

DRAFT
Review of Community of Interest (COI) Tool Submissions
Line Drawer Subcommittee (Comm. Andersen & Sadhwani)
August 31, Sept. 7, Sept 11

PILOT CRC Database: To date, the CRC database COI inputs that have been submitted through Aug. 12. This is not yet populated with all input that the Commission has received.

For Aug 31st: (11:15AM estimated start time)

Purpose:

1. Familiarize ourselves with the CRC Database and build skills on how to use it.
2. Show the public how to check if their areas of interest have sufficient COIs and to give any additional COIs.
3. Review COI submissions that have been received in the COI tool for Los Angeles County

***Important Note: This is our first time reviewing the COI tool submissions. It won't be our last! Using the skills we build during the training today, we will be able to better review COI tool submissions and we will have a chance to do further review, debrief and change the format of these sessions for September 7th and September 11th.*
