**RELEASE of DRAFT Maps** – Date TBD based upon Supreme Court Decision (or earlier). Recall, the protocols required for draft maps as established in the Constitution:

*Public comment shall be taken for at least 14 days from the date of public display of the first preliminary statewide maps of the congressional, State Senatorial, Assembly, and State Board of Equalization districts, which shall be publicly displayed... The commission shall not display any other map for public comment during the 14-day period. (8253.a.7)*

**NOVEMBER:**

After draft is released following the required protocols, return to public input sessions for feedback.

**DECEMBER:** Return to open line drawing sessions. More exact dates to be determined based upon decision of Supreme Court and final map adoption date.

*\*We anticipate all meetings will be held in a hybrid format, both in person and virtually, but staff will continue to monitor the guidance and regulations by the CDC, state and counties to determine location and format.*
