Naming the Tool

Should users go to the CRC website or to a standalone website to access the tool?

The Statewide Database has already reserved

- WeShapeCA
- WeShapeCalifornia
- YouDrawCA
- .org, .com and .net for each
- CRC staff can request .ca.gov

One of the above or a different name?

About Communities

Currently:
- Name of community
- What is the mutual interest?
- Why should it be kept together?

Should the questions change or remain the same?

Which questions are required and which are optional?

Looking Ahead

About Users
