

**COMMUNICATIONS REPORT 1.21.22**

**UPDATES**

- Offboarding Communications Manager at the end of the month.
- Communications Coordinator will remain to work on data migration and re-linking all documents on our website.
- Compiled a media report from January 2021 – present, but I erased the dashboard on our media monitoring site (Meltwater) yesterday, so could not share that with you today. They are working on restoring it. I will share as soon as I have it.
- Having internal conversations about options for the continued life of our website over the next decade. We will be reporting those out as we narrow down options.
- We are switching over from google drive to Microsoft One Drive, which means that all documents linked on our website using google drive will need to be re-linked using a One Drive link, including videos of meetings from VSSC. This will take some time but will keep our team busy.
- All advertising contracts have been zeroed out and billed for. I am compiling final reports and will share a master final report once I receive those.
- Produced a “Questions About New Maps” document, which is an updated FAQ for the public.
  - When do new maps go into effect?
  - Do I have a new representative?
  - What if a representative resigns?
  - Where can I see final maps?
  - Where can I see current maps?
  - Where can I find the final map report?
  - What’s deferred/accelerated voters?
  - Why is my district drawn this way?

**INTERVIEWS (January 7, 2022 – January 21, 2022)**
