
11	thinking that those fourteen days would be January 2nd
12	onward, so that we'd practically be talking about the
13	16th, right? Is my math right? The 15th, which I guess
14	is a Saturday, so the 14th. And I only put in those
15	the specificity of dates to be more specific about the
16	holiday time period.
17	CHAIR YEE: My comment, and then Commissioner
18	Fernandez. So I'm thinking, on one hand, I'm really
19	torn. On one hand, fourteen days, you know, I mean,
20	since as early as I can remember, fourteen days for
21	Christmas break, you know, that was the best, right? But
22	legally, you know, I mean, it's a school it's a
23	traditional school break period.
24	Legally, I don't know how we would defend it. And I
25	just I just that's, you know, I just don't know. I

could possibly see time for equivalent holiday, you know,
the language that Commissioner Taylor had originally
suggested, a number of holidays on an equivalent basis to
the original period. But fourteen days based on, you
know, granted that's -- that is a special -- a unique
time in the year, but still, legally I just don't see how
that argument is going to carry.

Okay. Commissioner Fernandez?

8

9 COMMISSIONER FERNANDEZ: Yes. Thank you, Chair. Ι 10 would actually -- I would be more comfortable just naming 11 a date, like January 14th, because at the end of the day, 12 we don't know when we're going to receive the data, 13 right? And -- but maybe what we can justify is we know 14 it's going to -- based on when we're going to receive it, 15 it's going to be somewhere within the holiday, winter 16 season, whatever we want to call it.

17 And you know, regardless of when I receive it, I 18 would shoot for more of a specific date so we're not 19 thrown too early, like at the end of December or too 20 late, end of January. So I mean, I would -- January 21 14th, I think it's a -- it's a Friday, I think would be 22 doable. Or I would be able to support that. But again, 23 it's something that we would have to be able to argue. 24 CHAIR YEE: I'd be hesitant about, you know, if that 25 argument fails and that date is rejected, then we're back

1	to nothing. We're just back to Padilla. And so
2	Commissioners Toledo and Vazquez?
3	COMMISSIONER TOLEDO: Thank you, Chair Yee. The way
4	I'm looking at this is it's really two motions in one,
5	the first really being about the at this point, the
6	January 7th date. So the and then a second motion
7	that's kind of tied together about this additional
8	holiday extension.
9	And so we would the arguments would be we'd be
10	seeking advice from or not advice, but we'd be seeking
11	an order from the court on these two issues. And they'd
12	be presented in the best way possible to get the best
13	outcome possible. But we may we might succeed on one
14	and not the other. All right.
15	We're going to make the best we would make the
16	best case possible on both and and not get everything
17	we want. Ideally, we would we would get what's best
18	for because I'm sure the court would weigh what's best
19	for California and to ensure that the constitutional and
20	all of the requirements are met.
21	And so we may or may not get everything we want, but
22	perhaps making the putting forward the arguments
23	may would at least voice the concerns that we're
24	hearing from the community and from some of the
25	Commissioners. So that's something that we could do,

1	doesn't mean we have to do that. And so that's something
2	to think through.
3	CHAIR YEE: Commissioner Vazquez and then Turner?
4	COMMISSIONER VAZQUEZ: Yeah. Like I said, I'm a bit
5	agnostic about the fourteen days. I tried to make annual
6	holiday time period the policy-driving language. Because
7	as there are many holidays through from November to
8	January are several significant cultural and religious
9	holidays that simply just were not were not a an
10	issue in the prior timeline.
11	And so I feel like I would like to see us try to
12	make an argument that accounts for just the fact that,
13	for planning purposes, November and December, every
14	everything across the state in terms of business except
15	unless you're in retail slows down. You they just
16	that business goes slower.
17	I know even in my work in activism, for the most
18	part, we plan for nothing to get done in November and
19	December because people are off on vacations, they're
20	selling celebrating their cultural holidays and
21	Thanksgiving, traveling, et cetera. Things don't
22	things don't happen in November or December, and we
23	basically write those months off as no progress made.
24	They're time for ideating and planning with your internal
25	team. But you don't plan for anything substantive to

ecribers

 happen because nothing can happen. And so I just really I really want us to think about how to implement that at the Commission level. And I agree with Commissioner Fernandez. I think maybe it's probably best for us to name a date that we're shooting for. But I would also like to see in the motion that we approve at least the foundations of what our argument would be for that date. COMMISSIONER TURNER: Thank you. The latter part, with a request for an additional extension to account for and either naming them if it's the Commission's desire or the holidays with an addition with the request for an additional two-week period, or one-week period, or whatever it's going to be, or with the request for an extension until January 14th to allow for, is would be instead of naming the four days, perhaps would be my suggestion. CHAIR YEE: Okay. So at this point, we need Commissioners Sadhwani and Toledo to weigh in on the currently highlighted language. COMMISSIONER KENNEDY: Chair? CHAIR YEE: Commissioner Kennedy? COMMISSIONER KENNEDY: Also and this goes a bit 		125

So at this point, we need 20 Commissioners Sadhwani and Toledo to weigh in on the 21 currently highlighted language. 22 COMMISSIONER KENNEDY: Chair? 23 CHAIR YEE: Commissioner Kennedy? 24 COMMISSIONER KENNEDY: Also and this goes a bit</pre>	16	for an extension until January 14th to allow for, is
19 CHAIR YEE: Okay. So at this point, we need 20 Commissioners Sadhwani and Toledo to weigh in on the 21 currently highlighted language. 22 COMMISSIONER KENNEDY: Chair? 23 CHAIR YEE: Commissioner Kennedy? 24 COMMISSIONER KENNEDY: Also and this goes a bit	17	would be instead of naming the four days, perhaps would
20 Commissioners Sadhwani and Toledo to weigh in on the 21 currently highlighted language. 22 COMMISSIONER KENNEDY: Chair? 23 CHAIR YEE: Commissioner Kennedy? 24 COMMISSIONER KENNEDY: Also and this goes a bit	18	be my suggestion.
<pre>21 currently highlighted language. 22 COMMISSIONER KENNEDY: Chair? 23 CHAIR YEE: Commissioner Kennedy? 24 COMMISSIONER KENNEDY: Also and this goes a bit</pre>	19	CHAIR YEE: Okay. So at this point, we need
 COMMISSIONER KENNEDY: Chair? CHAIR YEE: Commissioner Kennedy? COMMISSIONER KENNEDY: Also and this goes a bit 	20	Commissioners Sadhwani and Toledo to weigh in on the
 CHAIR YEE: Commissioner Kennedy? COMMISSIONER KENNEDY: Also and this goes a bit 	21	currently highlighted language.
24 COMMISSIONER KENNEDY: Also and this goes a bit	22	COMMISSIONER KENNEDY: Chair?
	23	CHAIR YEE: Commissioner Kennedy?
25 to my previous point. I think we might want to consider	24	COMMISSIONER KENNEDY: Also and this goes a bit
25 to my previous point, i chink we might want to consider	25	to my previous point, I think we might want to consider

1	looking at this extension as only applying to the final
2	deadline and not the deadline for the preliminary draft
3	maps, i.e., if we're if we're I mean, the
4	additional federal delay, yes, that should apply to the
5	deadline for the preliminary draft maps. But any
6	additional time should only affect the deadline for the
7	final maps, not the deadline for the preliminary draft
8	maps. And that would serve to ensure more time for
9	public comment on those preliminary draft maps. Thank
10	you.
11	CHAIR YEE: Commissioner Toledo?
12	COMMISSIONER TOLEDO: I'm just wondering if
13	Commissioner Kennedy has any suggested language to
14	account for his suggestion that some language that we
15	might be able he might be able to offer as an
16	amendment to incorporate his thinking? And
17	COMMISSIONER KENNEDY: I think if we if where we
18	talk about this additional extension of X number of days
19	or until such date. Well, if it's until such date, then
20	I think that could reasonably be interpreted as only
21	applying to the final the deadline for the final maps.
22	If we're if we're asking for a certain number of days,
23	then I would just say for an additional extension of X
24	number of days to the deadline for the final maps.
25	Making it clear that it only applies in the case of the

www.escribers.net | 800-257-0885

```
1
```

final maps. Thank you.

2	CHAIR YEE: So to be clear. So that would
3	potentially change the proportion of time periods for
4	draft and final map? Okay. Whoa. That's an even bigger
5	ask.

6 MR. WOOCHER: Actually, I think that's what we 7 were -- I mean, that -- I would agree with Commissioner Kennedy. That was implicit in my understanding of what 8 9 we were asking for, that it would only be for the final maps. That's the -- that's really what everybody's been 10 11 talking about. And it's really just a -- it should have 12 been in there to begin with to make that clear. But that 13 would have been my understanding of the intent. And yes, 14 it would change that six weeks. The theory would be it's 15 not really effectively six weeks because of the holidays. 16 And in order to preserve the intended time period for 17 public review, you need to actually make that six weeks a 18 little longer.

19 CHAIR YEE: Okay. Well, we have some proposed 20 amended language, including the fourteen-day language, as 21 an amendment that, Commissioners Toledo and Sadhwani, we 22 need you to either accept or reject.

23 COMMISSIONER TOLEDO: I think the Commissioner 24 Akutagawa was going to say something.

25 CHAIR YEE: Okay. Commissioner Akutagawa?

1	VICE CHAIR AKUTAGAWA: Thank you. Not going to
2	necessarily say I have additional language, but I do
3	wonder if there's if it makes sense to say something
4	that okay. Let me start over. I know that what I'm
5	hearing is that there's some concerns of what ifs. What
6	if we get the data earlier than then? That would move up
7	the timeline even if we say fourteen days, we could still
8	find ourselves within that, you know, the final maps
9	being due within a holiday time. Therefore, the the
10	ideal of having a stated date by which the final maps
11	would be submitted.
12	I wonder if there's some language that could be in
13	there that is kind of similar to what's in here, whether
14	it's fourteen days or something. But should it fall
15	within, you know, the last two weeks of December due to,
16	you know, a winter holiday time, that the timeline would
17	be moved forward, you know, X amount of days or something
18	like that.
19	So then regardless of when we get it in August I
20	doubt it's going to come any earlier than the 16th. But
21	I think to some of the I think some of the
22	conversations, someone said, well, what if we get it like
23	a week earlier then? You know, I mean, just trying to be
24	prepared for all that, short of just stating the date.
25	If there's discomfort in stating the date.

	129
1	CHAIR YEE: Okay. We've had one written and several
2	verbal suggested amendments.
3	Commissioner Andersen?
4	COMMISSIONER ANDERSEN: Okay. I think I might have
5	it finally. With a request for an additional extension
6	for the final maps to January 14th to account for the
7	annual holiday period oh and that allows for
8	meaningful public input.
9	COMMISSIONER TOLEDI: Commissioner Kennedy, does
10	that language incorporate your feedback?
11	COMMISSIONER KENNEDY: Can you repeat that,
12	Commissioner Andersen?
13	COMMISSIONER ANDERSEN: So okay. So basically it's
14	on the first part of it. And it says, after the comma,
15	"building statewide redistricting database", with a
16	request for an additional extension of no, an
17	additional sorry with a request for an additional
18	extension for the final maps to January 14th to allow for
19	meaningful public input. I'm sorry. The annual the
20	annual holiday party needs to go in their first. To
21	January 14th to account for the annual holiday time
22	period and allow for meaningful public input.
23	COMMISSIONER KENNEDY: I mean, that does address my
24	point about extending only the deadline for the final
25	maps. Thank you.

1	COMMISSIONER ANDERSEN: And it puts and it puts a
2	final day on it, not just it moves that time period.
3	Although I don't want you to say about the three days and
4	seven days. But it does move into the 14th.
5	CHAIR YEE: Friday, the 14th. Okay. So that's
6	another proposed amendment to the motion.
7	COMMISSIONER TOLEDO: I guess, I'm just curious if,
8	as we were debating and thinking through this amendment,
9	does it I'm just Commissioner Kennedy mentioned
10	that it addresses one of his issues. Is there an issue
11	that the amendment doesn't address or that the language
12	doesn't address or any concern that you might have around
13	that if we were to change this make the amendment?
14	CHAIR YEE: Commissioner Kennedy, respond to that.
15	COMMISSIONER TOLEDO: Because I mean, the reason
16	that I ask that is Commissioner Kennedy has been spending
17	so much time on the Gantt chart. You know, he has that
18	Gantt chart memorized and he knows every little thing
19	that could potentially be impacting and who it would
20	impact. So I just I'm curious to get his take on
21	this.
22	CHAIR YEE: So Commissioner Kennedy, then Turner,
23	then Taylor.
24	COMMISSIONER KENNEDY: Yeah. I mean, again, the
25	counties need these maps before they can begin drawing

new precinct lines. Drawing new precinct lines is likely to take thirty to forty-five days. And you know, I --I -- people often underestimate the amount of work it takes to organize an election. And I don't want to be the cause of election failure. I mean, this may -- this may require a further change to the primary date. That would be my only concern.

CHAIR YEE: Commissioner Turner?

8

9 COMMISSIONER TURNER: Yes. I was going to state 10 that I like the amendment or the suggestion that 11 Commissioner Andersen is lifting. And I'm hopeful that 12 by allowing the community more time to fully participate 13 with enough advanced notice, that perhaps there can be 14 additional people hired in to help with the process of drawing the lines, or there can be something else that 15 16 would be able to assist them with this advance notice so 17 that we are at least allowing enough time for -- because 18 we want them to draw lines, we want them to participate 19 behind good data, behind complete and inclusive data. 20 And so I rush in any process and anything that is 21 It is. But I'm just really hoping that there tough. 22 would be an opportunity for them to make adjustments now 23 knowing that this may for them also be a year that's an 24 anomaly, one that they may have shorter amount of time 25 than they typically do, and see what can be done to help

1 them accommodate that.

2	CHAIR YEE: Commissioner Taylor?
3	COMMISSIONER TAYLOR: Thank you. I would like some
4	clarification or somebody to help me with how we arrived
5	at fourteen days, is was that qualitative? How do we
6	define what the holiday season is? And then again, there
7	was just a mention as to data. What would be our data to
8	support that when caused to when it's brought to
9	question. Thank you.
10	CHAIR YEE: Commissioner Sadhwani?
11	COMMISSIONER SADHWANI: I think, just to answer
12	Commissioner Taylor. As far as I can tell, January 14th
13	is an arbitrary date based on an assessment of the
14	Commission. That being said, if it's the will of the
15	Commission to go and ask the Supreme Court for the 14th,
16	then let's do it, right. You know, we've talked about
17	this issue over and over and over again for many months.
18	And I think the time is upon us to take action and
19	to move forward because inaction is actually going to
20	cost us time in the long run if we don't clarify our
21	final date. I would have preferred to have had a date
22	that we go to the Supreme Court that has some rationale
23	or data behind it.
24	But it sounds like there's a there's that, you
25	know, Commissions are kind of circling around January

1	14th. If that's what it takes for us to move forward,
2	then I can move forward with that. I mean, I think we
3	need to keep this process going. So if January 14th is
4	our date, I'm okay with that.
5	CHAIR YEE: I think we have two fourteens going
6	here, January 14th and then the fourteen-day delay.
7	COMMISSIONER SADHWANI: My preference is the January
8	14th if I can just respond to that. The fourteen-day
9	time period, in addition to the first half of that
10	sentence, would put us at the 21st, which I do think
11	would have a severe impact on the primary.
12	I don't know about the 14th, but I think it was
13	somewhat squishy when we had done some of that analysis
14	before. So possibly we could retain the primary date.
15	But at the end of the day, this is simply a request to
16	the Supreme Court. We don't know that we would get it.
17	CHAIOR YEE: We have Commissioners Turner, Toledo,
18	and Andersen. And then we actually have some public
19	comments that we probably would like to hear.
20	Commissioner Fernandez, as well.
21	Commissioner Turner?
22	COMMISSIONER TURNER: Yes. So I'm talking January
23	14th. And I think that there is no hard data unless
24	there has been studies done about just community
25	participation in the holiday months. So I don't think

we're going to get any hard data at all. I think the additional time period just will allot for -- again, just repeating the same information. I think it will allot for Californians to engage those that aren't typically engaging in the process.

6 We are out trying to ensure that we're doing our 7 part for outreach, and those that we're outreaching to -those that will always participate in process, will 8 9 participate in the process regardless of what it is. And 10 we're trying to expand this to -- for more. And the 14th 11 will just allow that because it gets them further beyond 12 the time period that typically they're not around to 13 engage. They're not available or they don't respond. Т 14 should not say they're not around or available, where we 15 don't have opportunity to engage; things do shut down 16 during this time period. So no hard data to be had. Tt. is very soft and squishy, but based on my fact and 17 18 reality of many years. 19 CHAIR YEE: Commissioner Toledo?

20 COMMISSIONER TOLEDO: I think my point is that --21 that I wanted to make was that this is a -- this can be 22 crafted in a way that it's two arguments, right, one for 23 the initial argument that we had initially, and then 24 secondarily, the additional time for the holidays. 25 So we -- so it doesn't in case we got one or the

1	other, or both ideally. But and also the January 14th
2	would the reason I I'm thinking may work is that it
3	does give a planning date, right? It kind of sets a date
4	for the latest possible date for us to get the maps in.
5	And so from a planning perspective, it's for and
6	not just planning for us, but planning for all of
7	everyone else, although it is a challenge because it
8	doesn't mean we're going to get it. But that would be
9	the potential. It allows us to plan better and plan our
10	time out, and ensure the meaningful input and do our job
11	in a planful way. Certainly we're planning, but having a
12	final we're seeking additional time.
13	CHAIR YEE: Commissioner Andersen?
14	COMMISSIONER ANDERSEN: Yeah, I actually said this
15	because I think we really need to ask for it. The public
16	has asked has asked us to ask for it. I don't think
17	we get it. I think is going to be January 7th. And
18	we're going to say, well, thanks. We looked because I
19	think the January 14th, they'll take one look at that and
20	then go back to the election board, unless the election
21	board says yes, then, okay, we'll get the 14th.
22	Otherwise, I think we'll get the 7th. But that's
23	why I said the additional extension just for the final
24	map. Because otherwise, if the dates go by the first
25	part, it will be the 7th. So at least if they like the

1 first part, we'll get the 7th and then hopefully more. 2 But and then there's the issue still, guys, of the three 3 days and seven days. But let's not even talk about that. 4 CAHIR YEE: Okay. So we'll get to that. That's 5 easier, hopefully. Commissioner Fernandez and then we'll go to public 6 7 comment. COMMISSIONER FERNANDEZ: I just wanted to note that 8 9 many of the comments that we received talked about, you 10 know, our date being late January, and then they talked about extending the election date to end of June. 11 We --12 as a Commission, we have no authority on that date. We 13 if -- if we miss the date and if they don't change their 14 date, I guess you can move forward with the old maps, although the Congressional districts, I'm not sure what 15 16 they would do with that because there's two different numbers now. So personally, I would try to not -- I 17 would try to get -- I would want to get the maps in 18 19 before it would impact the elections, the primaries. 20 CHAIR YEE: Okay. We're going to public comment now, but note that the motion as it stands does not 21 22 include the amended language, at least not yet. 23 So Katy, could we take public comment, please? 24 PUBLIC COMMENT MODERATOR: Yes, Chair. May I ask 25 for clarification on what the public comment is on?

	137
1	CHAIR YEE: Yes. Public comment on the motion on
2	the floor concerning our timeline.
3	PUBLIC COMMENT MODERATOR: Okay. Thank you, Chair.
4	The Commission will now take public comment on the
5	current motion on the floor for the timeline relating to
6	motion for 4-A agenda item 4-A. To give comment,
7	please call 877-853-5247 and enter the meeting ID number
8	95977110538 for this meeting.
9	Once you have dialed in, please press star 9 to
10	enter the comment queue. The full call-in instructions
11	have been read previously in this meeting and are
12	provided in full on the livestream landing page. And at
13	this time we do have several raised hands.
14	Caller 2448, we will be beginning with you. Please
15	follow the prompts to unmute. Caller 2448, the floor is
16	yours. Go ahead.
17	MR. CANNON: Hello. My name is Peter Cannon, and I
18	have called in previously. When the Padilla decision set
19	a deadline of December 15th, there were four state
20	holidays between the July 31st release of census data and
21	that December 15th adoption deadline: Labor Day,
22	Veterans Day, Thanksgiving Day, and the day after.
23	Under your proposed timeline, there would be two
24	additional state holidays, Christmas and New Year's.
25	Also, when the court moved the deadline from August 15th

137

1	to December 15th, they did not add additional days for
2	the additional holidays covered by that change, including
3	Labor Day, Veterans Day, and Thanksgiving. Thank you.
4	CHAIR YEE: Thank you, Mr. Cannon.
5	PUBLIC COMMENT MODERATOR: Thank you so much. Up
6	next, we have caller with the last four 5405. If you
7	will please follow the prompts to unmute. Caller 5405,
8	the floor is yours. Go ahead.
9	MR. JOHNSON: Hello, Commissioners. This is Dylan
10	Johnson with SEIU California again. Thank you for
11	opening it back up to public comment on this item. So I
12	just wanted to point out, your counsel has said that he
13	cannot give you advice in open session on seeking
14	additional time for the holidays. And the whole reason
15	the Commission has waited more than two months to address
16	this issue is so you could have counsel give you advice.
17	So I would, you know, recommend before moving forward
18	with such a motion, you should get advice from counsel,
19	even if that means going briefly back into closed
20	session.
21	You took two months, so it would be worth a few
22	extra minutes. For example, to Commissioner Sadhwani's
23	point and Kennedy's point, the more the deadline is
24	delayed, the more you will conflict with the electoral
25	calendar. And if that conflict impacts your chances for

1	success with the court, that's certainly something I
2	would want to know as a Commissioner before casting my
3	vote. So I just wanted to make a suggestion. And again,
4	I appreciate you taking the time and for the hard work
5	tonight.
6	CHAIR YEE: Thank you, Mr. Johnson.
7	PUBLIC COMMENT MODERATOR: Thank you so much. Up
8	next, we have caller 6597. If you will please follow the
9	prompts to unmute. Thank you so much. Go ahead. The
10	floor is yours.
11	MR. BANE: Hello?
12	PUBLIC COMMENT MODERATOR: Yes, hello. The floor is
13	yours.
14	MR. BANE: Thank you. David Bane, again, from the
15	San Diego County IRC. I just wanted to confirm to you on
16	our letter that I referred to earlier contains a
17	rationale for January 15th, of all things. When we
18	recognized it was this Saturday, we've actually shifted
19	to January 14th. But in addition to some of the points
20	that have already been brought out, I did want to mention
21	again that we have been in contact with registrars voters
22	and others who work on preparation.
23	And as Commissioner Kennedy so eloquently said, we
24	landed on January 14th, not least because it provided a
25	challenging, but at least possible, in our view, way to

ecribers www.escribers.net | 800-257-0885

1	keep moving forward and keep things in sequence and on
2	time while still allowing the public time for input
3	before and after map drawing.
4	I do want to mention, though, that you have the
5	chart that I mentioned earlier in the full attachments on
6	page 9 of how we looked at all the various dates
7	involved. But we are very concerned, and have been,
8	about allowing the public time during periods of
9	holidays.
10	And I don't want to be specific about any particular
11	holiday, but when communities of interest themselves may
12	have opportunities to talk, but also may have times that
13	would be challenging to respond. So I appreciate the
14	idea of going for a specific date and see how the court
15	reacts.
16	I think Commissioner Sadhwani has made the key
17	point. Taking some action tonight really is important
18	and really critical and would help us and I think members
19	of the public understand where you are, as so many have
20	said. But I do want to express appreciation for the
21	awareness that none of this is happening in a vacuum,
22	that there is important work before and after whatever
23	date is proposed, and that I'm confident local
24	commissions will continue working with you.
25	And I hope the Legislature will as well, on finding

1all ways to mitigate this, because it's going to have2impact beyond the Commission's work. But I'm heartened3by the discussion tonight. Appreciate it and appreciate4the again, the chance to talk to you. Thank you.5CHAIR YEE: Thank you, Mr. Bane.6FUBLIC COMMENT MODERATOR: Thank you so much. Up7next, we have caller 3723. If you will please follow the8prompts to unmute. Caller 3723, the floor is yours. Go9ahead.10MS. HOWARD: Good evening, Commissioners. It's11Deborah Howard, California Senior Advocates League. I12have three questions from your discussion about this, and13I'm wondering if you can share or have an anticipated14timeline that the court would respond, what when might15we get clarity?16And then second, can you confirm, I believe17Commissioner Yee said that reformatted data is not18usable. It has to be reformatted and reallocated. So my19question is, is does that make September 23rd the date in10the original scenario memo for reformatted and11reallocated data to be the official calendar trigger?12And the second or the third question is is lastly,13both Commissioners Turner and Vazquez have talked made		
 by the discussion tonight. Appreciate it and appreciate the again, the chance to talk to you. Thank you. CHAIR YEE: Thank you, Mr. Bane. PUBLIC COMMENT MODERATOR: Thank you so much. Up next, we have caller 3723. If you will please follow the prompts to unmute. Caller 3723, the floor is yours. Go ahead. MS. HOWARD: Good evening, Commissioners. It's Deborah Howard, California Senior Advocates League. I have three questions from your discussion about this, and I'm wondering if you can share or have an anticipated timeline that the court would respond, what when might we get clarity? And then second, can you confirm, I believe Commissioner Yee said that reformatted data is not usable. It has to be reformatted and reallocated. So my question is, is does that make September 23rd the date in the original scenario memo for reformatted and reallocated data to be the official calendar trigger? And so I'm just hoping that you will clarify what is what you what you're defining as usable format. 	1	all ways to mitigate this, because it's going to have
4the again, the chance to talk to you. Thank you.5CHAIR YEE: Thank you, Mr. Bane.6PUBLIC COMMENT MODERATOR: Thank you so much. Up7next, we have caller 3723. If you will please follow the8prompts to unmute. Caller 3723, the floor is yours. Go9ahead.10MS. HOWARD: Good evening, Commissioners. It's11Deborah Howard, California Senior Advocates League. 7 next, we have caller 3723. If you will please follow the 8 prompts to unmute. Caller 3723, the floor is yours. Go 9 ahead. 10 MS. HOWARD: Good evening, Commissioners. It's 11 Deborah Howard, California Senior Advocates League. I 12 have three questions from your discussion about this, and 13 I'm wondering if you can share or have an anticipated 14 timeline that the court would respond, what when might 15 we get clarity? 16 And then second, can you confirm, I believe 17 Commissioner Yee said that reformatted data is not 18 usable. It has to be reformatted and reallocated. So my 19 question is, is does that make September 23rd the date in 20 the original scenario memo for reformatted and 21 reallocated data to be the official calendar trigger? 22 And so I'm just hoping that you will clarify what is 3 what you what you're defining as usable format. 24 And the second or the third question is is lastly,	5	CHAIR YEE: Thank you, Mr. Bane.

	23	what you what you're defining as usable format.
25 both Commissioners Turner and Vazquez have talked made	24	And the second or the third question is is lastly,
	25	both Commissioners Turner and Vazquez have talked made

	142
1	many comments about the holiday season. And my question
2	is, are you looking at this as time for the Commission to
3	close down so families and other people would just be
4	celebrating as they celebrate? Or are you looking at
5	that as just I'm not understanding how you're thinking
6	about that.
7	And then, there is
8	MR. MANOFF: Thirty seconds.
9	MS. HOWARD: I think that's it. Thank you.
10	CHAIR YEE: Thank you, Ms. Howard.
11	MS. HOWARD: Thank you.
12	CHAIR YEE: Yeah. I don't think anyone has
13	discussed whether or not we would take any time off other
14	than federal holidays federal and state holidays. The
15	time required for the reformatted data to be reallocated
16	as well, that has never been part of the calculation of
17	deadlines. That's simply time that has to be spent in
18	order to produce the database that we actually use for
19	redistricting.
20	So my mentioning that was not to comment on
21	deadlines, but rather just to comment on what it means to
22	have something delivered to the Commission. What will be
23	delivered to the Commission will be the reformatted and
24	reallocated data. That's what we work with. Any other
25	comments respond to her other questions? And actually I

1	lost track of them. If not, let's see. Any other
2	callers, Katy?
3	PUBLIC COMMENT MODERATOR: Chair, I believe Turner
4	had her hand
5	COMMISSIONER TURNER: Yeah. So
6	CHAIR YEE: Are you responding to Ms. Howard?
7	COMMISSIONER TURNER: Yes. Thank you for the
8	question. Though I would love that time for family, it
9	was not so much so for personal, but it was to ensure
10	that Californians community all community would
11	have all Californians would have an opportunity to
12	participate during the and not have more time to
13	participate after the holiday period.
14	What we know about many of our organizations,
15	grassroots organizations, those that are in place in an
16	attempt to get people to engage civically that do not
17	typically engage. We know that for that last couple of
18	months the last couple of weeks every year, we know
19	that the either the organizations aren't there to engage
20	the public and they're not there because typically what
21	we see is public that either go away, they do face
22	forward towards their families. Some go out of town,
23	some go, you know, from whatever their place of origin
24	is, and they're just not here.
25	We are just very careful and wanting to ensure that

1	we give people the opportunity to participate, to see
2	those final maps, to be able to weigh in on them at a
3	time when they are here in California and present and not
4	distracted by holidays or anything else. We want those
5	voices participating.
6	CHAIR YEE: Thank you, Commissioner Turner.
7	Any other callers?
8	PUBLIC COMMENT MODERATOR: That was all of our
9	raised hands of this time, Chair.
10	CHAIR YEE: Okay. We'll go to further Commissioner
11	comments, starting with Commissioner Sinay and then
12	Akutagawa.
13	COMMISSIONER SINAY: Can we just put in January 14th
14	and keep it simple? I mean, I feel like the way the
15	motion is written now, we're giving them way too many
16	reasons to say no or to get confused. I'm confused. And
17	I mean, I know legalese is confusing, but I think when we
18	try I just feel like if we were to or say I
19	don't know.
20	It just I mean, I'm I will go with the June
21	the January 14th. I feel more confident with the January
22	7th date, and but I think we need to make a decision
23	and but I wouldn't want to leave us open to it
24	happening on December 26th, the deadline ending up being
25	December 26th. And that's why I keep going back to can

www.escribers.net | 800-257-0885

1	we just put a concrete date?
2	CHAIR YEE: Commissioner I'm sorry, Commissioner
3	Akutagawa, and then Sadhwani?
4	VICE CHAIR AKUTAGAWA: Well, actually, a couple of
5	things. One, I'm sorry if I kind of spaced out on this,
6	Commissioner Yee, but I think the previous caller asked
7	when the court might respond. So I just wanted to just
8	put that out there.
9	CHAIR YEE: Oh, right.
10	VICE CHAIR AKUTAGAWA: Separately, I guess I just
11	want to just make it known. I mean, I agree with I
12	don't know, I guess I'm just really feeling a lot of a
13	lot of angst on all of this. I mean, I completely agree.
14	And I hear what what is being said about the holiday
15	time. Although, I do also want to just acknowledge that
16	not everybody celebrates that holiday time in the same
17	ways because it's a religious or whatever other holidays.
18	There are people who actually just just look at
19	it as it's just vacation time because the rest of the
20	state, or you know, their colleagues shut down. So I do
21	want to just acknowledge that difference. But with that
22	said, I think whatever we need to do to ensure that we
23	get the best possible comments that we can, but also at
24	the same time, I do also want to just state that any
25	delay that is going to impact the primary dates is of

1	great concern to me because I think that that is going to
2	disenfranchise Californians more so than the fact that
3	they have to give comment during a holiday time.
4	And I think to me, that's going to be an important
5	goalpost that we need to keep our eye on as well, too.
6	So you know, hopefully we can, you know, have have
7	I don't want to say have our cake and eat it, it's not
8	really that. But to be able to accommodate the
9	additional time that's needed, but also making sure that
10	we remain mindful of the time.
11	And I do appreciate David David Bane's comments
12	about what San Diego has done. And and we should
13	probably, you know, if we can, maybe take a closer look
14	at what they've also written in as well to to help us.
15	CHAIR YEE: Commissioner Sadhwani, Vazquez, and then
16	we actually have another caller.
17	COMMISSIONER SADHWANI: Yeah, I just I two
18	things, largely in response to Commissioner Sinay. I'm
19	happy to well, it's not my motion, it's Commissioner
20	Toledo's. But as the person who seconded it, I would be
21	happy to accept the language of adding January 14th to
22	that end part as Commissioner Andersen, I think it was,
23	had suggested previously.
24	And then the second point, yeah, absolutely, the
25	court could come back and say it's not January 7th, it's

1	not the 14th, it's the 31st or some other date.
2	Certainly, we saw that to be the case in Michigan in the
3	recent case that that occurred there.
4	So of course, this is a different court. Perhaps
5	they'll think differently about it in terms of the people
6	of California and the process that we are engaging in.
7	But of course, that is one option that the court would
8	have in front of it. But I would be comfortable putting
9	the date of the request date of January 14th to that
10	second half of the motion.
11	CHAIR YEE: Commissioner Vazquez?
12	COMMISSIONER VAZQUEZ: Yeah. I think I just wanted
13	to respond to Commissioner Akutagawa's point. I think,
14	at least for me, the way I was envisioning these two
15	weeks. For me, they're a compromise for what I would
16	truly want, which is at least an additional month,
17	considering I feel like, like I've said before, November
18	and December are slow business months and by asking for
19	two weeks into the new year, that for me seems like a
20	very a huge compromise on our part in terms of
21	community input and compromising depth and meaningfulness
22	of the community input we receive.
23	And for me, that two weeks is a huge compromise,
24	ideally. And what many community partners have asked us
25	to do is set a deadline at the end of January. So I

1	already feel like we are we're compromising. I am
2	certainly compromising by this two week.
3	So it's there's somewhat of a legal. I was
4	attempting to trying to make a legal argument by
5	referring to the two weeks between Christmas and New
6	Year's. But ideally, in my mind, we really we really
7	lose two months of real substantive business work with
8	our timeline as is.
9	And so this two-weeks is an is that is a
10	compromise. And extending beyond that in terms of, like,
11	how much I believe the Commission is compromising in
12	deference to elections administration. I actually I
13	really disagree that that our process, our redistricting
14	process is any less important in terms of free and fair
15	elections than the administration of precinct drawing.
16	And I especially I like I take I take
17	issue and I don't think, Commissioner Akutagawa, this
18	is your implication. But I feel like some of this
19	process is the implication that the Commission has more
20	flexibility or is asking for more flexibility with its
21	mandate than can be can be accommodated in other
22	processes related to fair elections.
23	For me, again, speaking personally, if we have to
24	move the primary date, let's move the primary date.
25	Like, those are that's largely administrative. And I

1 feel like we're being asked to compromise a huge piece of 2 our mandate and the value of Citizens Redistricting 3 Commission, which is community input for -- and not --4 and not having the administration of elections that take 5 place after our process, like, that is immobile because 6 it doesn't require community input.

And I feel like we're just -- like the implication, I feel like what we would be saying if we don't at least ask our partners in elections to, like, make additional accommodations or have them seek additional relief is that, oh, because, you know, we can, we can be flexible with community input. And I just -- I'm uncomfortable with that implication.

14 I feel like we have a mandate to do meaningful 15 public input. We know that public input will necessarily 16 go down between November and December. And the 17 compromise that I hope this Commission makes is that we 18 at least ask for two weeks to make up for that lost 19 business time and community engagement time in two 20 months. 21 CHAIR YEE: Okay. We are about to go to public 22 comment. But before that, Commissioner Toledo, I don't 2.3 think he weighed in on the fourteen-day thought that

24 Commissioner Sadhwani had proposed.

25 COMMISSIONER TOLEDO: And I don't know if

cribers

1	Commissioner Sadhwani wanted to go first. But you know,
2	I think Commissioner Taylor was one of the reasons why we
3	started thinking about an amendment. So I'm just curious
4	to see where he stands on the in terms of the language
5	that is proposed by Commissioner Andersen, because that's
6	the language that we're looking at this point, and
7	whether it embodies the spirit of the language that he
8	originally proposed or doesn't. And that's the one point
9	that I'm still trying to debate.
10	CHAIR YEE: Okay. Commissioner Taylor, if you have
11	a brief response to that.
12	COMMISSIONER TAYLOR: Yeah. Briefly. Thank you.
13	You know, I think that there was so this to me sounds
14	like a total challenge to that to that whole timeline.
15	And I understand that that this is an exceptional time
16	given the circumstances that are that are before us.
17	And I'm trying to wonder if all the adjustment is being
18	made by the Commission. And where and if we're giving
19	due regard to the legal standard that the statutory
20	standard that was given to us. So my original verbiage
21	was trying to be respective of that timeline and in
22	relations to what's before us.
23	So I would I would have to I would I'm
24	grappling with what to me seems like the arbitrariness of
25	the fourteen days. Or you know, maybe I can come to

ecribers

	101
1	grips with a hard date. But holiday season as a whole
2	seems to me to be innocuous. It's whole. I don't have a
3	definition for that that I struggle with. Thank you.
4	CHAIR YEE: Let's go ahead and take public comment.
5	Commissioner Sadhwani, do you want to jump in before
6	we do that?
7	COMMISSIONER SADHWANI: No, that's fine.
8	CHAIR YEE: Okay. At this point, the motion on the
9	floor is the motion as first revised without further
10	amendments concerning fourteen days or January 14th.
11	Okay, with that Katy, let's take our callers.
12	PUBLIC COMMENT MODERATOR: Would you like me to read
13	the instructions still or just take the callers?
14	CHAIR YEE: Let's just take the callers.
15	PUBLIC COMMENT MODERATOR: Okay. All right. Caller
16	6337, please follow the prompts to unmute. Caller 6337,
17	go ahead. The floor is yours.
18	MS. GOLD: Good evening, Commissioners. Rosalind
19	Gold with NALEO Educational Fund. My apologies if my
20	comment might be just slightly broader than the specific
21	motion that's on the floor, but it is certainly germane
22	to the topic that's being discussed, which is can the
23	Commission and should the Commission frame a request to
24	the Supreme Court for additional time beyond what might
25	be seen as a very formulaic calculation based solely on

1	the trigger date of when the legacy data is formatted?
2	And I just want to thank the Commissioners for
3	thinking in a wider way. I think that if the
4	Commissioners include an ask that goes beyond that
5	formulaic ask, that certainly making the best arguments,
6	I think as one of the Commissioners says, what is in the
7	best interest of the State of California and is
8	consistent with the Supreme Court's language on the need
9	for public input is certainly a very valuable option that
10	the Commission should look at.
11	And then finally, I know some Commissioners have
12	expressed concerns that if we change the primary date, we
13	will lead to voter confusion. Well, you know, as an
14	organization that has done a lot of voter education and
15	engagement, once we know the date of an election, we can
16	be very nimble and flexible on public education.
17	I mean, we are now gearing up to educate Latino
18	voters about a recall election, which is something that
19	we had
20	MR. MANOFF: Thirty seconds.
21	MS. GOLD: no idea was going to be happening, you
22	know, ten months ago. So if, you know, we do have a
23	change in the primary date and it's not clear that
24	that would happen, but if we do have that we can adapt to
25	educating our communities to about that.

MR. MANOFF: Fifteen seconds.

2	MS. GOLD: And that is a tradeoff we're willing to
3	take for the ability to have robust public comment once
4	the final draft maps are published. Thank you so much.
5	CHAIR YEE: Thank you, Ms. Gold. Next caller.
6	PUBLIC COMMENT MODERATOR: Yes. Next caller is
7	caller 0563. I would like to invite those in the queue
8	to press star 9 indicating they would wish to comment
9	during this time. Right now caller 0563 does have their
10	hand raised. If you will follow the prompts to unmute.
11	Caller 0563, go ahead. The floor is yours.
12	MR. WOODSON: Good evening, Commissioners. This is
13	James Woodson calling from the Black Census and
14	Redistricting Hub. Thank you for this really robust
15	conversation and really the last few months of
16	deliberation that you all have been taking around this
17	issue.
18	I really called in, one, to echo my colleague from
19	NALEO's comments that she just made around the primary.
20	In specific, I wanted to just sort of address
21	Commissioner Akutagawa's comment about disenfranchisement
22	of voters, and you know, wanted to really just sort of
23	uplift that comment. There's certainly a risk of any
24	election, right, of disenfranchisement.
25	But I did want to emphasize, as you all are doing,

1	weighing of various different sort of factors and
2	considerations on all of these issues, that there is a
3	great risk of disenfranchisement and people not being
4	able to participate in redistricting. You know, the
5	impact of that could really, you know, be felt across
6	multiple elections, not just one election. You're
7	talking about at minimum ten, right?
8	A primary in sort of an Assembly race and a general
9	election. And so again, as you are thinking about this,
10	right, disenfranchisement is not just about people being
11	able to vote in an election, but really them being able
12	to participate in civic engagement and
13	MR. MANOFF: Thirty seconds.
14	MR. WOODSON: participation. And that includes
15	the redistricting process, right? And that's that's
16	part of what we're fighting for is to be able to have
17	people be able to meaningfully engage in the
18	redistricting process, but also in voting.
19	MR. MANOFF: Fifteen seconds.
20	MR. WOODSON: So thank you for your time, I just
21	wanted to make that point, and I appreciate the
22	conversation.
23	CHAIR YEE: Thank you, Mr. Woodson.
24	PUBLIC COMMENT MODERATOR: Thank you so much.
25	Caller 3643, if you will please follow the prompts to

www.escribers.net | 800-257-0885

1 unmute. Caller 3 -- go ahead. The floor is yours. Good 2 evening. MR. MEHTA STEIN: Thank you. Good evening. My name 3 4 is Jonathan Mehta Stein. I'm the executive director of 5 California Common Cause. I wanted to call in and thank the Commission for its long, robust, thoughtful, careful 6 7 conversation tonight on this topic and the conversations 8 you've had on this topic going back now for weeks or 9 months. 10 In particular, I want to thank you for being the carriers of the torch when it comes to the intent of the 11 12 Voters FIRST Act. We fought for the Voters FIRST Act in 13 order to put the community and the California public in 14 the driver's seat of the redistricting process. And we 15 see the care that you show towards that goal and today's 16 conversation and the conversation about how exactly to 17 extend the public participation period around and past 18 the holidays. 19 So we can see the intense -- your effort to protect 20 the original intent of the Voters FIRST Act in a 21 conversation today and in the careful consideration 22 you're giving to these issues. And so I just wanted to 23 call in and extend my personal thanks for the work that 24 you're doing and the work ahead. Have a great evening. 25 CHAIR YEE: Thank you, Mr. Mehta Stein.

cribers

	120
1	PUBLIC COMMENT MODERATOR: That's all our raised
2	hands at this time, Chair.
3	CHAIR YEE: Okay. If we could have the motion
4	displayed once more.
5	Commissioner Toledo?
6	COMMISSIONER TOLEDO: So yeah, it'd be great if we
7	can have the motion displayed and the and I'm at this
8	point leaning towards Commissioner Andersen's friendly
9	amendments with the January 14th date specified.
10	CHAIR YEE: Okay. Let's get that language
11	finalized.
12	COMMISSIONER TOLEDO: And that's, just for in
13	terms of background, it's trying to balance the our
14	stakeholder feedback, ensuring that we get meaningful
15	input from the community, from the stakeholders, and
16	making sure that we are protecting the fundamental rights
17	of individuals to participate in our process, but also to
18	protect their ability to elect a person of their choosing
19	in the primary.
20	So it's balancing all of these things and trying to
21	get to a compromise that ultimately we can hopefully all
22	support, because that would be the strongest message, but
23	if not most of us supporting.
24	CHAIR YEE: Okay. So the language you wish to
25	change?

1	COMMISSIONER TOLEDO: So perhaps Commissioner
2	Andersen can read out her language.
3	COMMISSIONER ANDERSEN: I actually sent it to the
4	Director Hernandez.
5	MR. HERNANDEZ: Yes, I've just added it. I deleted
6	everything beyond the comma.
7	COMMISSIONER TOLEDO: Thank you, Commissioner
8	Andersen.
9	MR. HERNANDEZ: Is that where you wanted the
10	language?
11	COMMISSIONER TOLEDO: I think it's missing a "with"
12	after the comma. With
13	COMMISSIONER ANDERSEN: Yes.
14	COMMISSIONER TOLEDO: an additional
15	COMMISSIONER SADHWANI: With the
16	COMMISSIONER ANDERSEN: With a request.
17	COMMISSIONER TOLEDO: Thank you.
18	COMMISSIONER ANDERSEN: For an, A-N, additional
19	for an additional extension for the final maps to January
20	14th. Oh, I'm sorry. Whoops. No, no, no. You're
21	missing, [da-da-da] with a request for additional
22	additional extension for maps to allow for meaningful
23	public input.
24	VICE CHAIR AKUTAGAWA: Would it be submission
25	COMMISSIONER ANDERSEN: (Indiscernible) oh, yes.

158 1 Correct. 2 COMMISSIONER SADHWANI: For submission at that 3 point? Final maps. 4 COMMISSIONER ANDERSEN: No. 5 COMMISSIONER SADHWANI: I think after January 14th, 6 2022 --7 MR. WOOCHER: Would you like to --COMMISSIONER SADHWANI: -- we had, to account for 8 9 the additional holiday time period. 10 COMMISSIONER ANDERSEN: But no, I did switch it. So 11 to allow for meaningful public input accounting for 12 the -- to allow for meaningful public input accounting for the annual holiday period. I did switch it for it 13 14 because I thought it actually -- it read better. 15 Basically -- and we could switch that around, to allow --16 well, to account for that holiday annual period, allowing for public input. But it's actually -- because we 17 18 actually want to allow meaningful public input and we're 19 accounting for the annual holiday period, which is why we 20 want to move the date. That's why I switched it. I 21 thought -- I thought the intent was there. But --22 CHAIR YEE: Commissioner Toledo. 2.3 MR. WOOCHER: If I could add -- if I could suggest 24 one clarifying amendment, to have, with a request for an 25 additional extension -- or with a request for an

159
additional extension of the deadline for approval of the
final maps.
CHAI YEE: Okay. Commissioner Toledo and
Commissioner Sadhwani?
MS. JOHNSTON: Should that be
COMMISSIONER TURNER: Should that be approval or
submission?
MR. WOOCHER: It's approval. The language they use
is that you approve and then certify them.
MS. JOHNSTON: It should be certification, I think.
COMMISSIONER TURNER: Ah.
MR. WOOCHER: You can have approval and
certification, but I'm trying to keep a little shorter.
CHAIR YEE: Okay, Commissioners Toledo and Sadhwani,
is this satisfactory?
COMMISSIONER TOLEDO: I'm okay with the I'm okay
with this.
VICE CHAIR AKUTAGAWA: Where it says, public input
accounting for the annual holiday period. Shouldn't it
be meaningful public input accounting to allow for
meaningful public input over the or during the annual
holiday period whatever the word is, "for" doesn't
belong there, it seems like.
MR. HERNANDEZ: Would it be for for public input
to account for the annual holiday period?

	160
1	VICE CHAIR AKUTAGAWA: That's better than the
2	COMMISSIONER ANDERSEN: Yes, that is, to account
3	for.
4	MS. JOHNSTON: And account for.
5	CHAIR YEE: And. I like "and". Okay. How's that?
6	COMMISSIONER ANDERSEN: Actually, no, because that
7	changes the meaning of it. That's like two different
8	things. But it's actually want meaningful input
9	considering the annual holiday period or so I I'd
10	like that what Counsel Pane said.
11	COMMISSIONER TOLEDO: So to allow for meaningful
12	public input to account for
13	COMMISSIONER ANDERSEN: Correct.
14	COMMISSIONER TOLEDO: instead of "and". Okay.
15	So Commissioner Fornaciari has his hand
16	CHAIR YEE: Oh, I'm so sorry. Commissioner
17	Fornaciari?
18	COMMISSIONER FORNACIARI: Sure. I guess I was
19	envisioning we were going to be delivering the maps to
20	the Secretary of State on the 14th not certifying
21	them. Because if we certified that day, I don't know.
22	Can we deliver on that date or do we then do we have to
23	wait till Monday to deliver them?
24	CHAIR YEE: Commissioner Kennedy?
25	COMMISSIONER KENNEDY: The Padilla order says, the

	101
1	Commission is directed to approve and certify the final
2	statewide maps to the Secretary of State by no later
3	than.
4	CHAIR YEE: Commissioner Fernandez?
5	COMMISSIONER FERNANDEZ: I believe the 2010
6	Commission approved it in the morning and certified it to
7	the Secretary of State that afternoon. It was done on
8	the same day, I believe. I can confirm
9	MS. JOHNSTON: They approved and certified it and
10	then delivered it the same day.
11	CHAIR YEE: Okay. Commissioners Toledo and
12	Sadhwani, I need you to sign off on this revision.
13	COMMISSIONER TOLEDO: Before I sign off on it, I
14	just want to acknowledge that it's been a long journey to
15	get to this point, hopefully. I mean, we've had months
16	and months of discussion and public input. And I just
17	want to thank everyone for for the feedback, the
18	comments.
19	It's not this is a difficult it's a difficult
20	decision. It's not actually what I had originally
21	intended, but it is, as Commissioner Vazquez and others
22	have said, a compromise. And it makes good faith
23	effort attempts to make a good faith effort to try to
24	get additional time for meaningful for more meaningful
25	public input. So thank you. And yes, I will move to

1 to move this forward.

2	CHAIR YEE: Commissioner Sadhwani?
3	COMMISSIONER SADHWANI: Yes, I am in agreement with
4	everything that Commissioner Toledo just said, especially
5	after months and months of work and thinking about these
6	timelines and laying out all of the various possible
7	scenarios and all of the impacted players and community
8	members. So yes, I support this amendment.
9	CHAIR YEE: Okay. So the motion on the floor is to
10	seek an order from the California State Supreme Court
11	confirming the calculation of the "additional federal
12	delay", as used in the Padilla decision, is to be based
13	upon the date that the Statewide Database is able to
14	reformat the legacy data set into a usable format for
15	building the statewide redistricting database, with a
16	request for an additional extension of the deadline for
17	approval and certification of final maps to January 14th,
18	2022 to allow for meaningful public input to account for
19	the annual holiday period.
20	Any further discussion? We will take public comment
21	one last time on this motion. Okay. Can we take public
22	comment, please, Katy, on the revised motion?
23	PUBLIC COMMENT MODERATOR: The Commission is now
24	taking public comment on the revised motion on the floor.
25	To give comment, please call 877-853-5247. Please enter

1	the meeting ID number 95977110538. Once you have dialed
2	in, please press star 9 to enter the comment queue.
3	The full call-in instructions are read at the
4	beginning or the full call-in instructions have been
5	read previously in the meeting and are provided in full
6	on the livestream landing page. And for those that have
7	called in, please press star 9 to raise your hand
8	indicating you wish to comment.
9	Chair, at this time, it looks like we do not have
10	any raised hands.
11	CHAIR YEE: Okay. We'll go to the vote. After the
12	vote, I'll be entertaining a second motion regarding the
13	three-day notice period now currently set in August for
14	comments on the final maps that we wish to have adjusted.
15	And I believe Chief Counsel Pane will have some language
16	for that. But for now, let's go to the vote.
17	MR. HERNANDEZ: Very well, Chair. We'll begin the
18	vote now on the motion.
19	Commissioner Ahmad?
20	COMMISSIONER AHMAD: Yes.
21	MR. HERNANDEZ: Commissioner Akutagawa?
22	VICE CHAIR AKUTAGAWA: Yes.
23	MR. HERNANDEZ: Commissioner Andersen?
24	COMMISSIONER ANDERSEN: Yes.
25	MR. HERNANDEZ: Commissioner Fernandez?

	164
1	COMMISSIONER FERNANDEZ: Yes.
2	MR. HERNANDEZ: Commissioner Fornaciari?
3	COMMISSIONER FORNACIARI: Yes.
4	MR. HERNANDEZ: Commissioner Kennedy?
5	COMMISSIONER KENNEDY: Yes.
6	MR. HERNANDEZ: Commissioner Le Mons?
7	COMMISSIONER LE MONS: Yes.
8	MR. HERNANDEZ: Commissioner Sadhwani?
9	COMMISSIONER SADHWANI: Yes.
10	MR. HERNANDEZ: Commissioner Sinay?
11	COMMISSIONER SINAY: Yes.
12	MR. HERNANDEZ: Commissioner Taylor?
13	COMMISSIONER TAYLOR: Yes.
14	MR. HERNADEZ: Commissioner Toledo?
15	COMMISSIONER TOLEDO: Yes.
16	MR. HERNANDEZ: Commissioner Turner?
17	COMMISSIONER TURNER: Yes.
18	MR. HERNANDEZ: Commissioner Vazquez?
19	COMMISSIONER VAZQUEZ: Yes.
20	MR. HERNANDEZ: Commissioner Yee?
21	CHAIR YEE: Yes.
22	MR. HERNANDEZ: The motion passes, Chair.
23	CHAIR YEE: Unanimously. Thank you, everyone.
24	Great discussion. And thank you, Government Affairs, for
25	getting us through this. Okay. This should be much

1	simpler. There's the additional matter of the statutory
2	comment period during which we can give only three-day
3	notice. I believe Chief Counsel Pane will have some
4	suggested language for a motion to allow us to shift that
5	in the calendar as well. Chief Counsel Pane?
6	MR. PANE: Thank you, Chair. I would certainly
7	defer to Mr. Woocher, but I think we want probably
8	some the motion would have something along the lines
9	of, to allow a three-day notice period on the final
10	fifteen days before the deadline. And this would be an
11	adjustment to the you may recall that currently the
12	Commission statutes talk about three days' notice period
13	for public input testimony.
14	The conception was it's the final fifteen days prior
15	to the finalization of the maps. So what we're doing is
16	essentially moving that time to whatever end date is
17	adopted by the Supreme Court. So I don't know, Mr.
18	Woocher, what do you think about that as a potential
19	language for a motion?
20	MR. WOOCHER: I think that's good. And particularly
21	since we are asking the court to extend what had been a
22	forty-five day to a roughly sixty-day. Tying it to the
23	last fifteen days is now the wiser course of action and I
24	think the more appropriate ask.
25	MR. PANE: Okay.

1 MR. WOOCHER: So I think your suggestion is well 2 put. 3 MR. PANE: Yeah. CHAIR YEE: Commissioner Fernandez? 4 5 COMMISSIONER FERNANDEZ: So move. CHAIR YEE: Okay. Do we have a second? 6 7 COMMISSIONER TOLEDO: I'll second. CHAIR YEE: Thank you, Commissioner Toledo. 8 9 Commissioner -- or Director Hernandez, do you have 10 some language to display for us? 11 MR. HERNANDEZ: One second, Chair. 12 CHAIR YEE: We are actually at our statutory break 13 time; is that correct, Kristian, 9:25? 14 MR. MANOFF: Given our return time of 8:05, that 15 puts our break --CHAIR YEE: Oh, I see. 16 17 MR. MANOFF: -- at 9:35. 18 Okay. Okay, after this, we only CHAIR YEE: 35. 19 have a very brief update from Line Drawing, from Language 20 Access, and Public Input can decide whether or not it 21 wants to discuss the question of group input. 22 COMMISSIONER FORNACIARI: I would ask indulgence to 23 pass. I have to get up at 4:30 in the morning --24 CHAIR YEE: Oh, dear. 25 COMMISSIONER FORNACIARI: -- and drive four hours.

166

	167
1	So I'd rather wait on that till next week. But we'll get
2	to it next week, if that's okay.
3	CHAIR YEE: All good.
4	COMMISSIONER ANDERSEN: And I'm on the East Coast.
5	I've got to get up in the morning and fly. So it's after
6	midnight here. So I think the line drawers are good.
7	CHAIR YEE: Okay.
8	COMMISSIONER FERNANDEZ: Linda and I can do it in
9	two minutes.
10	CHAIR YEE: Okay. It's what you may have.
11	VICE CHAIR AKUTAGAWA: Commissioner Fernandez, do
12	you want to just go ahead and get started?
13	CHAIR YEE: We let's see. We're still within
14	agenda item 4. Yeah, we could do that.
15	COMMISSIONER FERNANDEZ: Oh, are we? You want us to
16	go?
17	CHAIR YEE: Yeah.
18	COMMISSIONER FERNANDEZ: Okay, Chair.
19	CHAIR YEE: Sure.
20	COMMISSIONER FERNANDEZ: Okay, we're going. Here we
21	go. We're going to go to everyone should have
22	received it's been posted a copy of the the
23	latest public input meeting schedule. And what we did
24	after last week's meeting is the Language Access
25	Committee, along with staff, met. And what we did is we

assigned languages to specific meetings in August so that
 Spanish will always be interpreted.

3	And then what we also did with the other eleven
4	languages, we kind of parsed those out to the different
5	zone meetings, COI input meetings that we had. Also, if
6	you noticed, we added on September 8th, 2021, we added
7	that it was a to-be-determined date, but we added a zone
8	California I mean, a southern zone, Zones H through K,
9	because what we found is that many of the languages we
10	couldn't attach six languages to San Diego and L.A., so
11	we had to add another meeting to accommodate for
12	Mandarin, Cantonese, and Japanese languages.
13	And so we felt the best way to do that was to add
14	another meeting date. And so we just classified it as
15	southern Zones H through K. And then the last thing that
16	we did is we also prior we had designated certain
17	meetings in July with specific languages. What we did is
18	we removed those because they it appeared to provide
19	confusion.
20	It's still the same policy: if you require
21	interpretation services for any of the meetings, if you
22	do so five business days prior to, we will accommodate
23	that request as long as it's the twelve that we have
24	approved. If it's not the twelve, we will do our best to
25	find an interpreter.

168

ecribers

Commissioner Akutagawa?

2 VICE CHAIR AKUTAGAWA: I'll just give some additional clarification. So for July, the standing 3 4 policy does still -- or the policy still stands in that 5 for the July meetings, we are only able to provide interpretation services for those making public comment. 6 7 It will not include those who need interpretation to hear the proceedings of the meeting. We just cannot get 8 9 someone because of the contract union and everything. 10 The earliest we're going to be able to start doing 11 that is in August, which is why you'll see that the 12 August dates will have automatically Spanish 13 interpretation both for hearing what the proceedings are, 14 but also to give public comment. The remaining eleven 15 languages, as Commissioner Fernandez, has been assigned 16 to various zones. 17 I think it was actually really L.A. that was going 18 to get bunched with, like, six or seven different 19 languages, and we realized we couldn't do that. Also, I 20 wanted to just make -- point out that for Chinese, both Cantonese and Mandarin, because that was the second 21 22 largest major language needing interpretation, what we 2.3 did is we attached Mandarin and Cantonese interpretation 24 to both a Northern California meeting for specifically 25 the Bay Area, and we realized we also needed to do the

1	same in Southern California, which is the reason why we
2	added one of the TBD meetings as a Mandarin and Cantonese
3	meeting.

4 And then because we just needed to even out the 5 numbers of languages that we were going to offer, we felt that Japanese was a -- is small but widespread enough 6 7 that we just felt like it just made sense to just add it 8 to that particular meeting. So then each meeting is 9 going to have no more than three interpretations available because we just, you know, it was just going to 10 11 be a logistical nightmare.

12 So we felt that as much as possible, we wanted to 13 ensure that the languages that were major in those zones 14 were accommodated. And we felt that this this at least 15 will ensure that each language will be featured in one of 16 the upcoming August and September zone meetings, and that 17 will be automatic so people do not need to make a request 18 five days in advance. It will just automatically be 19 provided. 20 And hopefully we'll be able to then spur more

21 participation from, you know, our community members who 22 would prefer to engage in their in their native 23 languages.

24 CHAIR YEE: Thank you, Language Access, for 25 implementing our decision on that.

cribers

1	Commissioner Andersen, briefly, please.
2	COMMISSIONER ANDERSEN: Very quickly. The Tagalog,
3	it used to be in area Zone C, the Bay Area. It's now
4	in K, which is I think San Diego. There's a large
5	Tagalog in San Diego as opposed to the Bay area?
6	VICE CHAIR AKUTAGAWA: There is. But we just needed
7	to make a decision. But the number of Tagalog speakers
8	wasn't large enough to justify both the Southern and
9	Northern California. We do know that there's a very
10	significant sized Filipino community in the Bay Area as
11	well as in central California especially and in southern
12	California.
13	But in terms of the numbers that we saw, the the
14	larger numbers were actually in southern California. San
15	Diego has a very large Filipino community as well, too.
16	And so we felt that it made sense to to assign it to
17	the San Diego region.
18	COMMISSIONER ANDERSEN: Okay. Well, we'll just have
19	to make sure that I'm thinking of the Tongan group.
20	There's a large Tongan group in the Bay Area. And so
21	that's why
22	COMMISSIONER FERNANDEZ: Right. Right. And just so
23	that's what I said. Right. And that that does not
24	preclude them from requesting the language. They can
25	still request the additional language. So that's

	172
1	although we've noted specific languages, if the request
2	is done five days prior, five business days prior, we can
3	still accommodate that.
4	CHAIR YEE: Okay. Thank you all. Let's see.
5	Kristian, I think we can wrap if we can go five minutes
6	more. Can we do that or do we need to take a break?
7	MR. MANOFF: I'm hearing mixed things on the floor,
8	that there might be just a moment. Just a moment,
9	Chair.
10	CHAIR YEE: Sure.
11	MR. MANOFF: I think it would probably be better to
12	take a break, come back at 9:50.
13	CHAIR YEE: Okay. Let's do that then. When we come
14	back, we'll consider the motion on the floor and take
15	public comment on that and on anything else on item 4,
16	and closing public comment. See you at 9:50.
17	(Whereupon, a recess was held)
18	CHAIR YEE: Welcome back to the home stretch of
19	today's business meeting for the California Citizens
20	Redistricting Commission. We return to a motion that has
21	been proposed hasn't actually been made yet because we
22	haven't seen it yet. So let's have that motion
23	displayed, please.
24	It reads, the motion is to ask the California
25	Supreme Court to adopt the final fifteen days before the

1	map finalization to allow for a three-day notice period
2	for public input meetings. Commissioner Fernandez had
3	offered to make this motion. Does she do so? Yes.
4	COMMISSIONER FERNANDEZ: I do.
5	CHAIR YEE: And do we have a second? I will go and
6	second to move things along. Discussion? So basically
7	this floats that period to whenever the final nap
8	finalization period lands.
9	Okay. Let's go ahead and take public comment on
10	this motion on agenda item 4, which was the various
11	subcommittee items, as well as agenda item 7, which is
12	just our closing public comment.
13	PUBLIC COMMENT MODERATOR: Yes, Chair.
14	MR. PANE: Chair, just a point of clarification. I
15	believe after this motion we probably need to go back to
16	the previous topic to have another motion on the on
17	the language access. No? I'm seeing different.
18	CHAIR YEE: I believe the
19	MR. PANE: Is that right, Director?
20	CHAIR YEE: I believe we already had made a motion
21	in previous meeting. Let's see, Commissioner Akutagawa?
22	VICE CHAIR AKUTAGAWA: Actually, for
23	clarification sorry, I just took a bite. For
24	clarification, I believe we do have to vote because with
25	the addition of the languages to the meetings, there is a

1	cost for that addition. And so because there's a
2	budgetary impact, I believe that I was informed that
3	we do need to take a vote on this.
4	CHAIR YEE: Okay. So perhaps you can prepare a
5	motion for that. Okay. Let's take public comment on,
6	then, the motion on the floor and agenda item 4.
7	COMMISSIONER TURNER: Chair, is there a way we can
8	do that motion and do public comment at the same time?
9	CHAIR YEE: Let's see. Do we have that motion?
10	It's not preferable to do two motions at once. I think
11	we should probably not. I'm sorry. We okay. So
12	Katy, public comment on the motion on the floor and
13	agenda item number 4 closing and agenda item number 4.
14	PUBLIC COMMENT MODERATOR: Commissioner
15	Fornaciari okay.
16	CHAIR YEE: I'm sorry. Commissioner Fornaciari?
17	COMMISSIONER FORNACIARI: Yeah. We voted to approve
18	the expenditure of the interpretation. I thought I
19	mean, we voted to approve that last time. So the I mean,
20	the financial decision has been made. I mean, from my
21	perspective, the Language Access Committee has just
22	decided how we're going to distribute a decision we
23	already made. So I'm just offering my perspective on it.
24	CHAIR YEE: Okay. Let's go back to the public
25	comment on the motion on the floor and agenda item 4.

1 PUBLIC COMMENT MODERATOR: Yes, Chair. 2 The Commission will now take public comment on the motion on the floor and agenda item 4. To give comment, 3 please call 877-853-5247. Enter the meeting ID number 4 5 95977110538 for this meeting. Once you have dialed in, please press star 9 to the comment queue. The full call-6 7 in instructions have been read previously in the meeting 8 and are provided in full on the livestream landing page. 9 At this time, Chair, we do not have anyone in the 10 queue. 11 CAHIR YEE: Commissioner Fernandez? 12 COMMISSIONER FERNANDEZ: I would have to concur with 13 my fellow Commissioner Fornaciari that the motion that we 14 passed last week was to include Spanish for every meeting 15 in -- starting August 1st and then also the other eleven 16 languages at least once during the COI input meeting. So 17 that would cover if we did it twice. So I think we're 18 good. Just saying. 19 MR. HERNANDEZ: Thank you, Commissioner. That's 20 very helpful. 21 CHAIR YEE: Okay. Do not appear to be any public 22 comments. Any further discussion? No? Let's go to a 2.3 vote. 24 MR. HERNANDEZ: Okay. The motion to ask the Supreme 25 Court to adopt the final fifteen days before map

www.escribers.net | 800-257-0885

cribers

1	finalization to allow for a three-day notice period for
2	public input meetings. And we'll begin the vote now.
3	MR. HERNANDEZ: Commissioner Ahmad?
4	COMMISSIONER AHMAD: Yes.
5	MR. HERNANDEZ: Commissioner Akutagawa?
6	VICE CHAIR AKUTAGAWA: Yes.
7	MR. HERNANDEZ: Commissioner Andersen?
8	COMMISSIONER ANDERSEN: Yes.
9	MR. HERNANDEZ: Commissioner Fernandez?
10	COMMISSIONER FERNANDEZ: Yes.
11	MR. HERNANDEZ: Commissioner Fornaciari?
12	COMMISSIONER FORNACIARI: Yes.
13	MR. HERNANDEZ: Commissioner Kennedy?
14	COMMISSIONER KENNEDY: Yes.
15	MR. HERNANDEZ: Commissioner Le Mons?
16	COMMISSIONER LE MONS: Yes.
17	MR. HERNANDEZ: Commissioner Sadhwani?
18	COMMISSIONER SADHWANI: Yes.
19	MR. HERNANDEZ: Commissioner Sinay?
20	COMMISSIONER SINAY: Yes.
21	MR. HERNANDEZ: Commissioner Taylor?
22	COMMISSIONER TAYLOR: Yes.
23	MR. HERNANDEZ: Commissioner Toledo? Commissioner
24	Toledo? I see him.
25	COMMISSIONER TOLEDO: Sorry, it's late.

	177
1	MR. HERNANDEZ: There he is.
2	COMMISSIONER TOLEDO: My clicker is not moving
3	around.
4	MR. HERNANDEZ: Okay.
5	COMMISSIONER TURNER: Yes.
6	MR. HERNANDEZ: Commissioner Turner?
7	COMMISSIONER TURNER: Yes.
8	MR. HERNANDEZ: Commissioner Vazquez?
9	UNIDENTIFIED SPEAKER: She got off.
10	MR. HERNANDEZ: Okay. And Commissioner Yee?
11	CHAIR YEE: Yes.
12	MR. HERNANDEZ: The motion passes.
13	CHAIR YEE: Thank you, everyone. Okay. We do need
14	to take final public comment. Katy, agenda item 7.
15	PUBLIC COMMENT MODERATOR: Yes, Chair. The
16	Commission is now taking general public comment for item
17	7, items not on the agenda. To give comment, please call
18	877-853-5247. Enter the meeting ID number 95977110538
19	for this meeting. Once you have dialed in, please press
20	star 9 to enter the comment queue. The full call-in
21	instructions have been read previously in this meeting
22	and are provided in full on the livestream landing page.
23	And at this time, we do not have anyone in the
24	queue, Chair.
25	CHAIR YEE: Thank you, Katy. Anything else anybody

	178
1	needs to contribute to our meeting?
2	COMMISSIONER TURNER: Are you kidding?
3	MR. MANOFF: Everybody's wiped out.
4	CHAIR YEE: Just got to ask. Okay. There being no
5	further public comment, and there being many hungry
6	tummies, this meeting is adjourned.
7	(Whereupon, the CRC Business Meeting adjourned)
