

Why did you gerrymander District 3 so badly? We've put up with the right wing nonsense literally for generations. Just when their uncontrolled sprawl blew up in their faces and the voting registration was getting reasonable and we could have a fair contest, you gerrymander it back to the point where we're one of the few Districts in the Country that actually elected a Trump endorsed candidate. Trump LOST here in the General. The Doolittle dip was horrible and we had almost worked our way out of it and you draw a map that looks like a Christmas ribbon to pick up Republicans and exclude Democrats. I guess that's fitting considering the gift you gave to the Republican party and the voting rights you took from the rest of us.

The State Auditor probably doesn't monitor you but I'm writing a complaint in case they do. This is such an obvious give away at the same time that we're worrying about Moore v. Harper. I suppose you're cynical enough that this doesn't bother you in the least.
