10:00 a.m.

3 CHAIR SINAY: Buenos dias, everyone. Welcome and

4 thank you for tuning in to the California Redistricting

5 | Commission's Communities of Interest Input Meeting. I'm

6 Commissioner Sinay, and I'll be chairing your meeting

7 today.

8 Can you please take the roll, Executive Director

9 Hernandez?

10 EXECUTIVE DIRECTOR HERNANDEZ: Yes, Chair.

11 Commissioner Ahmad.

12 Commissioner Akutagawa.

13 Commissioner Andersen.

14 COMMISSIONER ANDERSEN: Here.

15 | EXECUTIVE DIRECTOR HERNANDEZ: Commissioner

16 Fernández.

17 Commissioner Fornaciari.

18 COMMISSIONER FORNACIARI: Here.

19 EXECUTIVE DIRECTOR HERNANDEZ: Commissioner Kennedy.

20 COMMISSIONER KENNEDY: Here.

21 EXECUTIVE DIRECTOR HERNANDEZ: Commissioner Le Mons.

22 COMMISSIONER LE MONS: Here.

23 EXECUTIVE DIRECTOR HERNANDEZ: Commissioner Sadhwani.

24 Commissioner Sinay.

25 COMMISSIONER SINAY: Here.

1 Commissioner Taylor. 2 Commissioner Toledo. COMMISSIONER TOLEDO: Here. 3 EXECUTIVE DIRECTOR HERNANDEZ: Commissioner Turner. 4 5 COMMISSIONER TURNER: Here. EXECUTIVE DIRECTOR HERNANDEZ: Commissioner Vázquez. 6 7 And Commissioner Yee. COMMISSIONER YEE: Here. 8 9 EXECUTIVE DIRECTOR HERNANDEZ: The roll is complete, 10 Chair. 11 CHAIR SINAY: Thank you so much, Executive Director 12 Hernandez. 13 I will start by sharing a little bit about the 14 Commission. Every ten years after the Federal Government 15 publishes updated census information, California must 16 redraw the boundaries of its Congressional, State Senate, 17 State Assembly, State Board of Equalization districts, so 18 that districts correctly reflect the state's population. 19 In 2008, California voters authorized the creation 20 of the Commission when they passed the Voters FIRST Act. It authorized the Commission to draw the new district 21 22 lines for the State Senate, State Assembly, and State 23 Board of Equalization districts. In 2010, the 24 Congressional Voters FIRST Act added the responsibility 25 of drawing Congressional districts to the Commission.

The fourteen-member Commission is made up of five Republicans, five Democrats, and four not affiliated with either of those parties. The Commission must draw the district lines in conformity with strict nonpartisan rules designed to create districts of relatively equal population that will provide fair representation for all Californians.

2.0

2.3

When we receive census data, the Commission begins drawing maps using six line-drawing criteria as outlined in the California Constitution. One of these is minimizing the divisions of counties, cities, neighborhoods, and communities of interest, to the extent possible.

We can obtain the city and county information from those jurisdictions, but we need the neighborhood and communities of interest information from Californians directly. That's why we have launched these communities of interest input sessions to get the valuable information from you directly. We encourage all Californians to participate in this process.

If you would rather submit a community of interest input over the internet, you can do so on our website by visiting -- or by visiting, DrawMyCACommunity.org; again, DrawMyCACommunity.org. Skip the line and Go Online.

Now, I will call on all Commissioners to introduce

themselves and to say hello. To see the biographies of all fourteen Commissioners for additional information, or to sign up for our emails, please visit our website at WeDrawTheLinesCA.org.

Please also follow the Community Citizens

- Redistricting Commission on social media. You can find us on Facebook, Instagram, Twitter, LinkedIn, and YouTube, and our handle is @WeDrawTheLinesCA; again WeDrawTheLinesCA, and CA is California. And there you will find a lot of useful information about redistricting and updates on the California Commission.
- We will begin, but with my neighbor to the north, Linda Akutagawa.
- 14 I'm sorry. We will begin with Jane Andersen.
- 15 COMMISSIONER ANDERSEN: Good morning, California.
- 16 And particularly the Californians are going to tell us
- 17 about Imperial and San Diego Counties. My name is Jane
- 18 Andersen. I'm actually further north, coming to you from
- 19 Berkeley, California, this morning, the San Francisco Bay
- 20 area. And I'm looking very forward to hearing from you.
- 21 Thank you.

12

- 22 CHAIR SINAY: Thank you so much. Next, Alicia
- 23 Fernández.
- 24 COMMISSIONER FERNÁNDEZ: (In Spanish, not
- 25 translated).

1 Good morning, California. I'm Alicia Fernández from Yolo County, and a special welcome to those from San 3 Diego-Imperial. And I'm calling from Yolo County. That was a whopping 104 yesterday. It's going to be 108 4 5 today. So we're going to stay inside. But I'm very excited to hear about your communities. 6 7 CHAIR SINAY: Great. Thank you, Commissioner Neal Fornaciari. 8 COMMISSIONER FORNACIARI: Good morning -- excuse 9 me -- good morning, California, especially San Diego and 10 11 Imperial Counties, looking forward to hearing from you 12 and your communities of interest. I'm coming to you from 13 Tracy, California, which is in San Joaquin County. My 14 forecast says it should be 112 here today, so for anybody 15 that has to be outside, wear a hat and drink a lot of 16 water. 17 Commissioner Kennedy. CHAIR SINAY: 18 COMMISSIONER KENNEDY: (In Spanish, not translated) 19 Good morning, everyone. I'm Ray Kennedy. I live in 20 Morongo Valley, just up the road in San Bernardino 21 County. We're one of the rural Joshua Tree Gateway 22 communities. I lived in Palm Springs for fifteen years 23 before moving up here last year, so a bit of a neighbor, 24 and looking forward to hearing about San Diego and 25 Imperial counties. Thank you.

1 Thank you so much. Commissioner Le CHAIR SINAY: 2 Mons. 3 COMMISSIONER LE MONS: Buenos dias. Good morning, 4 I am Commissioner Le Mons, and I share my California. 5 time between Los Angeles County and Riverside County. 6 I'm coming to you today from Los Angeles, the Arts 7 District downtown. And I'm looking forward to hearing all about the communities of interest in both San Diego 8 9 and Imperial, and anyone else who decides to call in and 10 share their perspective on California. Welcome. 11 CHAIR SINAY: Thank you. Commissioner Sadhwani. 12 COMMISSIONER SADHWANI: Good morning to my 13 colleagues, and to California, and to all of our friends 14 calling in today. My name is Sara Sadhwani. I live in 15 La Canada, California, and I'm calling in today from 16 Pasadena. Looking forward to hearing all of our great 17 testimony and input today for San Diego and Imperial 18 counties. 19 CHAIR SINAY: Thank you. Commissioner Toledo. 2.0 COMMISSIONER TOLEDO: Good morning, California. My 21 name is Commissioner Pedro Toledo, and I'm coming to you 22 from Petaluma, California, in Wine Country. And it's 23 going to be a hot day. I look forward to hearing all 24 about your -- all of your community of interest testimony 25 and input, and learning all about San Diego and Imperial

1 counties and anywhere else you may call from. Thank you. 2 And welcome. 3 CHAIR SINAY: Thank you. And Commissioner Turner. COMMISSIONER TURNER: Good morning, California. 4 5 Trena Turner, and looking forward to hearing from all of 6 you on today. Again, in the San Joaquin Central Valley, 7 Stockton, 109 today, so we have a heat wave going on in 8 California. And I'm hoping you will warm up the lines 9 and call us today and let us know about your communities of interest. Thank you. 10 11 CHAIR SINAY: Thank you, Commissioner. Commissioner 12 Yee. 13 COMMISSIONER YEE: Good morning, California. 14 Russell Yee. And here in my hometown of Oakland in 15 California, looking forward to hearing from our two 16 counties on the southern border of California. I've long 17 known about the Mexican City of Mexicali, and I've just 18 learned there's actually a U.S. City of Calexico. 19 cool is that? So maybe we'll get some callers from 20 Calexico today, and elsewhere in Imperial and certainly 21 San Diego Counties. Looking forward to that. Thank you. 22 CHAIR SINAY: And I am Patricia Sinay. And you 23 know, I'm proud to call San Diego my home. This is my 24 fifth home, and the fifth city that I call -- or 25 community that I call my home in California. I've lived

1 in Irvine, South Bay, and Los Angeles, at UCLA, San Francisco, and in San Diego. I've been here for over twenty years. I love living on the Frontera, on the 3 4 border in the Cali-Baja region. 5 (In Spanish, not translated.) Some housekeeping rules; this meeting is primarily 6 7 for communities of interest focused on Imperial Valley and San Diego County and the surrounding areas. However, 8 anyone in California can call in to provide input. 10 General public comments will take place at the end of the 11 meeting. 12 Today, we are joined by our line-drawing team, 13 Haystaq DNA and Q2 Data & Research, who will be 14 displaying maps of the areas that attendees describe. 15 Please start, when you call in and you're given -- we 16 tell you to start, please start with the area you would 17 like to discuss, and be as specific as possible about the 18 boundaries of where your community is located. 19 It is our goal to find the area on the map you would

It is our goal to find the area on the map you would like to discuss prior to your testimony. If you are within a specific neighborhood of a larger city, please mention its name, once we are able to locate your area, your three-minute testimony will begin. Attendees will not be able to share their screen.

20

21

22

23

24

25

We are also joined by Katy, our comment moderator,

who will be introducing attendees when it's their turn to speak. When you join the meeting please use the raised hand button at the bottom of your screen to enter the queue. If you have registered for a time slot, we encourage you to call in during your appointment time slot. When it is your time to speak, Katy, our comment moderator, will be identifying you by your assigned unique ID number. You'll be reconnected to the session with the ability to enable your own video and/or audio.

The comment moderator will assign you a speaker order number before you begin to speak, please make a note of this for future references. You'll be able to use this number to identify your COI testimony on our website on a future date.

The Commission will be enforcing a three-minute time limit with a warning at thirty seconds and fifteen seconds remaining. At the beginning of your input you will see a map on the screen, please remind the mapper what area you would like to see on the screen and be as specific as possible about the boundaries where your community is located.

Registration is not required to participate in today's public meeting. The public has the option of calling in during this meeting and to get in the queue to speak. The call-in information and access code is listed

on the live stream which you can see on our website, WeDrawTheLinesCA.org.

2.3

While there are no clear rules on how to define your community of interest. We've identified ways for you to describe your community of interest, some guidelines.

Begin with your county or city. Mention the street and significant locations in your neighborhood to help us identify the parameters of your community.

What are your shared interests? What brings your community together? What is important to your community? Are there nearby areas you want to be in a district with? Are there nearby areas you don't want to be in a district with? Why or why not? Has the community come together to advocate for important services, better schools, roads, or health care, the environment in your community, in your neighborhood?

Also, we invite you to use the communities of interest tool to draw a map and describe your community by visiting, DrawMyCACommunity.org. The tool is in fourteen different languages. Skip the line go online to make to commit your COI input today.

(In Spanish, not translated)

We will now begin the public input session. And I will pass this over to Katy, our comment moderator, who will start with the people who are registered and then

open the phone lines, if there's time, for the next session.

Katy.

2.0

2.3

PUBLIC COMMENT MODERATOR: Good morning. Welcome to the public input session. Please use the raise your hand button at the bottom of your screen to enter the queue. When it is your turn to speak, you will be identified by your assigned unique I.D. number. You'll be reconnected to the session with the ability to enable your own video and/or audio. You will then be assigned a speaker order number before you begin speaking. Please make a note of your speaker order number for future reference.

The Commission will be enforcing a three-minute time limit with a warning at thirty seconds and fifteen seconds remaining.

At the end of your public input or at the end of your time, you'll be reconnected in a listen- and view-only mode. At the beginning of your input please remind the mapper of what area you would like to see on the screen. I would also like to remind those calling in, that also have appointments, that pressing star 9 will raise your hand for those calling in.

Up first in the queue we have 013. And then up next in the queue will be 014. So right now will be 013. And then up next will be 014. 013 -- the Zoom I'd best say,

disappeared to. 013, you are speaker order number 1, if 1 you will please make note of that for future reference, 3 you can now enable your audio and video in the lower-left 4 of your screen. Please remind the mapper of what area 5 you would like to see. And with that the floor is yours. MS. DELANEY: Good morning, Commissioners. 6 7 Mapper, I am speaking regarding the Northern San Diego County communities of Fallbrook, Bonsall, Valley 8 9 Center, Pauma Valley, and Pala. 10 And I don't want to brag or anything, but we're only 11 going to be 84 degrees today. So I'll be thinking of you 12 guys. 13 So my name is Eileen Delaney, and I've been a member 14 of the Fallbrook Planning Group for twenty-one years, but 15 I'm speaking to you today as an individual. I support 16 keeping Bonsall, Fallbrook, Valley Center, Pauma Valley, and Pala in the same district. These are all 17 18 unincorporated communities with rural community 19 character. We share many unique concerns and needs, many 2.0 of those unlike some of the urban areas. And one of 21 those concerns is wildfires. That is actually a very 22 grave concern. 2.3 My role in the Planning Group, and as a Fallbrook resident for over twenty-six years, I've been very aware 24

of the threat of wildfires and the need for appropriate

1 brush clearance along with mitigation strategies. is of particular concern to these rural communities and this cannot be overstated. So just for this reason 3 4 alone, it's important that we all maintain it in the same 5 district so that we have a strong voice to represent us and somebody that understands us. And I appreciate your 6 7 time and thank you very much. 8 CHAIR SINAY: Thank you. 9 PUBLIC COMMENT MODERATOR: Right now we will have 10 014. And then up next in the queue will be 004. Right 11 now will be 014. And then up next will be 004. 12 your speaker order number will be number 2, if you will 13 please make note of that for future reference. You can 14 now enable your audio and video in the lower-left of your 15 screen. If you'll please remind the mapper of what area 16 you would like to discuss today. And with that, the 17 floor is yours. 18 Thank you. Hello, Commissioners and MR. PAYNE: 19 mappers. My name is Jerry Payne, and I'm calling from 20 Equality California, the state's largest LGBTQ+ civil 21 rights organization with hundreds of thousands of members 22 across California. I am calling today regarding the City 23 of San Diego neighborhoods of Mission Hills, Hillcrest, 24 North Park, South Park, Normal Heights, University

25

Heights, and Kensington.

And before I get started, I want to thank you for taking an interest in our community, when you held a panel discussion on how redistricting impacts policy goals that are specific to our struggle for equality and how that can be impacted by fair representation for our LGBTQ plus community. As we mentioned during that discussion, we plan to actively engage in the redistricting process to ensure fair representation for the LGBTQ+ community. And I'm calling today because Equality California has identified a very significant, geographically specific LGBTQ+ community of interest in San Diego County in those neighborhoods that I mentioned earlier. And we wanted to bring it to your attention as we hear from others in Zone K at today's hearing. Again, the city neighborhoods of Mission Hills, Hillcrest, North Park, South Park, Normal Heights, University Heights, and Kensington, have all served as major building blocks of this local LGBTQ+ community and have a history of voting cohesively to elect candidates of choice. In fact, this collection of neighborhoods over the past three redistricting cycles have almost all been part of the 3rd City Council's District in the City

1

15

16

17

18

19

20

21

22

23

24

25

of San Diego.

And that's where the past five City Council members

elected have all been out LGBTQ+ individuals, and they've been responsive to the LGBTQ community of interest and its needs. The four council members who previously occupied the seat have gone on to serve as members and leaders of the California Legislature and as Mayor of the City of San Diego, which is a huge milestone.

2.3

Again, reinforcing the fact that when the local LGBTQ+ community of interest is empowered to elect candidates of choice they are able to elect officials who are responsive to the community's needs at all levels of government.

Currently, Equality California, as I shared in other panel discussion is developing a dataset and maps with 831,000 data points and growing that can be used as a guide for work to understand where our community strengths lie in a state. We know at this time that our LGBTQ+ dataset will demonstrate the strength of our community in these neighborhoods, and you can expect that several members of our community, not just in San Diego, but throughout the State, will be participating in this process as well, and even called in during the feature.

And so I want to quickly wrap up and say thank you so much for taking the time today. And we look forward to continuing our conversation with you about the importance of the representation that can be achieved

1 through this process. And we'll continue to call in once we identify other locations of LGBTQ+ communities 3 throughout California. Thank you so much and have a 4 great day. 5 CHAIR SINAY: Mr. Payne, before you leave. MR. PAYNE: Yes. 6 7 CHAIR SINAY: Can you specify what are the street boundary -- are the boundaries of those communities? 8 9 MR. PAYNE: My internet is a little unstable, but I 10 think you're talking about the boundaries of the 11 neighborhoods that were mentioned. 12 CHAIR SINAY: Exactly. 13 MR. PAYNE: Yes. So starting with -- let me just 14 kind of zoom out thinking about Mission Hills and 15 Hillcrest. So we have Hillcrest to our west, and then 16 we're going to North Park on our east, and including 17 South Park and Normal Heights. So in terms of the actual 18 street boundaries they're pretty much the existing 19 neighborhoods that are already there. 2.0 And so I'm trying to see the map, but again, my 21 internet connection is a little unstable, so I'm trying 22 to see where this lines up right now. So if you're 23 looking at Hillcrest on this map, I'm trying to see where 24 we're at right now, could we move over to Balboa Park? 25

Maybe that's probably the easiest thing to geographically

1 locate. All right. And then looking over to the west of Balboa Park or northwest, we should be able to locate the 3 Hillcrest neighborhood. And I apologize. I'm seeing 4 this on the screen as it's actively working. 5 And so the big green patch here would be, or about Balboa Park area, and then right on the top where we see 6 7 that thick grey line and the Cabrillo Freeway, the 163, would be our Hillcrest neighborhood. And then we go east 8 9 from Hillcrest following some of these kind of major 10 roadways, we get into our North Park and our South Park, 11 as well as trying to make sure that we include our 12 University Heights and Kensington neighborhoods. 13 And so yes, so they are already existing 14 neighborhoods that have their own boundaries, and so I 15 just wanted to kind of bring attention to those existing 16 boundaries --17 CHAIR SINAY: Okay. MR. PAYNE: -- because the community is very tight 18 19 and unified already. 20 CHAIR SINAY: Right. Well, thank you so much. 21 MR. PAYNE: Oh, you're welcome. Thank you so much 22 for having us. 2.3 PUBLIC COMMENT MODERATOR: Right now will be 004. 24 And up next in the queue will be caller 9858. Right now

004, your speaker order number will be number

25

it's 004.

three, if you will please make note of that for future
reference. You can now enable your audio and video in
the lower-left corner of your screen. Please remind the
mapper of what area you would like to discuss today. And
with that, the floor is yours.

MS. GBEH: Good morning. Can you hear me?
PUBLIC COMMENT MODERATOR: Yes, we can. Go ahead.

MS. GBEH: Okay. Thank you. My name is Hannah

Gbeh. I am the executive director of the San Diego

County Farm Bureau. And I am speaking today in an effort

to help lift the raise -- lift the voice of local

agriculture, probably one of the most complex communities

for you to figure out in this process.

2.0

San Diego Agriculture, we are the twelfth largest farm economy in the state. We are the nineteenth largest farm economy in the nation. We have over 5,700 farms in our county, and at 1.8 billion dollar industry. We have historically been underrepresented in our elected offices, and part of that has to do with this is a very difficult stakeholder group to engage.

I, personally, am standing on my two-acre farm today, taking a break out of my inventory of harvest season to come and speak today on behalf of agriculture, and the importance of ensuring rural voices are represented properly in the political realm.

So you know, in terms of communities of agriculture, the heart and soul of agriculture primarily occurs in North County, San Diego, possibly two areas you can parcel it into. We have East County North, and that would be Pala, Pauma, Fallbrook, Bonsall, Rainbow, Olema, goes all the way out to Warner Springs. And then we have very strong urban agriculture in the coastal areas, Oceanside, Carlsbad, Escondido.

And then we have our East County areas, all the way down to Jamul, and Boulevard. We have agriculture that occurs in every jurisdiction in the City of San Diego.

And so I am here today to request that additional effort is given by the Commission to really do a deep dive and ensure the voice of your local farmers is represented accurately during this process. Because I can say very confidently, this stakeholder group is not able to engage in this process as robustly as many others, and it has to do with the logistics of our business, and the time of the year, and we don't even have broadband connection in many of our rural communities to tune in and connect to this.

So again, I thank you for the opportunity to speak here today on behalf of our farming community in San Diego County, and to flag the need for additional representation in an accurate manner of our stakeholder

1 group, which is very strong, and robust, and large, and diverse, and spread geographically throughout the county. 3 Thank you. 4 PUBLIC COMMENT MODERATOR: Thank you so much. now we will have caller 9858. And then up next in the 5 queue will be 001. Right now we have caller 9858, and up 6 7 next in the queue will be 001. Caller 9858, if you'll 8 please follow the prompts to unmute by pressing star 6. 9 Caller 9858, you are currently unmuted. I have a couple 10 of brief instructions. Your speaker order number will be 11 number 4, if you'll make note of that for future 12 reference. And then if you'll let the mapper know what 13 area you would like to discuss today. With that, the 14 floor is yours. 15 Hello. My name is Malcolme Morgan. MR. MORGAN: 16 represent an organization called Pillars of the 17 Community, which is based in Encanto, San Diego. 18 represent people, for the most part, who have been 19 negatively affected by law enforcement, which 20 predominantly are Black and Brown people. 21 The boundaries that I would like to discuss are 22 what's basically usually referred to as Southeast San 23 Diego, but we're including a greater area, a little bit 24 greater that goes, extends to the university to the

north, to Mt. Hope Cemetery to the west, to Grand Avenue

and Spring Valley to the east, and to Division Street in the south. And the reason we would like to include Spring Valley is because with the gentrification of San Diego, a lot of poor Black and Brown people are migrating more east. And we're seeing that trend. The numbers are rising in the area of Spring Valley.

Essentially, what I want to talk about is the fact that in San Diego, we're actually, in world history, one of the greatest colonization strategies of the non-White world has been divide and conquer. And in America, we've seen that through many different means, you know, war on drugs, so on and so forth. But that has included even gerrymandering and redistricting.

For example, the southeast was split into two districts. At one point in time we shared a common council member. Now, we're split up. And this has split up the voting power of the already small, minute Black population in San Diego. So I think it may be anywhere between six to twelve percent of the population, now being split in half, we really don't have that voting power.

So the only way that we can -- we can improve the marginalization in San Diego, which we know that Black people, according to two reports, Campaign 0, a San Diego State University report, Black people are stopped ten

1 times more by the police, and ten times less likely to be found with contraband. We also make up one of the 3 largest homeless populations in San Diego. So in order 4 to get some representation that's going to really 5 represent our issues, and vouch for our issues, we need to be able to vote together. 6 7 I mean, it's a simple as that. And if we -- and if 8 we are not in the same district, we can't vote together 9 to put somebody in a position that's going to really 10 advocate for the issues that are plaguing us. 11 So we ask if you would please consider keeping these 12 areas in the same district. Once again, that's north to 13 University, to the west Mount Hope Cemetery, to the east, 14 Grand Avenue and Spring Valley, and to the south, 15 Division. And we're asking that you please keep us 16 together so we can -- so we can keep our political power 17 together. Thank you very much. 18 CHAIR SINAY: Thank you. 19 PUBLIC COMMENT MODERATOR: Right now in the queue, 20 we will have 007. And up next, we will have 006. Right 21 now it's 007. And up next will be 006. 007, your 22 speaker order number will be number 5, if you will, 23 please make note of that for future reference. You can 24 now enable your audio and video in the lower-left corner

of your screen. And if you will, please remind the

1 mapper of what area you would like to see today. With 2 that, the floor is yours.

MS. WILSON NIEVES: Good morning, Commissioners.

Thank you for having me here today. My name is Eryn

Wilson Nieves, and I'm with Alliance San Diego. We are a

grassroots community empowerment organization that works

across the County of San Diego.

So when specifically speaking about which communities we're talking about, we do most of our work within the City of San Diego, in the communities of Encanto, Logan Heights, Barrio Logan, Paradise Hills, Oak Park, and City Heights. And we also expand our work in different cities in San Diego, El Cajon, La Mesa, Lemon Grove, and we have recently started doing work in Chula Vista and National City. So we're everywhere. So I don't know if the mappers are going to be able to make it super specific.

But our focus is to ensure communities of color, low-income communities, and the immigrant communities can live out their fullest potential locally, statewide, and nationally. And over the past two years, we've engaged San Diego County residents to participate in the census and now redistricting. We've completed a couple of COI sessions expressing the importance of community engagement in this process, and we're planning to do

1 several more over the summer.

2.0

During our sessions, community members express concerns about local and state-wide lines being drawn to separate communities with historically shared interest and values, such as family, education, culture, respect -- and many more. And this can specifically be seen in the 78th and 79th State Assembly District, which split up Encanto, also known as Southeast San Diego, which is a very well-known Black community in two separate districts.

We also have to consider our unique makeup as a border city and how our community is impacted by militarized local and federal law enforcement agencies. It is necessary for our communities to stay together to ensure true representation in order to address the concerns and needs of our community members. Excuse me. It's crucial to impact -- it's crucial to prioritize these impacted voices and redistricting, to ensure resources are evaluated and distributed in equitable manner.

And this process really, truly can create everlasting change, but only if we highlight the voices and experience of community members. Thank you so much for having me here today.

CHAIR SINAY: Thank you.

1 PUBLIC COMMENT MODERATOR: Right now we have 006. And up next in the queue will be 011. Right now it'll be 3 006. And up next in the queue will be 011. 006, your 4 speaker order number will be number 6, if you'll please 5 make note of that for future reference. If you'll please remind the mapper of what area you would like to see. 6 7 With that, the floor is yours. MS. ERIKAT: Good morning, Commissioners. My name 9 is Jeanine Erikat. I'm here today with PANA, the 10 Partnership for Advancement of New Americans. And I'm 11 here to talk about the neighborhoods of City Heights 12 starting on University Avenue, and La Mesa, and El Cajon. 13 Led by the communities it serves, PANA works at the 14 intersection of African, Middle Eastern Muslims, South 15 Asian refugee communities, PANA is a research public 16 policy and community organizing hub dedicated to 17 advancing the full economic, social, and civic inclusion 18 of refugees. 19 We serve hundreds of immigrant and refugee families 20 across San Diego, and we presented to you in November on 21 the diversity of African languages and best practices for 22 community engagement. Over the past three months, we 2.3 hosted ten COI sessions with 200 residents, both 24 virtually and in person at parks, local mosques, and 25 community centers, in English, Somali, Oromo, Swahili,

Arabic, Dari, Pashto, with youth and elders, our community members could effectively engage in the process in their preferred language, specifically in City Heights, which is known as a rich refugee hub, El Cajon, known by its residents as Little Baghdad. And we still have scheduled sessions for the rest of this month.

During our sessions we've been using your COI tool,

which has been extremely user friendly, and it's been a really amazing experience, people are excited to share with you, but it's a little daunting right now, so we're getting ready and excited for you to come back in town in August and September.

The demographics of El Cajon have changed in the last ten years as we've seen an influx of Syrian and Afghan refugees. At the same time, we've had a large East African community in City Heights for the past thirty years have been historically shut out of the process for various reasons.

Additionally, our Arab, Middle Eastern, North

African community members are often hidden in the data

because we're forced to mark White in the census and as a

result, have never been engaged in the process. We

recognize the importance of COI sessions and have been

working hard to have these conversations with community

members. We're really excited, and see this as an

opportunity to have representation in office and bring back resources in the community.

2.3

Many of our community members have shared similar concerns around language, access, housing, and many lost their jobs during the pandemic, and were disproportionately affected by COVID, and were some of the last to receive vaccines.

Historically, our community has been impacted by surveillance in our neighborhood, schools, and mosques; and were devastated by the Muslim ban, which separated many from their loved ones. And so the community has come together to draw maps that accurately represent us to ensure voting power, to elect representatives who look like us and have our interest in mind. Thank you for the time and opportunity to speak. We're really looking forward to seeing you, those who can come in person in August and September. We hope to come out in the hundreds. Have a wonderful day.

CHAIR SINAY: Before you leave. Can you specifically give us the boundaries for City Heights?

MS. ERIKAT: Yeah. So we want to start on
University Avenue up to 40th and 50th. And we have here,
if you come down to the Street, it's a very diverse area
of refugees from all over the world, Somalia Ethiopia,
Eritrea, South Sudan, Burma, and it's a really robust and

1 rich place. 2 CHAIR SINAY: Thank you so much. MS. ERIKAT: Thank you for the opportunity today. 3 4 Have a wonderful day. 5 PUBLIC COMMENT MODERATOR: Right now we have 011. And up next will be 017. So right now it'll be 011. 6 7 up next in the queue will be 017. 011, your speaker order number will be number 7, if you'll please make note 8 9 of that for future reference. You can now enable your 10 audio and video in the lower-left of your screen. 11 you'll please remind the mapper what area you would like 12 to discuss today. With that, the floor is yours. 13 are unmuted. Go ahead. 14 MR. RUIZ: Hi. Hi, everyone. Yes, my name is Frank 15 Ruiz, and I live in the City of Indio, California, and I work in Conservation as a director for the Salton Sea 16 17 Program. And I would like to discuss the Salton Sea 18 program crisis, especially referring to the Imperial 19 County and Coachella Valley coming together as one 20 region. 21 And I want to underscore three points with you all 22

2.3

24

1 modern history that requires undivided attention from all the communities surrounding the Salton Sea, from the 3 Coachella Valley and the Imperial County together. 4 Salton Sea is in a region also called the Salton Sink 5 that connects the whole region geographically, hydrologically, and politically. 6 7 Second, the Coachella Valley and Imperial County are both united by similar interests beyond the cultural 8 connections, including a robust agricultural industry. 10 We also share the same air quality issues, similar 11 economic, and overall a public health issue that should 12 be addressed together as a whole. The polluted elements 13 do not know county lines or boundaries, as a region, 14 including the Coachella and Imperial County. We have one 15 of the worst or probably highest asthma rate in the State 16 of California. 17 The Salton Sea is a major crisis affecting both 18 sides of the lake, both in the north, the Coachella 19 Valley, and the south, the Imperial County. The 20 Coachella Valley, I mean, it makes no sense for these two 21 counties to address those issues from separate matters; 22 if the crisis affects both sides, why not to face it all 23 together as well. 24 And lastly, it is in the benefit of the underserved

communities on both sides, the whole region, as a whole,

1 in recognizing the makeup of these communities, and the social economic challenges, and the benefits that they 3 could potentially improve and attain if these area come 4 together. Thank you very much. CHAIR SINAY: Thank you so much.

17

18

19

- PUBLIC COMMENT MODERATOR: Right now we will have 017. And up next in the queue will be 001. And I'd like to invite 015 and 018 to please use the raise your hand button at the bottom of your screen. Again, that was 015 and 018, if you'll please use the raise your hand button at the bottom of your screen, it will enter you into the comment queue line. Thank you so much. I do see your hands 015. So right now we will have 017. Up next will be 001.
- 017, your speaker order number will be number 8, if you'll please make note of that for future reference. You can now enable your audio and video in the lower-left of your screen. If you'll please remind the mapper of what area you would like to discuss today. With that, the floor is yours.
- 21 MR. CALDERON: Hello. I don't know if you can see 22 me, but I tried to make it so you can see me.
- 2.3 PUBLIC COMMENT MODERATOR: We can.
- 24 MR. CALDERON: Okay. Hi. My name is Alor Calderon,
- 25 I'm the -- my name is Calderon, and I'm to talk about

1 City Heights. Some of the people before in organizations that we work with, you know, like PANA, and others talked 3 about City Heights. And I really appreciate the 4 opportunity to speak with you today. And I like I said, 5 my name is Alor Calderon. I'm the director of the Employee Rights Center, which has been an organization, 6 7 which has been located in City Heights since 1999. myself have been working at the Employee Rights Center 8 9 for over fifteen years, and go into that community 10 basically every day for the last fifteen years. 11 We are a nonprofit that works with community, works 12 with many organizations that have given testimony, 13 Alliance, PANA, and others, in this community. We 14 provide, you know, legal services, and educational 15 services, and we do outreach in this community. 16 Just in the last few months we have done vaccination 17 clinics, we have a weekly food distribution in City 18 Heights, which brings between 160 and 200 families every 19 week. We really want to urge, you know, here that City 20 Heights, where the (indiscernible) is located, to be 21 connected to the communities where many of our clients 22 live. 2.3 You know, many of the people that work here are from 24 the food industry, janitorial, trucking, taxicab, there

for many, many part of the of the working-class

- neighborhoods. And many of them suffer from wage theft,
 for discrimination, for injuries. And the communities
 that I'm referring to that should be connected, we're
 talking Logan Heights, Sherman Heights, National City,
 Western Chula Vista, Lemon Grove, Southwest, but clearly
 I'm talking from the point of view of City Heights and
 connecting these communities.
 - Many of our clients meet and rely on our lawmakers to be able to get higher minimum wage, and stronger laws to protect the workplace, something that is especially needed. Now, given what happened in the pandemic. Many of them are independent contractors, even though they shouldn't; many of them have jobs that really don't want to provide health care. And so we need to keep having a strong voice for the immigrant population, for the working class population.
 - So we urge today that we keep City Heights together with these other communities, Logan, Sherman, National City, the southern -- south of City Heights, together, in order to have strong voices for these communities. Thank you so much.
- 22 | CHAIR SINAY: Thank you.

PUBLIC COMMENT MODERATOR: Right now we will have 001. And up next in the queue will be 015. Right now it'll be 001. And up next in the queue will be 015 --

```
1
    oh, wait, hold on one second. 001, you'll be right now.
    001, your speaker order number will be number 9, if
 3
    you'll please make note of that for future reference.
 4
    You can now enable your audio and video in the lower-left
 5
    of your screen. If you'll please remind the Mapper what
    area you would like to discuss today. With that, the
 6
 7
    floor is yours.
                     Thank you. Can you hear me?
 8
         MS. GOMEZ:
 9
         CHAIR SINAY:
                      Yes.
10
         PUBLIC COMMENT MODERATOR: Yes, we can. Go ahead.
11
         MS. GOMEZ:
                     Okay. Sorry, I can't enable my video,
12
    I'm using my phone. But my name is -- hello
13
    Commissioners. My name is Georgette Gomez. And today I
14
    would like to talk to you about City Heights
15
    neighborhoods in the City of San Diego. In terms of the
16
    boundaries, City Heights can be generally described as
17
    including the interchange between the 15 -- Highway 15,
18
    Highway 805, freeways up to El Cajon Boulevard on its
19
    north -- northern boundaries, State Route 94, in Chollas
    Creek to its southern boundaries as far east to 54th
20
21
             That is the City Heights community.
    Street.
22
         Hello, Commissioners. My name is Georgette Gomez.
23
    And I'm calling today to talk to you about City Heights
```

District that I had the pleasure and the great honor of

neighborhood, which is the heart of the 9th City Council

24

representing as the San Diego City Council from 2016 to 2020, because City Heights has a pretty high population of over 100,000 residents, if not more.

And these are folks that are -- that have made this community a very vibrant, a very rich community, because of the makeup of the population here. This community has been the home to our refugee community, to our immigrant community, and it really does -- has created this melting pot of a community that has been brought together.

Now, with that, it also has some unique challenges, such as languages, such as income inequality, such as housing inequality, and many other issues that have been faced in this community. So it's really, really critical that this community stays together, because of the unique challenges that it brings, and also the unique opportunities that it brings to really lift up our migrant community, our refugee community.

It's been like this since very early on, in the history of the City of San Diego. From the '70s it was the refugee to the Vietnamese, Cambodian, Thailand settlement, were here and City Heights. Now, we're seeing the East Africa community, our Somali community, our Eritrea community, our community from the south, our neighboring south communities from Mexico, so we really -- it's I can't stress that enough, as somebody

1 that used to represent this community, that was really committed and making sure that we were lifting the community and the quality of life. It is really critical 3 that it's been -- that the representation is by one 4 5 state-elected, a city-elected, and it's not divided between multiple jurisdictions. So I really urge you to 6 7 please consider keeping this community together as you 8 make your decisions. And I appreciate the work that you 9 are all set to do. Thank you so much. 10 CHAIR SINAY: Thank you, Ms. Gomez. 11 PUBLIC COMMENT MODERATOR: Right now we will have 12 015. And up next in the queue will be 009. Right now we 13 will have 015. 015, your speaker order number will be 14 number 10, if you'll please make note of that for future 15 reference. You can now enable your audio and video in 16 the lower-left of your screen. And if you'll please 17 remind the mapper of what area you would like to discuss 18 today. With that, the floor is yours. 19 MS. DE SASSO: Hi there. My name is Teresa de Sasso 20 (ph.). I am from Encinitas in North San Diego County, and I am a member of Indivisible 49. 21 We represent 22 progressive voters in the CA-49 District, and have worked 23 diligently to encourage voter registration, voter 24 engagement, and get out the vote efforts, and to raise 25

the voices of our community members.

CA-49 includes the towns of Encinitas, Carlsbad,
Solana Beach, Del Mar, Rancho Santa Fe, as well as Vista,
Camp Pendleton, Oceanside, and San Juan Capistrano, and
San Clemente, and Southern Orange County, and some other
smaller towns I will not get into.

2.0

Our district is diverse in ages, and cultures, and incomes, and in backgrounds. We share an interest in preserving our coastal communities and protecting the coastal environment. Local parks, beaches, and shopping hubs all add vibrancy to our district.

I believe it is important to retain as much of the District as we can, including UCSD to the south, and Camp Pendleton and Southern Orange County to the north. I believe this gives us a unique mix of voters, and we are currently considered a purple district politically. If we could grow our district, I would like to include San Marcos. San Marcos includes a state university that draws students from Carlsbad, Oceanside, Vista, and other towns in our districts -- in our district.

If we -- I would prefer not to lose any portion of our district, but if we were to lose either our southernmost sector, which is UCSD, then Cal State San Marcos would be a good addition to balance that loss.

And if we were to lose any of our northern sector in Orange County, then again, San Marcos would be a good

addition to make our district more geographically
compact. I thank you for your time and your work on this
Commission.

CHAIR SINAY: Thank you.

2.0

2.3

PUBLIC COMMENT MODERATOR: Right now we will have 009. And I'd like to invite 018 to use your raise your hand button at the bottom of your screen. 018, if you'll use the raise your hand button at the bottom of your screen to enter the comment queue.

But right now we have 009. 009, your speaker order number will be number 11, if you will please make note of that for future reference. You can now enable your audio and video in the lower-left of your screen. And with that the floor is yours. Oh. And if you'll remind the mapper of what area you would like to discuss today. I apologize. With that, the floor is yours. 009, you are unmuted. You can speak. Can you hear me, 009? 009, it looks like you're connecting to audio according to my Zoom prompts.

009, it looks like you may be having some connectivity issues. I invite you to call in. It looks like your connectivity of your internet connection is preventing you from connecting fully to the meeting via Zoom. I invite you to use the telephone number in your Zoom invite to call in.

1 With that, I move to 018. I invite you to use the raise your hand button at the bottom of your screen to 3 enter the comment queue. And then I invite the callers 4 in the queue to please press star 9 to raise your hand 5 indicating you wish to comment. The callers in the queue; please press star 9 to raise your hand indicating 6 7 you wish to comment. At this time, 018, I will be promoting you to 8 9 panelist. 018, you can now enable your audio and video 10 in the lower-left of your screen, your speaker order 11 number will be 11. If you'll please remind the mapper of 12 what area you would like to discuss today. The floor is 13 yours. 14 Hi. Can everybody hear me? MR. GOMEZ: 15 PUBLIC COMMENT MODERATOR: Yes, we can. 16 MR. GOMEZ: All right. Good morning, everybody. 17 I'm from beautiful, sunny National City, California, 18 As you can see, we have a very interesting map 19 there. So we're about seven square miles, very dense 20 community, with about 60,000 population, and about, as of 21 June 2021, 27,932 registered voters. We are County 22 Supervisor District 1, State Assembly District 79 and 23 80th. So this is split, which is very interesting 24 because we have a large majority population of Latinx and

Filipino in our city. And those two districts kind of

split us -- split us up on the East Bay.

With State Senate District 40, which takes into
Imperial County, where we don't really share much of the
same geography and interests as Imperial County. Then
where Congressional District 51, which I believe goes
right up to the border, so that is pretty good, we're
just -- I know folks in San Diego and California are
concerned about losing some Congressional districts. I
hope we don't lose our representation, especially with
the large, again, large Latino, Filipino, Black community
in our region.

Because we're so close to the ocean here for some reason we have -- I mean, there is a reason about, we have poor air quality, food desert, that we don't really see across the bay in Coronado and we have -- we share some of the same representation, I believe, on the county.

So thank you so much for this opportunity. I'm a fourth-generation resident of National City, Zachary Gomez, and also a Commissioner for the City. And we need fair and proper representation for our city. We're one of the second oldest in San Diego County, right behind San Diego. So there's so much history.

And lastly, I would like to recognize that we stand --

1 MR. MANOFF: Thirty seconds. 2 MR. GOMEZ: -- are all on Kumeyaay Nation land. 3 Thank you for your time. And thank you for including us. 4 CHAIR SINAY: Thank you so much. And thank you for 5 the reminder that we're on Kumeyaay land. PUBLIC COMMENT MODERATOR: Right now we will have 6 7 caller 3422, that's caller 3422. And then up next will 8 be caller 8495. Right now it'll be caller 3422. And up 9 next will be caller 8495. Caller 3422, please follow the 10 prompts to unmute. Caller 3422, if you'll please follow 11 the prompts to unmute, by pressing star 6; caller with 12 the last four, 3422, if you'll please press --13 Caller 3422, you are currently unmuted. I have a 14 couple of brief instructions. Your speaker order number 15 will be number 12, if you will please make note of that 16 for future reference. And if you'll please let the 17 mapper know what area you would like to discuss today. 18 With that, the floor is yours. 19 Can you hear me? 2.0 UNIDENTIFIED SPEAKER: Yes. 21 PUBLIC COMMENT MODERATOR: Go ahead. The floor is 22 yours.

2.3

24

25

UNIDENTIFIED SPEAKER: Good morning. Please pull up

www.escribers.net | 800-257-0885

today to talk about Imperial County and its relationship,
both Coachella and East San Diego.

2.3

As a lifelong resident of Imperial County, a graduate of San Diego State University in San Diego, and a current resident of the Coachella Valley, I want to share why I think it's important for Imperial County to be linked with Coachella Valley.

Anyone who knows Imperial County or has lived there their whole life can tell you that Coachella and Imperial Valley not only share agriculture as its farmworkers feeding the state and country, we also share the Salton Sea, California's largest body of water.

This so-called sea is shared by Imperial and Riverside County. Our legislators -- I'm sorry -- have been working on improving our quality of life, economic impact, high unemployment rates, and devastating health disparities caused by this contaminated body of water.

I've heard it described as the second -- the second-most polluted body of water in the State of California, the first being just south by the border called the New River.

We need to continue sharing representatives that will be able to advocate on behalf of our communities, especially the Salton Sea. It is for these reasons why I believe that Imperial County and East Coachella should

1	share state representatives. I also wanted to highlight
2	that our border community has benefited from having a
3	shared Federal representative. Everything from border
4	infrastructure, education, economic development, and
5	health districts are shared. Not only do we share
6	binational excuse me. Not only do we share binational
7	communities, we share labor councils and nonprofit
8	affiliates serving both San Diego and Imperial counties.
9	Lastly, I want to thank the Commissioners for the
10	work they volunteered to do for our communities and trust
11	that the wishes of Imperial County residents, as well as
12	San Diego and Coachella Valley are respected. Thank you.
13	PUBLIC COMMENT MODERATOR: Thank you so much. Right
14	now we will have caller 8495. I invite those who have
15	called in to please press star 9 to raise your hands
16	indicating you wish to comment. Please press star 9 on
17	your telephone keypad. This will raise your hand
18	indicating you wish to comment. Right now we have caller
19	8495. And then up next, we will have caller with the
20	last four, 7688. Right now is 8495. Up next will be
21	7688.
22	Caller 8495, if you'll please follow the prompts to
23	unmute by pressing star 6; you are currently unmuted
24	Your speaker order number will be number 13, if you'll
25	please make note of that for future reference. And if

you'll please let the mapper know what area you would like to discuss today. With that, the floor is yours.

Rahmo Abdi, I'm a community organizer with PANA. I'm calling from the neighborhood of City Heights, which is a rich refugee hub and has been coined as Little Somalia.

MS. ABDI: Good morning, Commissioner. My name is

PANA serves hundreds of immigrant refugee families across San Diego County. We hosted ten sessions, COI sessions with 200 residents both virtual and in-person at a local community park over the past three months, in multiple language; English, Somali, Oromo, Swahili, Arabic. Also our youth and older community members effectively engaged in the process of their preferred -- in their preferred language, to learn about more -- about redistricting.

And we are so grateful for the COI tool that which we have been using within the community, and then during our mapping sessions, and saving as a draft while we continue meeting with the community members. Our community has been certainly shut out of the process. We have been — we have been here over thirty years and this is our first time our community has participated in mapping and we are very excited to be part of this redistricting cycle.

It is very important for our voice to be heard and

1 unified to have representation in politics, someone who has our community best interests in mind. This is our 3 first opportunity for us to share our narrative as an 4 African immigrant refugee community. We live in the 5 underserved community in San Diego. We are shut out of all decision-making process, and want to bring change in 6 7 our community by unifying the voting bloc. 8 The refugee community in City Heights experience 9 high rate of hidden homelessness, with family doubling up 10 in the same home to afford rent, and having no -- having 11 the kids navigating a new environment without language 12 This makes simple tasks, like apply for a job, 13 visiting doctor appointment, enrolling your kids in 14 school, or going to DMV, very difficult for our community 15 due to the language barrier, which is why it's so 16 important for us to stay together in one community and 17 draw and map that actually represents us. And thank you for the time to speak today. 18 19 community's very excited to turnout for the in-person 20 August and September meetings. Have a great day. 21 CHAIR SINAY: Thank you. 22 PUBLIC COMMENT MODERATOR: Right now we will have 23 caller 7688. Right now we have caller 7688. If you will

please follow the prompts to unmute by pressing star 6.

Caller 7668, you are currently unmuted. Your speaker

24

order number will be number 14, if you'll please make note of that for future reference. And if you'll please let the mapper know what area you would like to discuss today. With that, the floor is yours.

MR. STONE: Good morning. The area I'd like to discuss today is the City of La Mesa, which shares a boundary on the -- to the east -- excuse me, to the west of the City of San Diego, along the area of Lake Murray, the southern boundary is the 94 Highway, and to our east is the City of El Cajon.

My name is Jim Stone, and as a La Mesa resident, I urge you to keep the City of La Mesa as part of the larger San Diego Metro area ecosystem. For seven years, I served as the executive director of a nonprofit organization that was dedicated to public transit, safe streets, and sustainable growth. In that work, I was pleased to see La Mesa support the growth of our region by embracing transit-oriented development.

After the City of San Diego, La Mesa has the secondmost trolley stations in the Metropolitan Transit System,
and the MTS bus routes that run through La Mesa travel
along thoroughfares that are shared with the City of San
Diego. These include University Avenue, Al Cajon
Boulevard, and 70th Street.

Success for our region depends on cities in the

1 urban landscape, like La Mesa, to pull their weight on housing production, and accommodating public transit, and following through with environmental sustainability 3 4 measures found in the City of La Mesa's Climate Action 5 Plan. And on that last point about sustainability, I 6 7 should add that La Mesa is the only city east of Interstate 15 to have adopted a Climate Action Plan. 8 9 in fact, the Climate Action Campaign's 2020 report card 10 only gave three cities in the County scores higher than 11 80, and those were San Diego, Encinitas, and La Mesa. 12 And that is the company that La Mesa wants and 13 should keep when it comes to addressing our challenges as 14 a region. So again, please keep La Mesa in the districts 15 that include the City of San Diego. Thank you for your 16 time. 17 CHAIR SINAY: Thank you. 18 PUBLIC COMMENT MODERATOR: Thank you so much. 19 next, we will have unique ID 032. 032, you can now 20 enable your audio and video in the lower-left of your 21 Your speaker order number will be number 15. 22 You can now -- if you'll please remind the mapper of what 23 area you would like to discuss today. With that, the floor is yours. 24

032, you can now enable your audio and video in the

1 lower-left of your screen. You have been promoted to panelist. 032, we did assign this, your -- all right. 3 032 -- oh, you are currently unmuted. If you'll please 4 remind the mapper of what area -- oh, wait. No. 5 I apologize. Zoom is acting out. 032, you can now unmute yourself by using the lower-left corner of your 6 7 screen. MS. TALAMONTEZ: Yes. Can you hear me? 8 9 PUBLIC COMMENT MODERATOR: Yes, we can. Please 10 remind the mapper of what area you would like to discuss 11 today. And with that, the floor is yours. 12 MS. TALAMONTEZ: Yes. My name is Josephine 13 Talamontez. And I would like to discuss Barrio Logan, 14 Logan Heights neighborhood beginning at 10th Avenue, 15 Marine Terminal on the San Diego Bay, and then moves 16 along the waterfront to National City border, east to 17 Interstate 15, and then north to Imperial Avenue. 18 So I'm here to talk about, there are two different 19 parts in our community, Logan Heights and Barrio Logan 20 that have been, unfortunately, divided for decades as the 21 Government built freeways right between us. They rezoned 22 the waterfront that allowed businesses to tear down 23 houses to locate heavy industry polluters and junkyards. 24 In 1970, the community bound together to demand a

Parkland, and we created Chicano Park, and the Chicano

1 Park monumental murals that are listed on the National Register and are now recognized as a national landmark, which includes amazing commemorations of our community 3 4 and our culture, despite the freeway where cars rush 5 overhead. Logan deserves to be kept whole. 6 district maps have not allowed that because they use the 7 bridge to connect Coronado to the rest of San Diego, 8 which divided the community along Highway 75 elevated 9 freeway. We should not be automatically included in Coronado 10 11 in our district. Our community is very, very, very 12 different. If we need to be connected to other 13 communities, please consider the cultural connections, 14 the working class connections that we have built with 15 Sherman Heights, National City, and Southcrest. 16 The City of San Diego has grouped these 17 neighborhoods into Barrio Logan Community Plan, of which 18 I am a member, and the Southeast San Diego Community 19 Those make sense for a district, but not Coronado, 20 and not Downtown. I have learned that the last 21 Commission connected Coronado to Downtown San Diego 22 because of the ferry route. I think that makes a lot 23 more sense than trying to force Coronado into Logan or 24 Barrio Logan.

Please keep Barrio Logan and Logan whole again.

1 Please keep us connected. We have no connection to Coronado and we do not want the district representation 3 to include Coronado, it makes no sense in our community. 4 I'm a member of the Barrio Logan Planning Group, I am a 5 member of the Air Pollution Control District, I'm also a member of the Barrio Logan Association Maintenance 6 7 Assessment District, and I'm recently appointed as the 8 Mayor's Advisory to the Latinx Advisory Committee. 9 Again, my name is Josephine Talamontez. I'm calling 10 in from Barrio Logan in Logan Heights, San Diego, 11 California. Thank you very much. And please, please 12 consider that we --13 MR. MANOFF: Thirty seconds. 14 MS. TALAMONTEZ: -- we need fair and proper 15 representation for our community, and our community does 16 not reflect Coronado. Thank you very much. 17 CHAIR SINAY: Thank you so much. 18 PUBLIC COMMENT MODERATOR: Right now we will have 19 caller 0684. And I invite those that have called in to 20 please press star 9 to raise your hand indicating you 21 wish to comment. Please press star 9 to raise your hand 22 indicating you wish to comment. So right now we will 2.3 have caller 0684. And then up next, we will have caller 24 5374. Right now it'll be caller 0684, and up next caller

25

5374.

Caller 0684, if you could, please follow the prompts to unmute yourself. You are currently unmuted. speaker order number will be number 17, if you'll please make note of that for future reference. If you'll please remind the mapper of what area you would like to discuss today. With that, the floor is yours. JESSICA: Please pull up Southeast San Diego, including Chula Vista, and Pine Valley, as well as Imperial County, please. Hi. My name is Jessica (ph.). I'm calling today to ask the Commission to place Southeast San Diego and Imperial County together in a Legislative district. a resident of Chula Vista. My home is ten minutes away from the Cross Border Bridge between San Diego and Tijuana, Mexico. I know firsthand experience, and from my friends living in Imperial County, that traffic coming back and forth over the border has serious short- and long-term impacts on the border communities like ours. These issues include air and environmental pollution, border security, and provision of goods and It is only together that border communities can address these issues and improve our quality of life. Also, as a youth advocate, I see youth from low-income communities of Southeast San Diego share the same

    are currently unmuted. I have a couple of brief
22
    instructions.
2.3
         MR. BENZIAN:
                      Hi.
24
         PUBLIC COMMENT MODERATOR: Your speaker order
25
    number --
```

MR. BENZIAN: Okay.

PUBLIC COMMENT MODERATOR: -- will be number 18, if you could please just make note of that, and remind the mapper of what area you would like to see. With that, the floor is yours.

MR. BENZIAN: Hello. I would like to speak about

Coronado. Good morning, or good afternoon -- I guess
it's still morning. Good morning, Commissioners. My
name is Whitney Benzian, and I'm a former city council
member in Coronado, and a business owner, and a father on
the island as well. I also, incidentally, used to live
in Logan Heights as well, for about ten years, and owned
a home there, but I'm a Coronado resident for the most
part.

Thank you very much for taking the time to hear from the public today. I wanted to share my perspective on Coronado's place on the Legislative map. The main issue related to Coronado is how our island is connected to the rest of San Diego County. And I think the 2011 Commission got it just right by connecting Coronado in the Senate, Assembly, and House maps to Downtown San Diego. It allowed our community to be paired with neighborhoods like Downtown Point Loma, Pacific Beach, and La Jolla.

These neighborhoods all really have a lot in common

1 with Coronado, such as our ties to the tourism and hospitality industry, our household incomes, and the coastal issues like water quality, sea level rise, marine 3 4 life, and short-term vacation rentals. Coronado also 5 features a large, retired military community, which is very significant in Point Loma and Pacific Beach. 6 7 The current maps respective community of interest. We share with these parts of San Diego by connecting us 8 through the ferry route to Downtown San Diego. I think 10 the ferry route is the preferable -- let me start over. 11 I think it's preferable to do it that way as it avoids 12 splitting the historic Barrio Logan neighborhood, which 13 would happen if we were connected by the Coronado Bridge. 14 I just don't see that being a positive, and a good thing 15 for either area. 16 And finally, instead, I think the ferry route allows 17 for an appropriate break that allows similar communities to be connected together in the same districts, seems to 18 19 make the most sense to me. Thank you, again, for 20 listening to the public. And good luck with this 21 Thank you very much. process. 22 CHAIR SINAY: Thank you. 2.3 PUBLIC COMMENT MODERATOR: Right now we have caller 6872. And I invite those who have called in to please 24

press star 9 to raise your hand indicating you wish to

- 1 comment. And that is for caller with the last four 8095.
- 2 | If you wish to comment, please press star 9 on your

- 4 6872, if you could please follow the prompts to unmute.
- 5 Caller 8095, I do see your hand, and you will be next.
- 6 Right now we will have caller 6872. And up next will be
- 7 caller 8095.
- 8 Caller 6872, if you could please follow the prompts
- 9 to unmute by pressing star 6; caller --
- 10 MS. MARTINEZ: Hello?
- 11 PUBLIC COMMENT MODERATOR: Hello. I have a couple
- 12 of brief instructions.
- 13 MS. MARTINEZ: Okay.
- 14 PUBLIC COMMENT MODERATOR: Your speaker order number
- 15 | will be number 19, if you'll please make note of that for
- 16 | future reference. And if you'll please let the mapper
- 17 know what area you would like to discuss today. And with
- 18 that, the floor is yours.
- 19 MS. MARTINEZ: Thanks. Hello. And so I'm calling
- 20 in reference to the South Bay of San Diego County as a
- 21 | community of interest. My name is Grace Martinez. I'm
- 22 | with the Alliance of Californians for Community
- 23 Empowerment, also known as known as ACCE, the director of
- 24 | the San Diego Chapter. The South Bay has a high Latino
- 25 population with a combination of monolingual Spanish, and

bilingual residents. We are working -- we are renters
and low-income working class homeowners.

Our proximity to the border has developed a unique Mexican-American culture that is concerned about immigration, like the presence of border patrol and constant -- border patrol presence and its concentration, language access, equal access to education, and economic stability. Many constituents have strong ties to Tijuana, either having a family that currently reside -- currently resides there, or where they rely on cheaper services, like health care and goods.

Many Latino families have mixed-status families, and this has influenced several generations about how to interact with government, voting, and access to services that they may qualify for. Undocumented immigrants are integral to the economy in the South Bay, and residents -- regardless of residency status, provide services to the Greater South Bay community as well as to the county as a whole. But also represent a significant renter population.

There are smaller concentrations of other minority groups, like Black and Filipina that are integral -- that are integrated into the larger Mexican-American, culture, but are more closely connected to socioeconomic and racial justice issues.

1 The South Bay area includes San Pedro, central and 2 west side of Chula Vista, the eastern section of Imperial 3 Beach, Western and Central National City, Barrio Logan, 4 Shelltown, and Logan Heights. These communities are all 5 west of the 805, the neighborhood east of 805 include higher income brackets, and higher concentration of 6 7 homeowners. Our community does not include Coronado. 8 The South Bay region, like many similar communities, have 9 been historically marginalized and disenfranchised from 10 the voting and civic engagement process. 11 This community of interest needs to be preserved and 12 empowered to ensure that the constituents are able to 13 physically engage, not only to influence and voice their 14 needs and concerns, but that this be done equitably to 15 repair years of damage that has been done to this district and to the communities within. Please respect 16 17 our community by keeping us together. Thank you for your 18 time. 19 CHAIR SINAY: Before you -- what is your northern 20 boundary for South Bay? 21 MS. MARTINEZ: It would be Barrio -- Logan Heights. 22 CHAIR SINAY: All right. Thank you so much. 2.3 MS. MARTINEZ: Thank you. 24 PUBLIC COMMENT MODERATOR: Right now we have caller 25 If you could please follow the prompts to unmute

```
1
   by pressing star 6. Caller 095, your speaker order
    number will be number 20, if you'll please make note of
 3
    that for future reference. If you'll please let the
 4
    mapper know what area you would like to discuss today.
 5
    With that, the floor is yours.
 6
         ALLISON:
                  Hello? Can you hear me?
 7
         PUBLIC COMMENT MODERATOR: Yes, we can.
                                                  Go ahead.
         ALLISON:
                  Oh. Great. Hi. My name is Allison (ph.),
 9
    and I'm a City of San Diego resident. I wanted to
10
    comment about the Barrio Logan area, which I think as
11
    Josie Talamontez referenced, it starts at the 10th Avenue
12
    Marine Terminal, goes south along the water to the
13
    National City border, east to the I-5, and north to
14
    Imperial Avenue.
15
         Yeah. And I'm a community organizer with
16
    Environmental Health Coalition, and our organization has
17
    been fighting for environmental justice in the
18
    neighborhood for about forty years now. So just want to
19
    give some historical context to this area of Logan
20
    Heights and Barrio Logan used to be one neighborhood
21
    before the Government demolished a bunch of homes and
22
    built a freeway through the center of it. But still to
2.3
    this day, the community considers itself to be unified.
24
         And because of that, Barrio Logan should be kept in
```

the same district with the same representation as Logan

1 and Sherman Heights. It definitely should not be in the same district as Coronado and Downtown. Logan deserves 3 to be kept whole. The community members there share deep 4 similarities in their cultures, demographics, and 5 concerns. So I hope that you'll keep them together so 6 that they can have the same representation. Thank you so 7 much. 8 CHAIR SINAY: Thank you so much. 9 We have time for one last caller before our required 10 break. PUBLIC COMMENT MODERATOR: I invite caller 4569 to 11 12 press star 9 to raise your hand indicating you wish to 13 comment. I invite caller with the last four, 4569, to 14 please press star 9 to raise your hand indicating you 15 wish to comment. 16 Chair, it looks like we do not have a raised hand at 17 this time. 18 Okay. With that, why don't we take CHAIR SINAY: 19 our fifteen-minute break now? But before we leave, do 20 you want to give the -- Katy, the instructions just so 21 people can get in the queue for the next session? 22 PUBLIC COMMENT MODERATOR: For the next session? 2.3 CHAIR SINAY: I mean, just so that people can get 24 into -- you know, get in the queue. Sorry. Do you want 25 to just read the instructions? Let me keep it simple.

```
PUBLIC COMMENT MODERATOR: Chair, the next session
1
 2
    has appointments that will be joining.
 3
         CHAIR SINAY: Okay.
 4
         PUBLIC COMMENT MODERATOR: And been given the
 5
    instructions.
         CHAIR SINAY: And they have the instructions?
 6
 7
         PUBLIC COMMENT MODERATOR: Yeah.
                                           Yes.
         CHAIR SINAY: Okay. So that sounds great.
 9
         PUBLIC COMMENT MODERATOR: Yeah.
10
         CHAIR SINAY: So why don't we just take our fifteen-
11
    minute break now, and that means we'll be back at 11:45.
12
    Enjoy your break.
13
              (Whereupon, a recess was held from 11:30 a.m.
14
              until 11:45 a.m.)
15
         CHAIR SINAY: Hi. Welcome back to the California
16
    Citizen Redistricting Commission Community of Interest
17
    Input Meeting. We also encourage you to visit our
18
    community of interest tool to draw a map and describe
19
    your community by visiting DrawMyCACommunity.org, again,
20
    DrawMyCACommunity.org.
21
         I'll pass this over to Katy, our comment moderator,
22
    to continue with the public input. We will start with
23
    people who are registered, and then open the phone line
    if there is time before the next session.
24
                                               Thank you.
25
         Katy.
```

PUBLIC COMMENT MODERATOR: Thank you, Chair.

Welcome to the public input session. Please use the raise your hand button at the bottom of your screen to enter the queue. When it is your turn to speak, you will be identified by your assigned unique ID number. You'll be reconnected to the session with the ability to enable your own video and/or audio. You will then be assigned a speaker order number before you begin speaking. Please make note of your speaker order number for future reference.

The Commission will be enforcing a three-minute time limit with a warning at thirty seconds and fifteen seconds remaining. At the end of your public input, or at the end of your time you'll be reconnected in a listen- and view-only mode. At the beginning of your input please remind the mapper of what area you would like to see.

I invite 024 and 026 at this time, to please use the raise your hand button at the bottom of your screen. 024 and 026, if you could please use the raise your hand button at the bottom of your screen indicating you are ready at this time to comment, as you have appointments in this block. 026, I see your hand. And 024, again, if you could use the raise your hand button at the bottom of your screen indicating you are ready at this time to

comment.

o26, we will promote you at this time. 026, your speaker order number will be number 21, if you'll please make note of that for future reference. You can now enable audio and video in the lower-left corner of your screen. If you'll please remind the mapper of what area you would like to discuss today. With that, the floor is yours.

UNIDENTIFIED SPEAKER: Hello, everyone. So the area that I would be talking about is generally Paradise Hills or Alta Vista area. Okay. And so -- should I just start talking? Sorry. Okay, got it.

PUBLIC COMMENT MODERATOR: Go ahead.

UNIDENTIFIED SPEAKER: All right. So generally, just going over the questions that were provided from the website, I think some things that I would want to just, like, bring up to attention is, so as someone that has just recently moved from the Bay Area back to San Diego, and have been living in San Diego for the last six months, I would just like to say that there has been a lot of interesting changes in the area.

However, I think just bringing up the idea of like progress of area. So generally where I live at, the main roads that I can highlight would be Paradise Valley Road and South Woodman Street -- excuse me. However, that

doesn't necessarily extend just generally in that area or neighborhood. I definitely have commuted around in San Diego since my time being, and growing up in this area, that I've seen a lot in the National City area being very much developed in a way where I've seen a lot of -- for lack of a better word, interesting changes. I think there's something that I could bring as of interest, is just being able to recognize what those changes and effects of those changes can be on the neighborhoods.

So when it comes down to San Diego and National City area, I feel like when it comes to the responsiveness of retention of those that have lived in that area for a long time, as well as being able to recognize that that area has been changed in the benefit of progression, right. But I think also understanding the definition of progression being that housing is very much an affordable but nonaffordable experience, right.

When things change, I wonder what could be seen as the -- pretty much the idea of like, what can be changed that would be reflective of the people that can stay, if not live in that area? So I don't know if that generally made sense. I think what I would want to say is, is being able to see what pushes people in, and what leaves people left behind based off of just progress in general.

There have been good things such as being able to

1 renovate certain roads; however, that also comes with, 2 like, nonaffordable housing that --3 MR. MANOFF: Thirty seconds. 4 UNIDENTIFIED SPEAKER: -- as seen in the area, that 5 I've seen in National City, specifically, based off of the trends of what can be looked at when it comes to 6 7 affordable housing. Fifteen. 8 MR. MANOFF: 9 UNIDENTIFIED SPEAKER: I think when it comes down to 10 it, services that have benefited as things that I've been 11 able to do in the past, which is working with community 12 organizations to help speak on the behalf of the 13 communities that I've been --14 MR. MANOFF: Time. 15 CHAIR SINAY: Thank you so much, and welcome back, 16 since you've made it back. 17 PUBLIC COMMENT MODERATOR: Right now we will have a 18 And then I would invite the people who have called 19 in to please press star 9 to raise your hands indicating 20 you wish to comment. But right now we will go to 024. 21 024 your speaker order number will be number 22, if you 22 will please make note of that for future reference. 2.3 can now enable your audio and video in the lower-left 24 corner of your screen. Please remind the mapper of what

area you would like to discuss today. And with that, the

1 floor is yours. EILEEN: Hi. Yes, I want to recognize South San Diego, Chula Vista, Pine Valley, and Imperial County. 3 4 Can you hear me? 5 MR. MANOFF: Yes, we can. Go ahead. EILEEN: Okay then. Hi. My name is Eileen (ph.), 6 7 and I'm a resident of Chula Vista. So basically I think 8 that South San Diego and Imperial County are bordering 9 cities. We experience the same issues and concerns and 10 impacts of being linked with five major bordering 11 crossings, which I live like fifteen minutes from one. 12 This includes issues around -- this also includes issues 13 around our air and environmental pollution stemming from 14 our constant movement of goods and services coming 15 from -- back and forth from over the border. 16 I should know about this due to my parents used to 17 have a factory out in Tijuana. So and along with the 18 constant movement of the commerce across the border --19 (Background noise) 2.0 Oh. EILEEN: Excuse me. I'm sorry about that. 21 Sorry about that. Sorry. Okay. So along with the 22 constant movement of commerce across the border in South 23 San Diego, Imperial County, the dependence on each 24 other's, when it comes to our own local economy --

For example, San Diego's biotech and

25

economies.

1 cleantech corridors rely on Imperial County for its algae, biodiesel, and ethanol, and biomass products, as well as its geothermal energy products. And these -- it 3 4 is for these reasons and others that I am -- I'm asking 5 the Commission to consider keeping Imperial with South 6 San Diego. 7 And so basically, sorry about all the noise in the 8 background, my son started crying so -- and thank you for 9 your time. 10 CHAIR SINAY: Thank you. And we all understand how 11 difficult it is to be a parent, and be civically engaged. 12 So thank you for calling in. 13 EILEEN: Yeah. Sorry. I just wanted to, like, get 14 my words out there, but my son just came over here and 15 got me all rattled. 16 CHAIR SINAY: No worries. And no need to apologize. 17 EILEEN: Okay. 18 CHAIR SINAY: Thank you. 19 EILEEN: All right. Thank you. 20 PUBLIC COMMENT MODERATOR: Thank you so much. 21 right now we will have caller 6243. And then up next 22 will be caller 6620. So right now we will have caller 23 with the last four digits 6243. And then it will be caller 6620. And I do invite the other callers in the 24

queue to press star 9 indicating they wish to comment.

do see your hands. We will be coming to you shortly.

2.3

Right now, caller 6243, if you could please follow the prompts to unmute; caller 6243, you are unmuted. I have a couple of brief instructions. Your speaker order number will be number 23, if you'll please make note of that for future reference. If you'll please let the mapper know what area you would like to discuss today. And with that, the floor is yours.

ZACK: Hi. My name is Zack (ph.), and I want to comment about the Barrio Logan area in the City of San Diego. It starts at the 10th Avenue Marine Terminal, goes south along the water to the National City border, east to the I-5, and then north to Imperial Avenue.

I just wanted to comment on how Logan Heights and Barrio Logan historically have been one neighborhood before many homes down the -- between them were demolished to make a highway. However, to this day, the community considers itself to be unified, and because of this Barrio Logan should be kept in the same district with the same representatives as Logan and Sherman Heights. It should not be in the same district as Coronado and downtown.

Logan deserves to be kept whole, and the community members share deep similarities in their cultures, demographics, and concerns. Thank you.

CHAIR SINAY: Thank you.

PUBLIC COMMENT MODERATOR: Right now we will have 3 caller 6620. And then up next we will have caller 3381. 4 So right now will be caller 6620. And up next will be 5 caller 3381. Caller 6620, if you will, please follow the prompts to unmute? Caller 6620, you are unmuted. I have 6 7 a couple of brief instructions. Your speaker order number will be number 24, if you will please make note of 8 9 that for future reference. If you'll please let the 10 mapper know what area you would like to discuss today. 11 And with that, the floor is yours. 12

MR. RODRIGUEZ: Hi. Good morning/afternoon. I would like to discuss the National City neighborhood, as well as the border region as a whole.

And so my name is Jose Rodriguez. I am the vice mayor of National City. That's Jose, J-O-S-E, Rodriguez, R-O-D-R-I-G-U-E-Z. And I wanted to thank you for your time and effort in putting this together. I am calling on behalf of National City.

Just to give folks an idea. National City's demographics are eighty percent people of color, that is fifty percent Latino, twenty percent Filipino, and then a mix of every other ethnicity. We have one of the lowest income rates in the county. We have one of the most polluted ports in all of the West Coast. We have a very

low homeownership rate of thirty percent. And so that gives you, I think, a good idea of the many societal issues and economic issues that our neighborhood faces.

And so the ask that I am making is to assure that

2.3

National City stays together as one voting bloc, seeing as our interests are aligned. So hopefully we stay together in Senate district, in Assembly district, in a county, and in the same Congressional district. Most notably, recently we had a Assembly district, a special election in the 79th, just a couple of months ago.

Thirty percent of National City residents were in that 79th Assembly District. The other seventy percent were in the 80th Assembly District.

And so just giving you the context of National City's needs and our community, I feel is better served that we stay within one particular district. And on that same note, you know, I believe we need one Congressional district representative to represent the entire border region. The border region is very complex. There's a wide range of issues in dealing with a lot of cities. So I believe we should keep that Congressional district representing, you know, our entire border area here in Southern California.

And then I also had questions regarding the timeline. I know that everybody is in a time crunch.

1 I'm hoping that you all, as a group, would take actions rather quickly. We do know it's an election year next 3 year, and it would be good to provide adequate time for 4 candidates to run for office in the new districts coming 5 So thank you so much again for your time. Rodriguez, vice mayor of National City. 6 7 Thank you, sir, for calling in. CHAIR SINAY: we are aware of the timeline, and we are working to 8 9 solidify our timeline. Thank you. 10 PUBLIC COMMENT MODERATOR: Right now we will have 11 caller 3381. And then up next will be caller 8509. 12 Right now it'll be caller 3381. Up next, will be caller 13 8509. Caller 3381, if you could, please follow the 14 prompts to unmute? Caller 3381, you are unmuted. I have 15 a couple of brief instructions. Your speaker order 16 number will be number 25, if you'll please make note of 17 that for future reference. If you'll please let the 18 mapper know what area you would like to discuss today. 19 With that, the floor is yours. 2.0 MS. GARCIA: Hello. My name is Alicia Garcia (ph.), 21 and I want to comment on the Barrio Logan area, in the 22 City of San Diego. It has come to my attention that 23 Barrio Logan is going to be changed in the same district 24 as Coronado and Downtown, and that is just absurd to me. 25 I have lived here in Logan my whole life and although

1 there are technically two neighborhoods, Barrio Logan and Logan Heights, the members of this community see it as 3 only one Logan. The I-5 freeway that was built right in 4 the middle of our community forced us to become separate, 5 but that was not our choice. And most of our families still remember a time when there was no division. 6 7 That is why it is important to keep Barrio Logan in 8 the same district as Sherman Heights and Logan Heights. We all share the same culture, values and struggles, and 10 it can be properly advocated for by the same 11 representative. This will not happen if we get grouped 12 with Coronado and Downtown, because those neighborhoods 13 do not deal with our same issues. 14 I urge you to reconsider the change and continue to 15 group Logan Heights, Sherman Heights, and Barrio Logan 16 together. I thank you for your time and have a great 17 day. Thank you so much for calling. 18 CHAIR SINAY: 19 PUBLIC COMMENT MODERATOR: Right now, we will have 20 caller 8509. And I invite those who have called in and 21 are still waiting in the queue to please press star 9 to 22 indicate you wish to comment. But right now, we have 2.3 caller 8509, if you will please follow the prompts to 24 unmute. Caller 8509 you are unmuted. I have a couple of

Your speaker order number will be

25

brief instructions.

1 number 26, if you'll please make note of that for future reference. If you will please at the mapper know what 3 area you would like to discuss today. With that, the 4 floor is yours. 5 BRITNEY: Thank you. Hello. I would like to 6 address the Barrio Logan area. 7 Thank you. Go ahead. MR. MANOFF: MS. DUNSEK: All right. Hello. My name is Brittany 9 Dunsek (ph.). And I just wanted to speak briefly and 10 comment on the Barrio Logan area in the City of San 11 Diego. I think it's imperative that Barrio Logan should 12 be kept in the same district as Sherman Heights rather 13 than being grouped with Downtown and Coronado. 14 I think that it's apparent, especially with 15 everything that has been happening in Coronado recently, 16 well, actually, I'll say that everything that's been 17 brought to light by some of the actions of Coronado 18 residents in regards to the tortilla-throwing incident 19 that was predominantly done to a Latino basketball team. 20 I think that this alone shows that the values and belief 21 of Coronado residents may not necessarily line up with 22 the values and beliefs of those in the Barrio Logan 23 community, which is a community that is predominantly 24 Latino, Latinx community.

Barrio Logan has a rich culture and history, and it

should be recognized as such by being kept in the same district with the same representatives as Logan Heights and Sherman Heights. Logan Heights and Barrio Logan, I will remind you all once again, was hysterically -- historically one neighborhood before the Government demolished a bunch of homes and built a freeway through the center of it.

2.0

To this day, the community considers itself to be unified. And I've seen that. I've attended multiple Walk The Block in Barrio Logan, which is really -- which was really a community effort put on by women that were entrepreneurs and own businesses in the city -- I mean, not the city, but the community of Barrio Logan that wanted to come together and really help each other throughout the pandemic because the city didn't -- I mean, the City of San Diego really didn't do much to help Barrio Logan, so they decided to do something themselves. And that speaks on the power, and the independence, and the resilience of residents in Barrio Logan.

And like I said, to this day the community considers itself to be unified, and I'm a witness of that. Because of this Barrio Logan should be kept in the same district, with the same representatives as Logan and Sherman Heights. Reiterate this point, Barrio Logan should be kept in the same district with the same representatives

1 as Logan in Sherman Heights. It should not be in the same district as Coronado and Downtown. Logan deserves 3 to be kept whole. The community members share deep 4 similarities in their cultures, demographics, and 5 concerns. Thank you. 6 CHAIR SINAY: Thank you so much. 7 PUBLIC COMMENT MODERATOR: I invite caller with the last four, 4569, to press star 9 indicating they wish to 8 9 comment. Caller with the last four, 4569, please press 10 star 9 to raise your hand if you wish to give public 11 comment today -- if you wish to give community of 12 interest input today. 13 Chair, we do not have any raised hands at this time. 14 CHAIR SINAY: I'm still getting used to that I'm the 15 chair. Sorry about that. 16 Can you read the instructions? 17 PUBLIC COMMENT MODERATOR: Yes, Chair. 18 In order to maximize transparency and public 19 participation in our process, the Commissioners will be 20 taking community of interest input by phone. To call in, 21 dial the telephone number provided on the live stream 22 feed. It is 877-853-5247. When prompted to enter the 23 meeting ID number provided on the live stream feed, it is 24 97214777038 for this meeting. When prompted to enter a 25 participant ID simply press the pound key.

1	Once you have dialed in, you will be placed in a
2	queue. To indicate you wish to comment, please press
3	star 9. This will raise your hand for the moderator.
4	When it is your turn to speak, you will hear a message
5	that says: The host would like you to talk, and to press
6	star 6 to speak. If you would like to give your name,
7	please state and spell it for the record. You are not
8	required to provide your name to give public comment.
9	Please make sure to mute your computer or live
10	stream audio to prevent any feedback or distortion during
11	your call. Once you are waiting in the queue, be alert
12	for when it is your turn to speak. And again, please
13	turn down the live stream volume. And again, I invite
14	those that have called in to please press star 9
15	indicating they wish to comment.
16	And at this time, Chair, we do not have any raised
17	hands.
18	CHAIR SINAY: All right. Let's just wait two
19	minutes.
20	(Pause)
21	CHAIR SINAY: Okay. It looks like we don't have
22	anyone in the queue. Why don't we take a five-minute
23	break and go to five-minute video.
24	(Whereupon, a five-minute recess was held)

Thank you. And welcome back

25

CHAIR SINAY:

1 everybody.

2.0

2 Katy, can you read the instructions, please?
3 PUBLIC COMMENT MODERATOR: Yes, Chair.

In order to maximize transparency and public participation in our process, the Commissioners will be taking community of interest input by phone. To call in, dial the telephone number provided on the live stream feed. It is 877-853-5247. When prompted enter the meeting ID number provided on the live stream feed, it is 97214777038 for this meeting. When prompted to enter a participant ID simply press the pound key.

Once you have dialed in, you will be placed in a queue. To indicate you wish to comment, please press star 9. This will raise your hand for the moderator. When it is your turn to speak, you will hear a message that says: The host would like you to talk, and to press star 6 to speak. If you would like to give your name, please state and spell it for the record. You are not required to provide your name to give public comment.

Please make sure to mute your computer or live stream audio to prevent any feedback or distortion during your call. Once you're waiting in the queue, be alert for when it is your turn to speak. And again, please turn down the live stream volume.

And at this time we do have a caller. It's caller

1 8638. If you'll please follow the prompts to unmute by pressing star 6. Caller 8368, you are unmuted. I have a 3 couple of brief instructions. Your speaker order number 4 will be number 27, if you'll please make note of that for 5 future reference. And then if you'll please let the mapper know what area you will be discussing today. With 6 7 that, the floor is yours. MS. CRUZ: Hello. Good afternoon. My name is Nancy 8 9 Cruz, N-A-N-C-Y C-R-U-Z. And I would like to comment 10 about the Barrio Logan area in the City of San Diego. 11 And I'm just calling in because I was made aware that 12 there's an idea to remove Barrio Logan from Logan Heights 13 District. And I think that these two communities, 14 historically, were one. And so it should remain -- they 15 both should remain in the same district. 16 So as I'm calling in to comment and show my support. 17 I'm a support -- I'm a resident of Logan Heights. And I 18 don't think that we should be separated from Barrio 19 Logan. We're just a couple of streets next to each 20 other, and I have family and friends that live in the 21 same district, and share the same interests. And there's 22 a lot of similarities in terms of the culture, 23 demographics. And I appreciate you keeping these two 24 communities together. Thank you.

Thank you. Can you, before you go,

25

CHAIR SINAY:

1 can you clarify what the -- the western boundary I'm quessing is the waterfront. But what is the eastern 3 boundary and northern and southern boundaries of Barrio 4 Logan, Logan Heights? 5 MS. CRUZ: Yeah. So it starts on 10th Avenue, Marine Terminal, goes south along the water to National 6 7 City border, and east to the 1-5, and north to Imperial. 8 CHAIR SINAY: Great. Thank you so much. 9 MS. CRUZ: Uh-huh. 10 PUBLIC COMMENT MODERATOR: I'd like to remind those 11 calling in to please press star 9 to raise your hand 12 indicating you wish to comment, please press star 9. 13 Caller 6418, I do see your hand. If you'll please follow 14 the prompts to unmute by pressing star 6; caller 6418, if 15 you will, press star 6 to unmute yourself? You are 16 currently unmuted. I have a couple of brief 17 instructions. Your speaker order number will be number 18 28, if you'll please make note of that for future 19 reference. And if you'll please let the mapper know what 20 area you would like to discuss today. With that, the 21 floor is yours. 22 UNIDENTIFIED SPEAKER: Hi. I'm calling in 2.3 because -- on the item in keeping Barrio Logan within the 24 same voting district, Sherman Heights and Logan Heights.

I'm a resident of Barrio Logan, and I definitely see

1 that, you know, these communities are one, and I'm opposed to being in the same voting district as the Coronado District, and so -- and Downtown, because these 3 4 areas have different needs, not just historically, but 5 currently, there are different communities. And I'm 6 opposed to moving the Barrio Logan Voting District to 7 Coronado and Downtown. CHAIR SINAY: Thank you. Can you let us know what 8 9 the boundaries are for Sherman Heights? 10 UNIDENTIFIED SPEAKER: Let me see. I don't have a map in front of me. But the boundaries are the same, or 11 12 similar to the previous speaker. 13 CHAIR SINAY: Okay. 14 UNIDENTIFIED SPEAKER: Previous public speaker. Uh-15 huh. 16 CHAIR SINAY: Okay. We just want to make sure 17 that -- which one was Logan Heights and which one was 18 Sherman Heights. That was helpful. Thank you. 19 PUBLIC COMMENT MODERATOR: And with that, we do not 20 have any callers at this time. 21 CHAIR SINAY: I just want to remind everybody that 22 you can visit our website WeDrawTheLinesCA.org, and there 23 you can sign up for our email to learn more about the 24 Commission, our meetings, update, and announcements. 25 Please connect with us on social media, on Facebook,

Instagram, Twitter, LinkedIn, YouTube. Our handle is @WeDrawTheLinesCA, we'd love you to join us and.

And also there are numerous other ways that you could provide input to the Commission as well. You can attend one of these meetings, and there will be others in San Diego and throughout the State of California. You can visit WeDrawTheLinesCA.org for more information. You can use our communities of interest mapping tool, which can be found at DrawMyCACommunity.org. And that tool is in various languages including English, Spanish, simplified Chinese, traditional Chinese, Vietnamese, Tagalog, Korean, Armenian, Farsi, Arabic, Russian, Japanese, Punjabi, Khmer, Hmong, and Thai. Tutorials are also available in all those languages.

You can go to our website, WeDrawTheLinesCA.org and click on Draw My CA Community icon, to get to the tool.

You can also email us at VotersFIRSTAct@CRC.CA.gov, or you can send us your comments, your maps, and your narratives by mail, snail mail to: California Citizen Redistricting Commission, 721 Capitol Mall, Suite 260, Sacramento, California 95814.

We have started a tradition during our quieter times, while we're waiting for callers -- we've got one right now.

Katy, do you want to give instructions on how to

1 raise your hand?

PUBLIC COMMENT MODERATOR: Yes. I'd like to remind those calling in to please press star 9 to raise your hand indicating you wish to comment. And this is caller with the last four, 6418. If you'll please press star 9 indicating you wish to comment.

At this time, Chair, we do not have any raised hands.

CHAIR SINAY: All right. Well, we've started a tradition among us, the Commissioners, of sharing stories about the regions that we are visiting, virtually, at the time. Since we can't be there physically, it's a nice way for us to connect with each other as Commissioners, because we've yet to all be in the same room, all fourteen of us together, so it allows us that opportunity to connect, as well as connect to the regions that we are visiting.

Does anybody have any stories that they would like to share; any of the Commissioners from San Diego and the Imperial Valley?

Okay. Commissioner Fernández?

COMMISSIONER FERNÁNDEZ: Yes. Thank you. We have family in San Diego County in the Chula Vista and National City. And so what we would do is we would alternate Thanksgivings, either here in Yolo County or in

1 San Diego. So I always loved going -- or we don't go down there anymore because those relatives moved up here, 3 which is kind of a bummer. Although they're closer, 4 which is great, but what I always loved was coming back 5 home and telling people that I got to spend Thanksgiving on the beach because it was so beautiful. 6 7 But just the area, the environment, We've gone to Coronado, La Jolla, Imperial Beach, and Mission Beach, 8 9 and I mean, just all of the beaches. Everybody is nice. 10 And then Downtown San Diego, I mean, we -- I just miss 11 So I think we really need to open up so I can go 12 back to some of those wonderful places. Thank you for 13 allowing me to share. 14 CHAIR SINAY: Of course. Anyone else? No one else 15 has a memory from San Diego? 16 Okay. Commissioner Andersen. 17 COMMISSIONER ANDERSEN: Okay. Well, the engineer in 18 me probably started way back when, with blocks and LEGO. 19 So I have many times I've been to Carlsbad, and as an 20 adult, LEGOLAND is still absolutely wonderful and 21 fantastic. So hats off to that entire area. And the San 22 Diego Zoo and the Wild Animal Park is, other than being 23 in Africa out in the plains, never ever any other place 24 in the world, other than San Diego Wild Animal Park

(sic), have I seen it look like the African Savannah.

1 it's truly, truly wonderful to have that. It's a national treasure right there.

CHAIR SINAY: And when we were talking about -- when we were in Orange County, we brought up Lion Country

Safari. And what we didn't explain was that that was one that was like Wild Animal Park (sic), but you drove through it in your car. And so the lions, and the elephants, and everything were all around you. And you were supposed to sign a waiver before you went in to make sure that if someone were to jump on your car, whatever, you wouldn't hold them liable.

I mean, I love living in, you know we call it the CaliBaja (ph.) area because it's so connected economically to Baja, California. And to me, this region is one of the most diverse regions that people don't realize is diverse. And so I've really enjoyed making this my home and raising my children. Everyone thinks about the beaches, but it's so much more than the beaches. You can go from the beach to the mountains, to the desert and back all in one day and experience different weathers, all in less than twelve hours, which is only twelve hours, that includes meals, and playing in the snow and all that, which is just, it's just a great experience.

Anyone else? Well, why don't we do take twenty-

1 | minute recess --

2 COMMISSIONER AKUTAGAWA: I think, Commissioner

3 Kennedy.

4 CHAIR SINAY: Oh. I'm so sorry. Go ahead,

5 Commissioner Kennedy.

COMMISSIONER KENNEDY: I discovered the Gliderport at Torrey Pines, but I was also hungry. And so I had a meal. And then I saw what was happening with people who went up too soon after they had their meal. So I decided not to go on.

CHAIR SINAY: That was a perfect description. Am I missing anyone? Oh, a lot of hands just went up. Okay. Commissioner Akutagawa.

COMMISSIONER AKUTAGAWA: I guess I'll share that I actually lived in San Diego for two years. Shortly after I graduated from college I worked in San Diego for two years. But you know, being just newly out of college, and most of my friends being up in L.A. County where I grew up, I made the drive. So I didn't spend a lot of time on the weekends in San Diego. But Monday through Friday I was there.

I lived over near the Fashion Valley, Mission Valley
Mall area, and then I later moved to -- over near
Miramar, TOPGUN School. So I heard the jets a lot. A
different kind of place, and so it's interesting to me

1 though, every time I made the drive then how much it's changed from when I used to make the drive up and down the 5 -- and I will, yes, I will confess that I probably 3 broke a few laws in terms of how, how quickly I tried to 4 5 get up from San Diego back to L.A. But it's definitely one of my favorite memories. 6 7 And so being able to explore around much of San Diego, 8 but also -- you know when you live somewhere, you don't do as much exploring because you're not so much a 10 tourist. You just kind of take for granted. I've done most of my exploring probably after I left, and I went 11 12 back down to just visit and you know, shop, and eat, and 13 all kinds of stuff in San Diego. 14 CHAIR SINAY: Sounds great. 15 I think, Commissioner Sadhwani, did you have your 16 hand up? 17 COMMISSIONER SADHWANI: Sure. So in my younger 18 days, I used to definitely enjoy the nightlife of the 19 Gaslamp District in Downtown San Diego. But more recently, pre-COVID, had the opportunity to take my kids 20 21 down for a Padres game, which their stadium is also right 22 in the heart of San Diego. And afterwards we enjoyed a 23 nice walk and even an evening -- what do you call, 24 rickshaw ride around the downtown area. So it's very fun

25

and really a good time.

CHAIR SINAY: It sounds like a perfect evening with I was thinking, Commissioner Akutagawa, when you were saying, you don't explore much of community. I found that I did explore more with kids, because you wanted to get out of the house and have them run around and stuff. But now that they're older, I'm like, okay, now let's explore things that aren't just parks. Anyone else? Okay. Commissioner Vázquez. COMMISSIONER VÁZQUEZ: Yeah, it's funny you mention that Commissioner Sinay. Actually, most of my San Diego memories are from day trips that my parents took us down to San Diego from Fontana and Redlands. My parents met as first-generation college students at San Diego State. So after they got married and had kids that was where they wanted to spend their free time on the weekends. So most of -- most of my, like, fun trips, we didn't have enough money to go on actual vacations, so we spent a lot of -- a lot of weekends at San Diego. If we were lucky, once in a while we got to go to SeaWorld. But mostly we just spent time outside walking around, like, the Botanic Gardens, and being outside in the fresh air. CHAIR SINAY: We're very blessed to have Balboa Park, which there's so much to do within Balboa Park, even if you just walk around or go to the museums.

22

23

24

25

that's where the San Diego Zoo is located.

Yes, Commissioner Kennedy.

2.3

COMMISSIONER KENNEDY: Just following up on

Commissioner Yee's recent discovery of Calexico. I have

to say that for me, Calexico has been a very handy

jumping off point. Some of my travel to Mexico City I've

just found it easier to drive from Palm Springs, park in

Calexico, walk across the border, grab a taxi and take a

domestic flight from Mexicali, rather than fighting LAX

traffic. So I've enjoyed any number of drives all the

way down through Imperial Valley.

CHAIR SINAY: Yeah. And a lot of people don't realize that when you drive from the east to the west into San Diego on the 8, you're driving through Imperial County. So Imperial Valley is really our gateway to California, and that will take you straight to -- if it's on 8, it will take you straight to Ocean Beach into the water. My old boss used to always say that he drove the 8 across the whole country and ended in the water there.

The other thing, my first time I went to Imperial, I was working on a project with five counties, and everyone kept saying it's going to be hot, going to be hot. And I was in my car with the air conditioning on. I'm like, I don't know why everyone keeps saying it's going to be hot. And when I opened the door, I was like, oh, I get it now. It was about 115. And I was like, okay. And I

```
1
    couldn't -- and The People I was supposed to meet with
    weren't in their office. I was like, what do I do now?
    I'm knocking on the door, and like -- but it gets warm.
 3
 4
    On that note, I do want to share that we've been at 76
 5
    all day on the coast in San Diego.
         So why don't we go to the twenty-minute video. Can
 6
 7
    we do the one in Spanish?
 8
         MR. MANOFF: Yes, we can.
 9
         CHAIR SINAY: Thank you so much. So we'll take a
    break for 20 minutes.
10
11
              (Whereupon, video played, and twenty-minute
12
              recess was held)
13
         CHAIR SINAY: Welcome back, everybody. I hope you
14
    enjoyed the video.
15
         Katy, do we have any callers?
16
         PUBLIC COMMENT MODERATOR: We do, Chair. We have
17
    016.
18
         016, I see your hand and I will be promoting you at
19
    this time. 016, your speaker order number -- one moment;
20
    if I can get to the correct page. Your speaker order
21
    number will be 29, if you could please make note of that
22
    for future reference. You can now enable the audio and
23
    video in the lower-left corner of your screen.
                                                    If you'll
24
    please remind the mapper of what area you would like to
25
    discuss today. With that, the floor is yours.
```

DR. SOLOMON AMORAO: Thank you very much. to talk about UC San Diego. The main campus is located in La Jolla, right where the 5 and 52. Okay. Thank you. So my name is Dr. Amanda Solomon Amorao. I am an assistant teaching professor, my research focuses on Asian American studies, and I'm currently the director of the Dimensions and Culture Program at UCSD. And I just wanted to call today to make some comments regarding the UCSD community. So before the pandemic, about 40,000 people worked and studied on the UCSD main campus in La Jolla. About 10,000 undergraduate and graduate students, pre-pandemic, lived on campus. According to the most recent institutional research, the UCSD undergraduate population is predominantly young and diverse. 41.4 percent are between the ages of 19 and 20, with 37.1 percent selfidentifying as Asian-American, 20.8 percent as Latino, Latina, and Latinx, and three percent as Black, with seventeen percent as international students.

24

25

So these campus statistics are in stark contrast to the demographics of the La Jolla neighborhood surrounding the campus. The median home price in La Jolla is just under two million. And the predominant whiteness of the surrounding area is a result of long-standing structural housing policies that prohibited home sales to people of

color and the Jewish community. 1 This is reflected to this day. One example is a twelve-year and ongoing lawsuit blocking the construction 3 of the UCSD Hillel Center over concerns about the, quote, 4 5 "responsible" quote/unquote, "use of the land". In short, the UCSD community of interest is very 6 7 different from the rest of the neighborhoods and 8 communities it tends to be grouped with, i.e. more 9 affluent coastal communities such as Del Mar and Solana 10 Beach. I'm asking the Commission to consider placing the 11 12 UCSD community in a district that includes Miramar 13 College towards the east in Mira mesa, and/or CSU San 14 Marcos in the northeast. This is not to say that the UC 15 students are the exact same as Miramar or San Marcos 16 students, but it is a recognition that these student 17 groups, these student communities, will likely have more 18 shared interests as a younger and more diverse community. 19 Thank you for your time, and thank you for listening 2.0 to all of the comments that are being made today. 21 CHAIR SINAY: All right. Thank you so much for 22 calling.

PUBLIC COMMENT MODERATOR: That was all of our callers at this time, Chair.

2.3

24

1 | they'd like to share about San Diego.

Yes, Commissioner Fernández.

2.3

COMMISSIONER FERNÁNDEZ: It's not a vacation story.

And I keep forgetting that for my prior jobs I used to travel. So I've got one for Imperial County, so Imperial County, I did go to Blythe. So I'm going to have to do a little shout out to -- and the reason I was there was for my prior job, so Calipatria State Prison, and Ironwood State Prison. I just want to say that I was I was there when it was activated, I was part of the activation team. But I do want to say we stayed in Blythe and everyone there was very nice, very sweet, made you feel welcome, which I truly appreciated.

And then in my prior job, I went to Ramona Unified School District in Ramona. And that's just -- I don't know if you're familiar with that Commissioner Sinay, but it's just, I think is at east of San Diego, like thirty miles. And it's just a -- it's just a wonderful community, city, it's kind of like have home -- that small-town feeling to it, where, you know maybe it has a couple of hotels, but it just, again, very sweet people, very welcoming. At that point, I was an auditor, so they were welcoming to an auditor. Imagine that.

And but just everywhere I went, everyone would be asking if I was fine, everything going well, curious to

1 where I was. Because, of course, you know, they knew I wasn't from there because I wasn't there every day. 3 anyway, just a little shout out to those communities that 4 have been very welcoming on my travels on my -- when I'm 5 on my -- have my business suit on. So thank you so much. CHAIR SINAY: Thank you for sharing. Now I have a 6 7 question. How many of you have had fish tacos from San 8 Diego? 9 I remember the first time I heard fish tacos. 10 like, that sounds weird. And now I can't imagine living 11 without fish tacos. We make them at home once a week. 12 And I mean, sorry, Commissioner Vázquez, do you want 13 to share about your fish tacos experience? 14 COMMISSIONER VÁZQUEZ: I didn't like fish growing 15 So actually my fish taco story is, we have now a 16 bunch of college friends who live in San Diego. 17 that's also continuing on the Vázquez family trend of 18 weekend and day trips down to San Diego. We often, my 19 husband and I go down to San Diego and usually it's first 2.0 the burrito with fries, because that's like a very San 21 Diego thing, which I only discovered as an adult, which 22 is amazing. And then, yes, fish tacos. And of course, 2.3 the beer in San Diego is like what I think of when I 24 think of San Diego food.

I see Commissioner Fornaciari is

25

CHAIR SINAY:

shaking -- nodding along with you and smiling.

beer. I'll just share my favorite San Diego story. I had this weeklong conference scheduled during the summer of my son's third grade summer. And so the whole family was going to go down, and the week before the conference got canceled. But we decided to go anyway. And we had a great -- a great time traveling around San Diego, going to the zoo, going to different places. And we went -- because he was going into fourth grade, we went to the Mission, and took a tour of the Mission, and he ended up doing his Mission report on Mission San Diego. But we had a really, really nice week down there and I had a great time. And fish taco.

CHAIR SINAY: And San Diego actually has two Missions, one at the South, which would be the first Mission, and then one in the far north of the county.

And I wanted to just let everybody know that we have a really busy week coming up, an exciting week. We have three Community of Interest Public Input meetings, with this one. On Monday, July 12th, at 10 a.m., we'll be focused on Fresno, Kern, Kings, Madeira, Merced, San Joaquin, Stanislaus, and Tulare counties, and the surrounding areas.

And it will be followed by another Community of

1 Interest Meeting on Thursday, July 15th, at 4 p.m., focused on Los Angeles County, so it'll be our second one 3 in Los Angeles, and the surrounding areas. Registration 4 for the Thursday meeting closes on Tuesday at 5 p.m. 5 And the final Community of Interest Meeting this week, is this coming Saturday, July 17th, at 10 a.m., 6 7 with a focus of the Bay Area counties of Alameda, Contra Costa, Marin, San Francisco, Somersville, Santa Clara, 8 9 and Solano, and surrounding areas. Registration for the 10 Saturday meeting closes at 5 p.m. on Thursday. 11 Our next business meeting is on Tuesday, July 13th 12 at 4 p.m. For all our communities of interest, you're 13 not required to make appointments to be able to provide 14 input, but we do encourage it. And you can go on our 15 website, WeDrawTheLinesCA.org to get details on how to 16 register, and more information about the meetings, as 17 well as watching any of our meetings. And with that, let's see. Do we have any callers? 18 19 I don't think we do. 2.0 PUBLIC COMMENT MODERATOR: No, Chair. We do not 21 have any callers at this time. 22 CHAIR SINAY: Okay. Well, why don't we take our 23 lunch break now? It's 1:00, and why don't we take our break from until 2:00. So we can see everyone at 2:00. 24

(Whereupon, a recess was held from 1:00 p.m.

until 2:00 p.m.)

CHAIR SINAY: Welcome back to the California Citizen Redistricting Community of Interest Input Meeting. I'm Patricia Sinay, one of the fourteen Commissioners.

We encourage you all to visit the community of interest tool at -- oh, I'm sorry. We encourage you all to visit our community of interest tool to draw a map and describe your community. You can do that by visiting DrawMyCACommunity.org.

As we noted at the start of the meeting, every ten years after the Federal Government publishes updated census information, California must redraw the boundaries of Congressional, State Senate, State Assembly, and State Board of Equalization districts so that the districts correctly reflect the state's population.

Our fourteen-member independent Commission was authorized by California voters to draw these new district line. We are here today to obtain community of interest information from Californians directly. We encourage all Californians to participate in this process. While there are no clear rules on how to define a community of interest, there's no wrong answers, we have identified some ways that you can use to describe your community.

1 the street names and significant locations in your neighborhood to help us identify the parameters of your community. Then tell us, what are the shared interests, 3 4 what brings you together, what is important to your 5 community. Personal stories are very -- are strong, so feel free to use those. What is important to your 6 7 community? Tell us that with data and statistics. 8 there nearby areas you want to be in a district with? 9 Are there nearby areas you don't want to be in a district 10 with? Why or why not? Has your community come together 11 to advocate for important services? Better schools, roads, health centers, the environment? 12 13 If you would rather submit community of interest 14 input over the internet, you can do so from our website, or by visiting DrawMyCACommunity.org. Skip the line, and 15 16 go online. And our website is WeDrawTheLinesCA.org 17 With this, I'll pass it over to Katy, our comment 18 moderator to continue with the public input. We'll start 19 with people who are registered, and then open the phone 2.0 lines, if there is time, before the next session. 21 Hi, Katy. 22 PUBLIC COMMENT MODERATOR: Hello, Chair. 2.3 All right. Welcome to the public input session. 24 Please use the raise your hand button at the bottom of 25 your screen to enter the queue. When it is your turn to

1 speak, you'll be identified by your assigned unique ID number. You'll be reconnected to the session with the ability to enable your own video and/or audio. You will 3 4 then be assigned a speaker order number before you begin 5 speaking. Please make a note of your speaker order number for future reference. 6 7 The Commission will be enforcing a three-minute time limit with a warning at thirty seconds and fifteen 8 9 seconds remaining. At the end of your public input or at 10 the end of your time, you'll be reconnected in the 11 lesson- and view-only mode. At the beginning of your 12 input, please remind the mapper of what area you would 13 like to see on the screen. 14 At this time, Chair, we do not have anyone in the 15 queue. 16 CHAIR SINAY: Okay. Well, we'll wait for folks who 17 signed up for this session to call in. In the meantime, just as a reminder, if you want to request an interpreter 18 19 for any of our meetings, please submit it five days prior 20 to the meeting. You can submit your request via email 21 to, interpreter.request@CRC.CA.gov, and on the COI 22 Meeting Appointment form, or call our offices at 916-323-2.3 0323. 24 (In Spanish, not translated.)

Thank you. While we're

Gracias.

25

CHAIR SINAY:

1 waiting I was thinking about all the different times I came to San Diego before I lived here. Ironically, I 3 came down with my grandparents who were visiting us from 4 Korea when I was young. And it was -- we ended up 5 staying at the round hotel. If you've been downtown -it was a Holiday Inn until recently, I think. But I 6 7 remember staying there and then we went down to the Star of India. 8 9 And ironically, when I first moved to San Diego, I worked at the San Diego Foundation across the street from 10 11 the Star of India. So every time I looked out at the 12 Star of India, I remembered my trek as a child there. 13 And San Diego was kind of like that where a lot of --14 I've come to visit many times, and looked and said, wow, 15 what would it be like to live here? And then I am. 16 Katy, there's someone here. 17 PUBLIC COMMENT MODERATOR: There is. I would like 18 to remind those calling in to please press star 9 to 19 raise your hand indicating you wish to comment. Please 20 press star 9 indicating you are ready to comment. 21 Perfect. Caller 1285, if you will, please follow 22 the prompts to unmute at this time by pressing star 6? 2.3 Caller 1285, I have a couple of brief instructions for 24 you. You are unmuted. Your --

Good afternoon.

Okay.

25

MR. JACKSON:

PUBLIC COMMENT MODERATOR: Good afternoon. speaker order number will be number 30, if you please make note of that for future reference. And if you'll please let the mapper know what area you would like to discuss today. With that, the floor is yours. MR. JACKSON: Great. Thank you very much. Good My name is Jason Jackson. I'm a former afternoon. council member and mayor of the City of El Centro of Imperial County, and a long-time member of the Imperial County Workforce Board (sic), serving as chairman for that board seven terms. My comments today will focus on Imperial County in the Coachella Valley of East Riverside County. I believe that the Coachella Valley and Imperial County will have the most to gain by sharing the same state representation. Currently, the Imperial County shares different Assembly and Senate representatives as we are in the 56th Assembly District that puts East Coachella Valley and Imperial County together, and the 43rd District that puts Imperial County with South San Diego. Now, I've heard some public members making the argument that the Senate district makes sense because Imperial County shares the border issue with South San Diego. But I'm here to dispel that argument as a border

19

20

21

22

2.3

24

25

issue, as a federal issue, and not a state one.

1 keeping the Congressional seat the same is fine because the Congressional representative should be advocating on this district's needs as it pertains to the border 3 4 issues. 5 But the issues that face Imperial County and 6 Coachella Valley are state issues. The Salton Sea, 7 arguably the greatest environmental disaster facing this state; high unemployment, the City of El Centro finished 8 2020 with the highest unemployment rate in the country, 10 yes, the country, not the state, at 17.7 percent. Cities

within the Coachella Valley were not far behind, with the
City of Coachella at 12.4, Mecca at 11.3, and Desert Hot
Springs at 10.3 percent.

14

15

16

17

18

19

20

21

22

23

24

25

Other statistics that favor Coachella Valley and Imperial County sharing the same representation is our economic similarities. According to data pulled from Data U.S.A., Imperial County's poverty rate is 24.2 percent, and Coachella Valley is 21.9, whereas South San Diego is at 17.5. The median income of Imperial County is 45,834, Coachella Valley is 42,328, as opposed to South San Diego which is 49,282.

The median property values in Imperial County are 177,000, Coachella Valley 231,700, but South San Diego is a whopping 383,500, more than double that of Imperial County.

So let's talk about Commerce. Imperial County and Coachella Valley share a common commerce, and that's 3 agriculture, according to one of the great -- arguably 4 the greatest economic drivers in both areas, but South San Diego has little to none in the way of agriculture. Now, I'll leave you with one last comparison because 7 it's probably one that'll stick out most in your memory after hearing. The high temperature today in Imperial 8 9 County cities, El Centro 115, and Brawley 118, Coachella 10 Valley, Indio 117, Palm Springs 117. Finally, South San 11 Diego, Chula Vista 82, Imperial Beach 79. 12 So in closing, I want to thank the Commission for 13 your dedication, your work that you'll spend in making 14 some tough decisions that will affect thousands of 15 residents in each of these districts. But please 16 remember when you ultimately make those decisions, people's lives --Thirty seconds. MR. MANOFF: MR. JACKSON: -- and livelihoods will be affected by your decisions. Keeping people together that share the 21 same struggles and challenges that will ultimately look 22 to their state representatives for help; shouldn't have 23 to explain why they need help in the first place. Give us representatives that live in those same struggles --

1

5

6

17

18

19

20

24

25

MR. MANOFF:

Fifteen seconds.

1 MR. JACKSON: -- and face the same challenges as us. And yes, maybe even the same weather. Thank you very 3 much for your time. 4 CHAIR SINAY: Thank you so much for your call, 5 (audio interference). PUBLIC COMMENT MODERATOR: And that was all of our 6 7 comments at this time, Chair. CHAIR SINAY: Great. Thank you. Does anyone have 9 anything they would like to share about the border 10 region? 11 Yes, Commissioner Andersen. COMMISSIONER ANDERSEN: I'll jump in. Actually, I 12 13 was going to talk about combined -- Commissioner 14 Fernández spoke of going there on work. And I was going 15 to talk about El Centro and the Imperial Valley, that 16 whole area, the Salton Sea is very, very tectonically 17 active. In 1940, the El Centro earthquake was the very 18 first earthquakes in the United States to be heavily 19 instrumented and with seismographs, modern day 20 seismographs, there were ones previous, but they didn't 21 register the way we do them today. 22 And then in '79, the big earthquake there, which 23 radically changed building code design, particularly 24 anything with high rise with concrete, all through Los

Angeles, that entire area is another big one.

1 And just 2011, there was another big earthquake right around El Centro -- I mean, 2020, just a year ago. 3 And that whole area is very, very active. And it goes 4 all the way through the Salton Sea, up through the 5 Coachella Valley. So geographically, that's very, very similar. 6 7 And I also had an experience, I was actually working in Yuma, which is right on the border, and the Colorado 8 9 River flows through Yuma. So I had the chance to go and 10 see the desalinization plants, trying to bring water back 11 to the area where it's been pumped out of. And the 12 environmental issues through the entire area there are 13 very dramatic. 14 And the firefighters in Yuma were telling me all 15 about from El Centro, or people going through Yuma, and 16 that entire area has huge pollution issues that were -that affect, you know, everyday life, and who --just how 17 18 people cope in that entire area. So it's a very, very 19 interesting area. I appreciate all the comments from the 20 people in Imperial Valley. 21 CHAIR SINAY: I agree. 22 And Katy, we have a few callers? 2.3 PUBLIC COMMENT MODERATOR: Yes. I'd like to remind 24 those calling in to please press star 9 to raise your

hand indicating you wish to comment. And caller 5694, if

you will, please follow the prompts to unmute? And again for those calling in, please press star 9 to raise your hand indicating you wish to comment.

2.0

But at this time we have a raised hand with caller 5694. If you'll please follow the prompts to unmute by pressing star 6. Caller 5694, you are unmuted. I have a couple of brief instructions. Your speaker order number will be number 31, if you'll please make note of that for future reference. Please remind the mapper or what area you would like to discuss today. And with that, the floor is yours.

MR. GARCIA: Hi. My name is José Franco Garcia. I was discussing South San Diego, kind of near the -- basically all the way from Barrio Logan, and that whole area down to the border. You know, I -- my name is Jose Franco Garcia, I'm the policy director with Environmental Health Coalition. And I've grown up in the neighborhood of South San Diego, working in Barrio Logan, and West National City.

Living in West Chula Vista, our neighborhoods have a lot of similar issues going on, whether that's things from environmental injustices, polluters in the area, to a large Latino community base, a lot of cultural centers that are focused around the Latino community, and other ethnic communities. Based on that, we do really have a

community of interest to make connection between our neighborhoods.

2.0

2.3

And for that reason, you know, it's been very helpful in the past that we are located, you know, sometimes in the same City Council district, I mean, of course across cities, but also in Supervisorial districts, and definitely like in the Congressional districts, State Senate districts, and State Assembly districts, because we can have a big impact as a united bloc, in who gets elected to those positions, impacts their decisions at the State Legislature, also impacts decisions regionally.

I'll just give the example of the air pollution control district and without -- and the air quality issues that impact those neighborhoods. Without that united voice, we wouldn't have Assembly members and states -- that respond to our needs, and you know, respond to the things that we are concerned about as a community.

So with that, I definitely ask if you can keep the neighborhoods of the Barrio Logan, and Logan Heights, Sherman Heights, and everything there. Just keep it disconnected as you did it in the past. Disconnected from Coronado, and disconnected from Downtown San Diego. But keep it connected to everything ranging down to the

1 border with the West Chula Vista, National City, all the way down to (Indiscernible), and beyond down towards the 3 border. 4 I think that is the best decision to keep our 5 community of interest together, and allow us to be well represented when it comes to decision makers and the work 6 7 it's doing. Thank you for your time. 8 CHAIR SINAY: Thanks. Before you hang up, can you 9 clarify what is the border for Sherman Heights, between 10 Sherman Heights and Logan Heights? 11 That'd probably be Commercial Street, MR. GARCIA: 12 will probably be what's most recognized there. 13 CHAIR SINAY: Okay. 14 MR. GARCIA: Keeping that together. Uh-huh. Yeah. 15 But basically --16 CHAIR SINAY: And then -- go ahead. 17 MR. GARCIA: -- everything that's not in downtown --18 I mean, you know, keep everything that's not in Downtown 19 San Diego in that area. Keep it together. Yeah. 2.0 CHAIR SINAY: Okay. And what about, when you say 21 West and East Chula Vista, what would be the --22 MR. GARCIA: CHAIR SINAY: -- the boundaries there? 2.3 24 MR. GARCIA: Well, no I mean, most of those --

actually I mean, West Chula Vista definitely should stay

1 in that district, kind of what's currently in Assembly District 80. You know, I know that there's a split. mean, you know, definitely everything west of the 805. 3 know that the current split goes a little bit further. 4 5 But you know, I think that that is the general area that should be kept in that community of interest when it 6 7 comes to Assembly District 80, and State Senate District 8 40, and beyond. Uh-huh. 9 CHAIR SINAY: Thank you so much for those 10 clarifications, and for calling in. 11 MR. GARCIA: All right. Thank you for your time. 12 PUBLIC COMMENT MODERATOR: Thank you. I would 13 like -- oh. Oh. And that was all of our callers at this 14 time. 15 Thank you, Katy. And we are eager to CHAIR SINAY: 16 hear from San Diegans and Imperial Valleyians. I don't 17 know if you call yourselves that, but I apologize. 18 of you from Imperial Valley and San Diego, please do call 19 in. And when we say San Diego, I mean the entire county, 20 not just the City of San Diego. And you can also call 21 from any part of California and give us your community of 22 interest. Let us know how you want to be represented. 2.3 There are other ways to participate besides these

We have scheduled these meetings throughout

And you can visit WeDrawTheLinesCA.org

24

25

the whole summer.

1 to get the full schedule, and it'll be on the tabs under "Meeting". You will also see for each of the meetings we 3 have flyers, both individual meetings as well as flyers 4 for all the meetings combined. And we ask you that you 5 please share those with your neighbors, your friends, your community, in general, because the more we hear from 6 7 you, the more -- the better the maps will be. 8 So the communities of interest, you can also use our 9 community of interest mapping tool which is found at 10 DrawMyCACommunity.org. That tool is available in 11 multiple languages, including English, Spanish, 12 simplified Chinese, traditional Chinese, Vietnamese, 13 Tagalog, Korean, Armenian, Farsi, Arabic, Russian, 14 Japanese, Punjabi, Khmer, Hmong, Thai. The tutorials are 15 also in those languages. 16 With that, I think we have someone in the queue. 17 PUBLIC COMMENT MODERATOR: We do. I'd like to ask 18 those calling in to please press star 9 to raise your 19 hand indicating you wish to comment. That's for those 20 calling in. Caller 9285, I do see your hand raised. 21 you'll please follow the prompts to unmute by pressing 22 star 6. Caller 9285, you are unmuted. I have a couple 2.3 of brief instructions. Your speaker order number will be 24 number 32, if you will please make a note of that for 25 future reference. And if you'll please let the mapper

1 know what area you would like to discuss today. And with 2 that, the floor is yours.

2.3

MR. FERNANDEZ: Hi there. My name's Cesar

Fernandez. And the area that I would like to discuss is the South Bay of San Diego. I believe that California

Senator Ben Hueso, and then Assemblywoman Laurie

Gonzalez -- Lorena Gonzalez, area.

I am an educator of over twenty-five years. I've been teaching in the South Bay for twenty-two of those.

I'm also the tax chair for my teachers' union. And my concerns are mostly to keep the South Bay whole as one area, mostly because of our issues in education. While there are differences in socioeconomic status when you go from east to west, and from south to north, largely, we are a very Latino population.

There are a lot of English language learners at our schools, and our five elementary neighboring school districts feed into the high school district that I work in, which is Sweetwater. And so that's the areas of National City, Chula Vista, some of Benito, San Ysidro, and ID. And so at any rate, as I was saying, there's a large English language learner population that needs to be served. And it would be very convenient to keep it all one -- all one district to make it easier for us to call on our elected officials to support us.

1	Like I said, we have those (indiscernible)
2	districts, we have some special education issues that I
3	would really like for our elected officials to look at.
4	And again, keeping it one district would make this so
5	much easier. And so that's really my main concern. And
6	if you all had any questions for me, I'd be happy to
7	entertain those. If not, I'm done.
8	CHAIR SINAY: Thank you. I have one question for
9	you. How would you define South Bay? What would be the
10	boundaries?
11	MR. FERNANDEZ: Well, it would definitely be
12	National City, it would be Benito, it would be I would
13	throw Paradise Hills in there because we do get a lot of
14	students from that area. And then, of course, Chula
15	Vista, IV, and San Ysidro, a much rather large area, but
16	that's how I would define the South Bay.
17	CHAIR SINAY: Okay. Thank you so much.
18	MR. FERNANDEZ: All right. I appreciate you all
19	listening to me. Thank you for your time.
20	PUBLIC COMMENT MODERATOR: Thank you. And with
21	that, that's all our callers at this time.
22	You're on mute, Chair.
23	CHAIR SINAY: Thank you. Other ways that you can
24	submit your communities of interest you can as I said,
25	you can go on your website on our website, sorry, on

our website WeDrawTheLinesCA.org. You could use our 1 tool, which you can find on our website, or you can go to 3 directly, which is DrawMyCACommunity.org. And using that tool is great because it will walk you through the 4 5 narrative so you can fill in -- you know, just answer the questions. It has like a Google map so you can draw your 6 7 map. And when you submit it to us, it's already in the format that we need. 8 9 The other ways is you can email us at 10 VotersFIRSTAct@CRC.CA.gov, or by mail, California Citizen 11 Redistricting Commission, 721 Capitol Mall, Suite 260, 12 Sacramento, California 95814. 13 All right; it's all yours, Katy. 14 PUBLIC COMMENT MODERATOR: Thank you so much, Chair. 15 Caller 4631, if you will, follow the prompts to 16 unmute by pressing star 6? Caller 4631, I have a couple 17 of brief instructions. Your speaker order number will be 18 number 33, if you'll please make note of that for future 19 reference. If you'll please let the mapper know what 20 area you would like to discuss today. And with that, the 21 floor is yours. 22 UNIDENTIFIED SPEAKER: Yes. I'd like to talk about 23 the communities of Barrio Logan, and Logan Heights, and 24 the 80th District. As a constituent of that District, I

live in Golden Hill, I feel that separating that

1 community would be a -- would do harm to a community that's already been split once before with the 5 Freeway. I feel that the constituents of that area have much more 3 4 in common with each other than the constituents of 5 Coronado and Downtown San Diego. 6 And I would like to see that that area stay, that 7 Assembly district stay and not split those districts. And I think -- I feel that it's disenfranchising to some 8 9 of those -- those folks in those areas. So I'd like to 10 see that culture and that community stay together. 11 a strong community that's been around for a long time and 12 hasn't always had a -- been given a fair representation 13 by our larger community. So that's just my two cents on 14 that. Thank you. 15 Thank you so much. CHAIR SINAY: 16 PUBLIC COMMENT MODERATOR: And that is all our 17 callers at this time, Chair. 18 Thank you. Anybody would like to CHAIR SINAY: 19 share their favorite meal in Imperial Valley or San Diego 20 County, of the Commissioners, not the public. 21 Yes, Commissioner Yee. 22 COMMISSIONER YEE: Just some product placement. 23 my cousin's wedding in San Diego, the best wedding cake I 24 have ever had in my whole entire life was the triple

chocolate mousse cake from Extraordinary Desserts.

```
1
    was so, so, so good. And I mentioned it to my cousin
    years later on a separate visit. And later in that
 3
    visit, he actually came up with another serving of it.
    He ordered a special just for our family get together.
 4
 5
    Ooh, I've never forgotten that cake and --
         CHAIR SINAY: (Indiscernible, simultaneous
 6
 7
    speech) --
 8
         COMMISSIONER YEE: I hope to have some more of it
 9
    someday.
10
         CHAIR SINAY: Well, (indiscernible, simultaneous
11
    speech) --
12
         COMMISSIONER YEE: And on a separate note, a
13
    cultural contrast, I think, is in the Bay area where I
14
    am, the San Francisco Bay Area, and the San Diego area.
15
    So I grew up in the San Francisco Bay Area where there
16
    used to be many large military bases, they're all gone
17
    now after base realignment. But growing up around all
18
    these large military bases, I rarely ever saw military
19
    personnel in uniform. You know, just downtown or
20
    wherever. I think they would change into civilian
21
    clothes, usually, when they were off base.
22
         But then visiting San Diego as a child, and even
23
    more recently, I've see lots of military personnel in
24
    uniform, and it's a very different culture there. And I
25
    appreciated and admired that about the culture there in
```

San Diego. So I just wanted to note that contrast between these two parts of the state.

CHAIR SINAY: Well, San Diego has some of the most military, active military members and their families in the State of California, actually in the country, as well as one of the largest communities of veterans. And I just know that from working with those communities. I was going to say on Extraordinary Dessert, they have two places that you can go, and they've got -- and there's always a line, and it's only dessert, and they have two locations. So when we have our live meeting, you can go get yourself a slice of that cake.

Anybody else had a good meal in San Diego, or Imperial, besides burritos with French fries? And speaking of beer, I was trying to figure out how to get -- a lot of regions you have your focus areas. So in San Diego, a lot of times it's the City of San Diego, and I was trying to get my -- I was working with the San Diego grant makers, and we're trying to entice grant makers to come up to the north part of the county, because there was a lot going on there.

And on the 78 corridor, that's where you'll find a lot of the new microbreweries. And so I organized a microbrewery tour, and at each stop, nonprofits met us and shared their -- the work that they were doing, and we

1 had we rented a bus, and I would say it was very well We had local pizza place, and I ordered attended. cupcakes that ended up being from the winner of the 3 Cupcake Wars twice. It's a bakery up in Vista. 4 5 a -- it was a really fun and memorable event. Okay. I wanted to just remind the public that we 6 7 have a really busy week coming up. We have three 8 Community of Interest Public Input Meetings with -including, and we have this one. So on Monday, July 12th 10 at 10 a.m., we have one focused on Fresno, Kern, Kings, 11 Madera, Merced, San Joaquin, Stanislaus, Tulare counties, 12 and the surrounding areas, with the registration closing 13 today at 5 p.m. 14 And then we have, it will be followed by another 15 Community of Interest on Thursday, July 15th, at 4 p.m. 16 And this will be our first one that is a shorter meeting, 17 focused on Los Angeles County and its surrounding areas. 18 Registration for the Thursday meeting closes this Tuesday 19 at 5 p.m. 20 And finally, our final Community of Interest Meeting 21 this week, will be on Saturday, July 17th, at 10 a.m., 22 with a focus of the Bay Area counties of Alameda, Contra 23 Costa, Marin, San Francisco, Somersville, Santa Clara, 24 and Solano, and the surrounding areas. Registration for 25 the Saturday's meeting closes at 5 p.m. on Thursday.

1 Our next business meeting is on Tuesday, July 13th, 2 at 4 p.m. 3 You're not required to make appointments for any of 4 those meetings, including the one today. You can call in 5 the day of the meeting and the numbers -- you will find the numbers on the live feed, which is on our website. 6 7 At this time, our meetings are still held virtually, 8 so anyone in California can provide input at any of these 9 meetings. Again, please go to our website, 10 WeDrawTheLinesCA.org for meeting information. 11 All right. Katy, it doesn't look like there's 12 anyone right now. Could we go to our five minute video? 13 PUBLIC COMMENT MODERATOR: Yes, Chair. 14 CHAIR SINAY: Thank you. 15 (Video played, five minutes) CHAIR SINAY: Hi. Welcome back. 16 17 Katy. Would you like to take over? 18 PUBLIC COMMENT MODERATOR: Sure, Chair. 19 We do have a caller. Caller with the last four, 20 3634, if you will, please follow the prompts to unmute by 21 pressing star 6. Caller 3634, you are unmuted. 22 couple of brief instructions. Your speaker order number 23 will be number 34, if you will please make note of that 24 for future reference. If you please let the mapper know 25 what area you would like to discuss today. And with

1 | that, the floor is yours.

2.3

MS. VARGAS: Thank you very much. This is Vice
Chair Nora Vargas, from the San Diego County Board of
Supervisors, proudly representing District 1 and the
residents of South County. And I am interested in
talking specifically about the communities in South
County and South Bay. And so the National City, Imperial
Beach, Barrio Logan, Sherman, Shelltown, South, and City
Heights.

So I will go ahead and start with my comments. So I want to thank the Commissioners for taking the time to listen to the community about their representation in the elected office. I am the first immigrant and Latina to ever be elected to the San Diego County Board of Supervisors. And I can tell you firsthand, how important fair representation is to our community.

I currently represent a district on the Board of Supervisors, which was drawn by incumbent supervisors in 2011 before I was elected to the board. And I'm very proud to share that our residents will be benefiting from a redistricting process for the County Board, conducted by independent commissioners, just like you.

As a local elected official, I thought it was important to talk about how important it is for our Latino community in San Diego, South Bay, to be able to

elect the candidate of their choice. The communities along the U.S.-Mexico border and traveling up I-5 and I-805 represent a compact community of interest, we're not just the population, but the proportion of voting-age citizens constitute a majority of the community.

2.3

In fact, page 17 of the 2011 Commission's Final
Report states that the current 80th Assembly District was
one of five Assembly districts where there was
significant evidence of racially polarized voting between
Latinos and non-Latinos. The report concluded that
failing to draw the 80th District is a majority-minority
district will likely be a violation of Section 2 of the
Voting Rights Act. I suspect that the same will be true
once you dig into the data as well.

Our South Bay and Mid-City Latino communities include Chula Vista, National City, Imperial Beach, and the City of San Diego, neighborhoods of Otay Mesa, San Ysidro, Highlands, Palm City in the south, and Logan, Sherman, Shelltown, Southcrest and City Heights at the north end. These communities have shared needs that are unique to the Latino community. Our children are more likely to be English language learners in our schools, and depend on the free and reduced free lunch programs.

As a long-time public health advocate, as I used to be an advocate with Planned Parenthood, before I became a

- 1 | supervisor, I know firsthand that these communities often
- 2 have had challenges accessing our health care system, and
- 3 are reliance on medical coverage for their care. Any
- 4 addition -- and additionally, the families in this area
- 5 depend on policies that protect immigrant rights, access
- 6 to public transit, and an efficient and safe border
- 7 crossing.
- 8 These are just some of the examples of why we're
- 9 asking you to maintain a Latino community of interest.
- 10 | Thank you for taking the time to listen to our opinions.
- 11 And I wish you the best of luck in the process. Thank
- 12 you for having me.
- 13 CHAIR SINAY: Ms. Vargas? Are you still there?
- 14 PUBLIC COMMENT MODERATOR: She is, Chair; one
- 15 moment.
- 16 CHAIR SINAY: Okay.
- 17 PUBLIC COMMENT MODERATOR: Please press Star 6.
- 18 MS. VARGAS: I'm still here.
- 19 PUBLIC COMMENT MODERATOR: There you are.
- 20 CHAIR SINAY: Hi. Ms. Vargas, or Nora?
- 21 MS. VARGAS: Yes, ma'am. Yes.
- 22 CHAIR SINAY: When you're saying Chula Vista, is it
- 23 | all of Chula Vista, or a part of Chula Vista? We've
- 24 heard both descriptions for the South Bay.
- 25 MS. VARGAS: All of Chula Vista.

1	CHAIR SINAY: Okay. Thank you so much.
2	MS. VARGAS: You're welcome.
3	PUBLIC COMMENT MODERATOR: And that was all of our
4	public comment at this time, Chair.
5	CHAIR SINAY: Thank you. And I just I said
6	"Nora", because Nora and I have been friends, in full
7	disclosure, for a long time. Please sorry.
8	Just a reminder, that if you do need interpretation
9	for any of our meetings to please call with at least five
10	business days prior to the meeting. You can submit your
11	request via email to interpreter.request@CRCCA.gov (sic),
12	as well as on COI Meeting Appointment Form, or call our
13	office at 916-323-0323. And also please follow us on
14	social media. It's the best way to know what we're doing
15	almost on a daily basis. You can follow us on Facebook,
16	Instagram, Twitter, LinkedIn, and YouTube, our handle is
17	@WeDrawTheLinesCA. And you can also sign up to receive
18	updates on our website, which is WeDrawTheLinesCA.org,
19	and that's a good way to know where what we're doing.
20	Back to my colleagues on the Commission, does
21	anybody else have a story of a good meal?
22	Yes, Commissioner Toledo.
23	COMMISSIONER TOLEDO: Not a good meal necessarily,
24	I've always had good food in San Diego, but I just was
25	reminded that I was at a conference in San Diego and it

was at -- it was at a hotel in San Diego, the Hyatt,

Manchester; where I actually wrote my application to the

California Citizens Redistricting Commission.

- I was there for a conference and the due date was coming. And so I just stayed an extra day and did it from the lounge overlooking the Bay, and it was just a beautiful place to write the application so; and also I have family that lives in El Centro, and Mexicali.
- And I have memories of either driving down, and crossing the border, but also just flying into San Diego and then going in -- going down to those areas. It just occurred to me though, that San Diego is where I wrote my application for the Commission.
- CHAIR SINAY: And Katy, it looks like we have a caller, and they even have their hands up, and all ready to go.
- PUBLIC COMMENT MODERATOR: They do, Chair. Thank you so much.
 - Caller 7928, if you will, please follow the prompts to unmute by pressing star 6? Caller 7928 you are unmuted. I have a couple of brief instructions for you. Your speaker order number will be number 35, if you'll please make note of that for future reference. If you'll please let the mapper know what area you would like to discuss today. And with that, the floor is yours.

MR. VELASQUEZ: Well, thank you, and good afternoon. And once again, thank you for taking my call. My name is Jose Velasquez (ph.). And I'm so happy that I was able to make it onto this call. I'd like to speak about the communities of Temecula, Fallbrook, Bonsall, Valley Center, and Escondido. I actually spent the morning flying in from a business trip from Pennsylvania where I spent the week working. But I also had the opportunity to drive from Pennsylvania to Washington, D.C., last weekend, to enjoy a great 4th of July fireworks show there in our nation's great Capitol. And the experience was just absolutely phenomenal. I manage a network of large distribution centers as my day job, where I manage hundreds of people. But my volunteer time is spent on what is really my first passion and calling as a licensed minister. I have the honor of being a pastor at one of the great churches in the heart of the City of Temecula. And as such, I represent hundreds of parishioners that span the communities of Temecula, Fallbrook, Bonsall, Valley Center, and even out into Escondido. And I want to take a few moments and talk about the importance of -- in my mind, of keeping those cities together in the same

25

district.

As the pastor of a thriving and diverse church, we

1	have many families that currently drive in, especially
2	from the Cities of Fallbrook and Bonsall, those families
3	use our main corridor, the I-15, that joins our local
4	communities really as a lifeline through each of our
5	cities. If you live in the area, you know how important
6	that I-15 is to all of us. This is really one of the
7	first reasons that I believe that Temecula should remain
8	in the same district as those other communities.
9	Secondly, a large percentage of our current
10	congregants use the I-15 daily to travel to and from work
11	in the San Diego area and through Temecula.
12	And then thirdly, many of us travel between our
13	cities to shop and dine. I find myself often shopping in
14	Escondido, even though I live in Temecula. And I know
15	that most in the Fallbrook and Bonsall area rely heavily
16	on the Temecula area to take care of their shopping, and
17	all of their dining needs.
18	Actually, as I mentioned before, in my day job I
19	manage hundreds of people, and from my experience I can
20	tell you that each of our cities relies heavily on each
21	other for skilled labor. Our cities, Temecula,
22	Fallbrook, Bonsall, Valley Center, and Escondido, have
23	many, many shared interests.
24	And once again, thank you for your time. I
25	appreciate the opportunity that the Committee has

```
1
   provided for me to weigh in on the subject. So have a
    blessed day. And know, please, that I am praying for you
 3
    as you go throughout this process.
 4
         CHAIR SINAY: Thank you. May I have a quick
 5
    question?
 6
         MR. VELASQUEZ: Absolutely.
 7
         CHAIR SINAY: In between those cities, there's a lot
    of unincorporated area, and would you include those in
 8
 9
    your description?
10
         MR. VELASQUEZ: Yes.
         CHAIR SINAY: Okay. Great.
                                      Thank you so much.
11
12
         MR. VELASQUEZ: You bet. Thank you.
13
         CHAIR SINAY: Katy, do you want to give
14
    instructions?
15
         PUBLIC COMMENT MODERATOR: Absolutely, Chair.
16
         In order to maximize transparency and public
17
    participation in our process, the Commissioners will be
18
    taking community of interest input by phone.
                                                  To call in
19
    dial the telephone number provided on the live stream
20
    feed. It is 877-853-5247. When prompted, enter the
21
    meeting ID number provided on the live stream feed, it is
22
    97214777038 for this meeting.
2.3
         When prompted to enter a participant ID simply press
    the pound key. Once you have dialed in, you'll be placed
24
25
                 To indicate you wish to comment please press
    in a queue.
```

star 9, this will raise your hand for the moderator.

When it is your turn to speak, you will hear a message

3 that says: The host would like you to talk, and to press

star 6 to speak. If you would like to give your name,

5 please state and spell it for the record. You are not

6 required to provide your name to give public comment.

Please make sure to mute your computer or live stream audio to prevent any feedback or distortion during your call. Once you are waiting in the queue, be alert for when it is your turn to speak. And again, please turn down the live stream volume.

And at this time, Chair, we do not have any callers in the queue.

CHAIR SINAY: Thank you, Kate. I wanted to reiterate something that's important to all of us, and that this is one civic activity that all Californians are eligible to participate in, and that includes military families who, they may not vote in California, but they are represented in California when the census is taken, you're counted here, and we do consider you part of our community.

So please feel free to give us a call and tell us about your community, and how you would like to be represented here in San Diego and Imperial County. Also, there is no age limit. So students can call in, and you

1 don't have to be registered to vote. So just, you know, just emphasizing that all Californians are eligible and 3 encouraged to participate in this redistricting process. 4 Currently we don't have any one in queue. 5 going to ask -- let's see; if you could play the twentyminute video, please? 6 7 (Whereupon, a twenty-minute video was played) CHAIR SINAY: Thank you. Welcome back, everybody. 9 As we discussed earlier, there's different ways that one 10 can participate? You can call in, you can use our 11 community of interest tool, which is at 12 DrawMyCACommunity.org, you can email us -- you can email, 13 and then you can also mail us your comment. And I bring 14 that up because it's important to understand that we will 15 weigh all community inputs submitted whichever way, 16 equally. And so if you have submitted a community of 17 interest at any time, you can feel comfortable knowing, 18 assured that we have received it and that we will use it 19 the same as we will use any of the other ones we receive. 2.0 Also, you can have more than one community of 21 interest. We have different identities, and so you may 22 want to submit more than one community of interest. 23 also -- sorry not Commissioner -- Supervisor Vargas 24 reminded us that the County of San Diego was the first 25 county to have an Independent Redistricting Commission,

1 and in the San Diego County region there are several independent redistricting efforts taking place right now. The City of San Diego, The City of Escondido, Chula 3 4 Vista, and Carlsbad, along with the county, are all 5 having redistricting efforts. And the League of Women Voters of San Diego did a 6 7 webinar with me and the Commissioner from the county, and in that we explained the difference between the two 8 9 processes. We do encourage everyone to participate in as 10 many of the redistricting processes as they can. Your 11 voice is important to all of -- to all of our success. 12 Katy, can you read the instruction? 13 PUBLIC COMMENT MODERATOR: Yes, Chair. 14 In order to maximize transparency and public 15 participation in our process, the Commissioners will be 16 taking community of interest input by phone. To call in 17 the telephone number provided on the live stream feed, it 18 is 877-853-5247. When prompted, enter the meeting ID 19 number provided on the live stream feed, it is 20 97214777038 for this meeting. When prompted to enter a 21 participant ID, simply press the pound key. 22 Once you've dialed in you'll be placed in a queue, 23 to indicate you wish to comment, please press star 9. 24 This will raise your hand for the moderator.

your turn to speak, you will hear a message that says:

The host would like you to talk, and to press star 6 to speak. If you would like to give your name, please state and spell it for the record. You are not required to provide your name to give public comment.

Please make sure to mute your computer or live stream audio to prevent any feedback or distortion during your call. Once you are waiting in the queue, be alert for when it is your turn to speak. And again, please turn down the live stream volume.

And we do not have any callers at this time, Chair.

11 CHAIR SINAY: Thank you, Katy. Earlier,

12 | Commissioner Akutagawa had mentioned Miramar, which used

13 to be the TOPGUN -- where TOPGUN took place. It's no

14 longer the TOPGUN area, Miramar is now Marine. But you

15 still have planes and you still -- jets, sorry, we still

16 have jets, we still have helicopters that fly in and out.

17 And there's also the Top Gun Barbecue place downtown that

18 was across the street from the hotel that Commissioner

19 Toledo just mentioned.

25

And unfortunately, that burned down but they have rebuilt it. And then there's the Top Gun House where the woman lived up at Oceanside, and they moved it, and it's considered now a historical house in Oceanside. But the military culture, as Commissioner Yee said, is very

strong here in San Diego. And one thing that many people

don't know is that military families, now more military families live off base than on base. So your neighbors can be -- is more likely to be from military families than in the past.

Anybody who wants to share any thoughts on -- any on Imperial County on how -- what draws you to these counties for vacation? We talked a little bit about that, but what about for business or environment -- not environment, recreational.

Go ahead, Commissioner Akutagawa.

2.0

COMMISSIONER AKUTAGAWA: Mine isn't really necessarily -- well, I guess I have sort -- I mean, I do come down for just kind of like recreation or just vacation. I was just thinking -- I was thinking about Imperial County and my first time driving through it, probably my first and really only time driving through it. I forgot why, but when I was living in San Diego, I had always known of El Centro. I had never driven out that way.

And then there was a reason for me to drive out there. So I drove down to El Centro, and coming back, and I don't know if it's still the same, but one of the things that struck me, is driving from El Centro going north back towards the L.A. County area, and driving past the Salton Sea, and that was pretty interesting driving

past there, too. One of the things that struck me is that I was the only person that was driving for literally miles, and miles, and miles.

And I will also admit, you could probably get a theme here, I was driving pretty fast because I was just thinking, I am the only one out here on this road. I do not want to get stuck somehow. So I figure if I drive faster, I'll get farther, and hopefully I'll be -- I'll be closer to somebody if something should happen. Fortunately, nothing did happen, but it was just really interesting that for probably a good period of time, I was the only one driving out there on the I-15 at the time. And you know, or that main highway there.

And you know, just driving through past the Salton Sea, going through the Coachella Valley, and then getting in, I think at that time I -- if I recall correctly, I think I drove through Palm Springs and into L.A. County. And it was it was quite interesting in seeing how remote, in some ways, it was a number of years ago. And I'm not sure if it's still that way. I know that there's been a lot of development in a lot of parts of California, but I've not had a chance to go back down that way. But that was one of the things that just struck me about the region, and you know just, yeah, interesting in my time there.

1 CHAIR SINAY: Yeah. The drive from San Diego to 2 Imperial is long. It's not just ten minutes. COMMISSIONER AKUTAGAWA: 3 4 CHAIR SINAY: I was talking to Commissioner Ahmad, 5 and she's like, it's right there, right? I said, no; it's a long, but it's a beautiful drive. You have to go 6 7 up the mountains, and down the mountains, but you do see 8 a lot of stopped cars, and you also see a lot of water stops to fill your car tank, and stuff. 10 We spoke about the military culture, and 11 Commissioner Toledo spoke a little bit, but this is the 12 border, the border community. This is the border with 13 Mexico. And for many families and many individuals, it's a porous border. Families live on both sides of it. 14 Commissioner Toledo, you were talking a little bit 15 16 about your experience visiting your family. Do you want 17 to share anymore? 18 COMMISSIONER TOLEDO: I mean, I have quite a few 19 family members who live out in the Imperial Valley, and 20 in Mexicali area, and El Centro, and Brawley, and I mean, 21 it's a farm-worker community. It's a large farm-worker 22 community, disproportionately impacted by COVID I think. 2.3 One of the -- I believe one of the worst hit, at least in 24 much of -- for much of the year, it was one of the most 25 worst-hit areas in California; mostly because of the lowincome nature of the community, and social distancing
being so difficult to be able to achieve when you have
multi -- well, families living in close quarters.

And one of the reasons I don't visit as much as I
probably would want to, is just because it's so hot in

7 try to schedule my visits when it's colder, or cold in

the summers. And that's probably that's why but -- so I

8 the winter. And it's just incredibly hot in the

9 Mexicali, and Centro and Raleigh area this time of year.

10 Just being outside is almost impossible.

6

11

24

25

You kind of have to be inside with air conditioning and a warm -- I mean, a cold drink. But yeah, lots of family. They live down there. I don't know how they can manage. I like humidity and I like -- I like weather like Mazatlán, and Acapulco where it's hot but it's humid, and I'm wet, but the dry heat is hard for me. But I like the different weather, so just that --

CHAIR SINAY: And just, yeah; there's a lot of folks who just cross the border just to -- their doctor may be in Tijuana, or it's cheaper to get their medicine in Tijuana, as well as veterinarian. That's become the new one, vets are so expensive in the United States.

So Linda, you may want to come down with your -- so we've been exploring how to get vet care for our three dogs, because it's just a lot more accessible. But it

is, yeah, for people who don't know the La Frontera area, or that border region, it is surprising for them how often people cross, and how regularly.

Someone recently said to me, "The border is closed, right?" And I said, well, in theory it is, but exactly -- Commissioner Kennedy, in theory it is, but a lot of my friends who have -- yeah, they're still going, and visiting, and doing their work.

Did you want to add anything, Mr. Kennedy?

COMMISSIONER KENNEDY: Well, for those who aren't accustomed to it, we kind of call it "mexistan". It's neither here nor there. It's neither U.S. nor Mexico, seemingly, for about fifty miles on either side of the border. San Diego is almost a special case. But if you're driving up from Mexicali to the Coachella Valley, you know, you think you're in the U.S., and then all of a sudden you're at an inspection point and they're asking you for your passport.

And it's, like, the border is fifty miles that way.

What are you doing asking me for my passport? But that's you know, there's a there's a checkpoint on Highway 86 or 78. I forget which one. Or maybe it's at the junction of 86 and 78. But you know, the first time it comes as a surprise because you're thinking, I'm well inside the border, and there's an inspection station, and you're

1 being asked to identify yourself.

2.3

CHAIR SINAY: Yes. We've got, there's a big one on the 5 as well, in Camp Pendleton. And Commissioner Akutagawa, I was stopped there once, and I'm just letting you, since you've been talking about speeding, they stopped me there once because their helicopter clocked me going too fast, and they asked me to slow down. This was when I was in college. So there are helicopters patrolling.

COMMISSIONER AKUTAGAWA: That's good to know. Yeah, because I am surprised that I have not been caught yet so oh; that is good to remember. Also, you know I might share, when I was living down there, one of the things that did strike me as interesting in terms of the difference between San Diego County, and I would call it north of Camp Pendleton, L.A., and Orange County is the weather.

What I found is that when it was raining in L.A. or Orange County, it was beautiful weather in San Diego. It was like almost the rain clouds didn't make it past probably Camp Pendleton or Oceanside. It was always nice weather.

CHAIR SINAY: Well, even in San Diego the weather changes so drastically. Yeah, it's kind of like San Francisco where you've got the fog rolls in only on parts

1 of it. And so I always feel bad when people come from 2 Inland San Diego to the coast, because they're all excited to go to the beach, and it's all foggy and cold. 3 4 But they did escape the heat, they just didn't get any 5 sun. All right. Well, we're coming onto a break. 6 7 have a fifteen-minute break coming up. And why don't we take it now; if no one has any complaints? And I keep 8 wishing that we were all together here in San Diego and 10 Imperial -- and Imperial County, just because there's so 11 much to see, and do, and talk right now. I'm like, oh, 12 yeah, let's go grab a beer afterwards, and grab some fish 13 tacos. 14 COMMISSIONER KENNEDY: And it's not 107 degrees. 15 CHAIR SINAY: Exactly. And we can also pick up a 16 slice of cake at Extraordinary Desserts. Commissioner 17 Yee. 18 All right. So we'll see everybody in fifteen 19 minutes. 20 (Whereupon, a fifteen-minute recess was held) 21 CHAIR SINAY: Hi. Welcome back, everybody. 22 in our last stretch of the day. And so I just want to 23 welcome everyone to the California Redistricting 24 Commission Community of Interest Input Meeting, and 25 sometimes we are called Communities of Interest, COI.

1 We also encourage you to visit our communities of interest tool on our website, which allows you to draw the map as well as describe your community. You can find 3 4 the tool at DrawMyCACommunity.org, and we are now at the 5 place where we can take both public input from any part of the state as well as public comment. 6 7 So anyone who wants to -- has any comments on any 8 items that are not on our agenda today, which our agenda 9 is taking community of interest input, please do call in. 10 Katy, I am going to pass it over to you, and ask you to please read the instructions. 11 12 PUBLIC COMMENT MODERATOR: Will do, Chair. 13 In order to maximize transparency and public 14 participation in our process, the Commissioners will be 15 taking community of interest input by phone, and public 16 comment by phone. To call in, dial the telephone number 17 provided on the live stream feed, it is 877-853-5247. 18 When prompted enter the meeting ID number provided on the 19 live stream feed, it is 97214777038 for this meeting. 20 When prompted to enter a participant ID simply press the 21 pound key. 22 Once you have dialed in, you will be placed in a 23 queue. To indicate you wish to comment, please press 24 This will raise your hand for the moderator.

When it is your turn to speak, you will hear a message

1 that says: The host would like you to talk, and to press star 6 to speak. If you would like to give your name, 3 please state and spell it for the record. You are not 4 required to provide your name to give public comment. 5 Please make sure to mute your computer or live stream audio to prevent any feedback or distortion during 6 7 your call. Once you are waiting in the queue, be alert 8 for when it is your turn to speak. And again, please 9 turn down the live stream volume. And again, the 10 Commission is taking community of interest input and 11 public comment by phone at this time. 12 And we do not have anyone in the queue, Chair. 13 CHAIR SINAY: Thank you. So I guess I'm going to 14 live vicariously through all of you, and ask you, what do 15 you have planned for tomorrow, for a nice Sunday? 16 No one has any plans? Well, I can understand why 17 you don't have any plans, we've been doing Commission 18 work for five days straight. Can everyone promise not to 19 open up their Commission emails, or look at their 20 Commission phone tomorrow? 21 Commissioner Toledo. You look like you were ready 22 to say something. 2.3 COMMISSIONER TOLEDO: No. No plans for tomorrow. And I like it that way. It's going to be hot tomorrow, 24

I just want to stay in the house and keep it dark

1 inside.

2.0

CHAIR SINAY: I hear you. Every time there's a break, I go down -- only my son is home right now, and I'll go downstairs, and he's just doing nothing. And I'm like, oh, what a life. And the three dogs are taking a nap. So it's better to stay in my office with you all.

PUBLIC COMMENT MODERATOR: Chair, we do have a couple of collars.

CHAIR SINAY: Great.

PUBLIC COMMENT MODERATOR: Caller 7044. And then up next, will be callers 7682. So right now we have caller 7044, if you could please follow the prompts to unmute by pressing star 6. Caller 7044, you are unmuted. I have a couple of brief instructions for you. Your speaker order number will be -- it's on the wrong page -- number 36, if you could please make note of that for future reference.

And if you could please let the mapper know what area you would like to discuss today. And with that, the floor is yours.

MS. TIFFANY: Hello, my name is Caitlin Tiffany. I am a resident of the City of La Mesa in San Diego County. La Mesa is bordered by the City of San Diego on the western and northern sides, and it's really hard to tell where La Mesa ends and San Diego begins. Our area is part of the San Diego State University College District.

- Many of my neighbors either attend or work at San Diego

 State University. So let me say really feels like it's

 part of the Greater San Diego City area. I also work in

 the City of San Diego at San Diego Mesa College.
 - And I am on the La Mesa Community Police Oversight
 Board. This is one of only three oversight boards in the
 County of San Diego, and one of those is also the City of
 San Diego has one. When we receive public comments, many
 of our public comments from the La Mesans, say that, you
 know, we all feel that we are on the forefront of
 improving police community relationships.
 - And that is something we share with the City of San Diego, which is very different from some of the cities that are further east in San Diego County. So I'm hoping that La Mesa will be part of the Greater San Diego City area.
 - I would really like to thank you, Commissioners, for your time, and for your service in this, very much.

 Thank you.
- 20 CHAIR SINAY: Thank you.

PUBLIC COMMENT MODERATOR: And I'd like to remind those calling in to please press star 9 to raise your hand, indicating you wish to comment. And at this time we do have a raised hand with caller 7682. If you'll please follow the prompts to unmute yourself by pressing

1	star 6. Caller 7682, you are currently unmuted. I have
2	a couple of brief instructions. Your speaker order
3	number will be number 37, if you will, please make note
4	of that for future reference. And if you'll please let
5	the mapper know what area you would like to discuss
6	today. With that, the floor is yours.
7	MR. IBRAHIM: Hi. Thank you so much. Good
8	afternoon, Commissioner. My name is Rami Ibrahim and our
9	community area is Al Cajon. I'm calling in today on
10	behalf of the Majdal Center. And we're an Arab community
11	and resource center located in El Cajon, for Arab
12	refugees, immigrants, and residents of San Diego.
13	We seek to empower and uplift all members of the
14	Arab community in San Diego with a community network of
15	over 140 families and a base of largely Syrian, Iraqi,
16	and Palestinian refugees, and new immigrants. We support
17	our community through youth education and leadership.
18	Community health and well-being, primarily through our
19	COVID-19 response and rental assistance referrals,
20	newcomers' support through case management and U.S.
21	citizen applications, and advocacy and policy, with our
22	census work and currently our redistricting focus.
23	Just yesterday we held a youth social where over
24	thirty Arab youths showed up and participated in a
25	community mapping activity at the park. And we also hold

community mapping opportunities at local mosques in East
County and our upcoming aid celebration. We prioritize
the translation of all resources to Arabic to break down
accessibility barriers, so our community members are able
to be very involved in this process.

2.3

We are translating all materials and info sessions into Arabic for all COI sessions, and we actually found your COI tool, which is translated to Arabic, to be very helpful for our community.

We're currently working on community outreach for our first public hearing for redistricting on the 14th, in the City of El Cajon. And our community has been very involved in this process. We're planning on having a lot of community members testify, and we've been preparing for that, which is why there aren't many community members here today.

However, our community members are very excited to be involved in the upcoming statewide public hearings in August and September. Because our Arab community is often ignored and overlooked as we're invisible on the census, it has made us harder to be recognized as a community, and heard in regards to bringing back vital resources for our community.

We've seen a lot of growth in Al Cajon, and the majority of Arab refugees and immigrant communities have

1 actually resettled in El Cajon in the past ten years, and were not included in the 2010 census data. 3 consequently, the Congressional districts of El Cajon are 4 currently split right down the middle in two. Being 5 involved in this process is very, very important to us, as unity of our Arab community will help bring back 6 7 necessary resources to our community and give us an 8 opportunity --9 MR. MANOFF: Thirty seconds. 10 MR. IBRAHIM: -- for political representation. are using this redistricting process as an opportunity to 11 12 fully engage with our community and create a space for 13 them to draw their own community boundaries as they 14 understand them. Currently, many community members --15 MR. MANOFF: Fifteen seconds. 16 MR. IBRAHIM: -- are struggling to pay rent. There 17 is a lack of affordable housing. Many members became 18 unemployed for the pandemic. Many of our school children 19 are facing Islamophobia and bullying. Many community 20 members are coming up on taking their citizenship --21 MR. MANOFF: Time. 22 MR. IBRAHIM: -- test, and struggling to find 23 resources. Additionally --24 CHAIR SINAY: Is the caller still there?

Yes.

25

MR. MANOFF:

1 PUBLIC COMMENT MODERATOR: Yes, Chair.

CHAIR SINAY: I just wanted to thank you, first of all. And also reiterate that we're really excited to have community members here with us, and to note that we are taking the community input, the tool, input through the tool is equal to input and in meetings. And so we're excited that you all are using the tool, and that you found it beneficial. So thank you so much.

MR. IBRAHIM: Thank you so much. I really appreciate it.

PUBLIC COMMENT MODERATOR: And we do have one other caller. Caller 1738 -- I apologize, there was a little confusion there on our end.

Caller 1738, if you will, please follow the prompts to unmute? Caller 1738, I do have a couple of brief instructions for you. Your speaker order number will be number 38, if you'll please make note of that for future reference. And if you'll please let the mapper know what area you would like to discuss. With that, the floor is yours.

MS. TEMPORAL: Hi. Good afternoon, Commissioners.

I would like to discuss where I reside over in Ocean View Hills. My name is Joyce Temporal, a community member, and I serve as the vice president of the Silayan Filipina National Organization, a nonprofit organization, a women-

- led organization whose mission is to advocate for equity,
 provide professional and personal development, promote
 Filipino culture, engage civically, and develop youth
 leadership. Like many Filipinos in San Diego, I'm a Navy
 brat, born to Filipino immigrant parents whose father
 served in the U.S. Navy and emigrated to the U.S.
 primarily in the 1950s. My father's sister emigrated to
 the U.S. in the 1970s.
 - Also, like many other Filipinos, as a skilled labor in the health industry where during the corona virus pandemic, Filipino nurses in their duty and sacrifice represent four percent of the hospital nurses, but disproportionately represent thirty percent of the nurses' deaths.

I live here in Ocean View Hills in the South Bay, not far from the only San Diego City Park named after a Filipino-American and former assistant chief of police, Cesar Solis Park. The Filipino-American population is the largest of the Asian-Pacific Islander population, and second only to the Latinos in the population of communities of color.

While sometimes mentioned jokingly, one can wander the aisles of naval commissaries, walk the wards of hospitals, or sit in the pews of Catholic churches, and clearly notice the many Filipino faces. You can drive

1	through San Diego County's communities of the South Bay,
2	Eastlake, Otay Ranch, Ocean View Hills, National City,
3	Paradise Hills, or North County communities of Mira Mesa,
4	and Rancho Penasquitos, and see Filipinos everywhere.
5	But if one were to wander the halls of the State
6	Capitol and witness a Legislative session, one would find
7	it nearly impossible to find a Filipino face in the seat
8	of an Assembly member or a State senator, other than
9	attorney General Rob Bonta, and previously State
10	Assemblyman Todd Gloria, who is now mayor of San Diego.
11	The same is true in our nation's Capitol in
12	Congress, where you will also find it hard pressed to
13	find a Filipino-American in an elected position of power.
14	Although our community can boast of being the largest
15	AAPI population in San Diego and California, the sad
16	reality is that we have close to no representation in our
17	State and Federal bodies. Yet our elected officials can
18	attend community events and praise the Filipino-American
19	community for our contribution to society.
20	But where is our power in representation of Filipino
21	elected officials? Redistricting and reapportionment is
22	about power and representation. Our Filipino American
23	community has neither. While we can be empowered
24	MR. MANOFF: Thirty seconds.

25

1 need the opportunities to lead --2 MR. MANOFF: Fifteen seconds. 3 MS. TEMPORAL: -- and you have the opportunity to 4 put our community in that position. The question you and 5 decision makers need to ask yourself is, will I truly provide a real opportunity to maximize communities of 6 7 interest in order to achieve elective representation of 8 Filipino-Americans? 9 MR. MANOFF: Time. MS. TEMPORAL: That would be an honorable feat which 10 will be remembered --11 12 CHAIR SINAY: Ma'am. Could you give us the 13 boundaries, the specific boundaries? It sounds like you 14 brought up two different Filipino communities of 15 interest, one in the South Bay and one in North County; 16 can you -- or North San Diego. Can you tell us the 17 boundaries? 18 PUBLIC COMMENT MODERATOR: Please press Star 6 to 19 unmute yourself; caller 1738, if you will press star 6 to 20 unmute yourself. There she is. 21 CHAIR SINAY: Welcome back. 22 MS. TEMPORAL: 2.3 CHAIR SINAY: We're just hoping you could give us 24 more concrete boundaries for the Filipino community in

the South Bay, and in North San Diego.

1 MS. TEMPORAL: Oh, I just mentioned about in the South Bay, there's predominantly, you know, a lot of the Filipino-American community, like in east of Paradise 3 Hills in the South Bay area, which is -- consists of on 4 5 east side of the 805 Freeway, which is East Chula Vista, 6 Otay, Mesa is more south. 7 CHAIR SINAY: Uh-huh. MS. TEMPORAL: Paradise Hills is also east, and you have all of the Eastlake area, Otay Ranch, and you do 10 have also in National City, which is in between the 805 11 and the 5. And the northern sector would be, of course, 12 Rancho Penasquitos, Mira Mesa, that's like a very high 13 propensity of Filipino Americans there. 14 CHAIR SINAY: Right. 15 MS. TEMPORAL: And also you have towards the east of 16 the -- of course you do have the other AAPI community, 17 which is the convoy district, and also of the southern 18 part of the northern part by Mission Valley, you have 19 other AAPI community, which are like over in Linda Vista, 20 et cetera. And also in El Cajon, I know that there is a 21 lot of the Laos community out there, too. And that's 22 pretty much, you know, we have a high propensity of 23 Filipino-Americans in all of those areas. 24 CHAIR SINAY: And would you connect the Linda Vista 25 to the Convoy Corridor?

1 MS. TEMPORAL: Yes. CHAIR SINAY: Okay. All right. Thank you for your 3 detailed -- being so detailed. Have a great day. MS. TEMPORAL: Okay. Thank you so much. 4 5 PUBLIC COMMENT MODERATOR: That was all of our callers at this time, Chair. 6 7 CHAIR SINAY: As we said, we are taking both 8 community input currently, as well as public comment on 9 any topics that aren't necessarily on the agenda. 10 So do you want to read the instructions again? 11 PUBLIC COMMENT MODERATOR: Yes, Chair. Would you 12 like the full injections or the abbreviated at this 13 point? 14 CHAIR SINAY: We haven't done -- do the abbreviated 15 please. 16 PUBLIC COMMENT MODERATOR: Sure. The Commission is 17 now taking community of interest input and public comment 18 input at this time. To give comment please call 877-853-19 5247, enter the meeting ID number 97214777038 for this 20 meeting. Once you have dialed in, please press star 9 to 21 enter the comment queue. The full call-in instructions 22 have been read previously in this session, and are 23 provided in full on the live stream landing page. And 24 again, we are collecting public input and community of 25 interest input at this time.

1 And we do not have any callers at this time, Chair. CHAIR SINAY: All righty. I do want to remind everyone that we do have a busy week this week. We're 3 excited because on Monday, July 12th at 10 a.m., we will 4 5 be focused on Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus, and Tulare County, and any 6 7 surrounding areas as well. And that's again, on Monday, 8 July 12th. 9 On Thursday, July 15th at 4 p.m., we will be focused 10 on Los Angeles. This is our first session that we have 11 shortened it a bit. So we'll start at 4 p.m., focus on 12 Los Angeles County and its surrounding areas. 13 And finally, this coming Saturday, a week from 14 today, on July 17th at 10 a.m., we will be focused on the 15 Bay Area County, so Alameda, Contra Costa, Marin, San 16 Francisco, Somersville, Santa Clara, and Solano, and the 17 surrounding areas again. 18 If you are if you are interested in watching our 19 business meetings and hearing us discuss other things 20 besides communities of interest, please join us on 21 Tuesday, July 13th at 4 p.m. As callers at the community 22 of interest meetings are not limited to just those 23 specific communities, we like to focus as it helps with 24 our outreach, but anybody is welcome to call and submit

their communities of interest.

You can visit our meeting page on our website, which is WeDrawTheLinesCA.org, and click on the Meetings tab and it'll show you all the different meetings we have.

How to register for any of -- if you want to get public input, as well as that you'll find flyers there that you can share with the folks in your community.

If you have already submitted a community of input (sic), we ask that you tell a friend or ten. We want to hear from a lot of folks. So please do, do submit your communities of interest and tell others.

Commissioners, what other advice do you have for those who might be watching, still not sure about how to participate? I know Commissioner Kennedy has advice.

COMMISSIONER KENNEDY: Well, I would almost say, you know, it's almost like speaking a foreign language. You are often very shy to do it. But the best way is to just break down, and do it. And you know, it's not going to be perfect. But at this point, we really are looking for people to tell us about their neighborhoods, about their community around them.

I think one of the most helpful things that has been shared is, you know, just pretend you're telling someone from out of state about your community. So just what is it that makes your community a community? What makes it a place where you want to live? And what are the things

- 1 that you want to work with other neighbors to improve? And those are the types of stories that I, personally, am really eager to hear from Californians. 3 4 CHAIR SINAY: Sounds great. Great advice. 5 else, what do you tell people when they ask you: What do you want me to do when I call in? 6 7 Commissioner Fernández? COMMISSIONER FERNÁNDEZ: I don't sure if I'm the 9 best one, because I sent -- I think I'd shared last time 10 that I sent like an email to my contacts, and my friends 11 told me it was too long. So I had to summarize it for 12 them. 13 But I think, I think the most important thing is 14 that you actually don't have to know who how your district lines are drawn. I mean, there's you don't have 15 16 to feel like there's this pressure to have this knowledge 17 of, you know, who your Assembly person is or a 18 Congressional person is. As Commissioner Kennedy said, 19 just tell us what your current neighborhood is, where you 20 go, where you can sit -- what your boundaries of your 21 neighborhood are.
 - You don't even have to tell us verbally because we have so many other options and ways for you to participate, and each one of them equal as important. We have community of interest tool. You can email us.

22

23

24

1 can actually phone us and give us your input, or email So it's just very low key. And we have documents 3 that kind of guide you through the type of information that we would like. But you know, you don't have to 4 5 stick to that. And the most important thing is just tell us what the boundaries are. 6 7 Is it streets? I guess in Southern California, it's 8 called the, "whatever freeway name it is", which is 9 great. But really, it doesn't have to be something 10 elaborate. Just tell us what your community is. Thank 11 you. 12 CHAIR SINAY: Right. Anyone else have some further 13 advice? 14 Yes, Commissioner Andersen. 15 COMMISSIONER ANDERSEN: One thing I would say is if 16 you -- think about where you live and where you work, and 17 those are often not in the same city, in which case would you would you like to have those both be represented in 18 19 the same district? Also, if you have areas that your 20 community, like, you have a business community, it 21 crosses city lines, it's extremely important, county 22 lines. Those are very important to get in to us, because 23 the criteria is, city lines, county lines, and 24 communities of interest, and they're all equally

25

important.

1 But we don't know if your communities cross those So it's just, that's something I always boundaries. bring up. And I do like the idea of, you don't have to 3 4 tell us in person, if that's quite scary. You can go to 5 that community interest tool and it can -- it'll walk you through it step-by-step. And there's a help -- if you 6 7 don't know a lot about this, there's a little help 8 button, and they're more than happy to help you. And you 9 can try it several times. It's not like, oh, I blew it 10 the first time. Try it again. And of course, you can 11 call into any of our meetings also. It doesn't have to 12 be just your area. So those are a few things, if that 13 helps. 14 CHAIR SINAY: Thank you, Mr. Andersen. 15 Commissioner Vázquez. 16 COMMISSIONER VÁZQUEZ: I was just going to say one 17 of the ways to warm up to giving public input is to 18 listen to others' public input. And as soon as we get 19 public input on the website, you'll also be able to see 20 and read what others have said about their community. 21 And so I think that's a great way, to hear what others 22 are saying. 2.3 You can even use what others are saying and think 24 about whether you agree or disagree. And we would love

to hear as many viewpoints as possible about different

communities, because that is that is how we understand and get the 360 view.

So definitely step one, if you're if contemplating giving public input, a good way to get your feet wet is to listen, to call in and listen to others give input.

And that should, hopefully, give you the confidence you need to tell us about your community.

CHAIR SINAY: Thank you, Commissioner Vázquez.

Commissioner Akutagawa.

COMMISSIONER AKUTAGAWA: Yeah. I would definitely agree with what Commissioner Vázquez said. I've been telling some people, you know, if you have time, or if you're curious, you know, just even if it's just a snippet of some of the previous public input meetings, listen in on some of those, you know, just to get kind of a feel of what people are saying.

One of the things that I've been recommending to some people, you know, sometimes it's hard if you -- if you're not fully aware, like, what does this all mean? What I've been telling people is, think about where you live or where you work. Think about, maybe not only about what do you have in common with other cities or regions, but also think about what you don't think you have in common with another city and region. Sometimes it's easier for people to think about that than to think

1 about: What do I have in common?

So if you think about what do I not have in common, then it might help someone to then pinpoint -- well, I actually feel like we have more in common with this city or region, and so that might also help some of the folks who might be listening in.

It looks like we have a caller.

8 CHAIR SINAY: Great. I think you all inspired them.

Katy, would you like to take over?

10 PUBLIC COMMENT MODERATOR: Yes, Chair.

Caller 2829, if you will, please follow the prompts

12 to unmute my pressing star 6? Caller 2829 you are

13 currently unmuted. I have a couple of brief instructions

14 for you. Your speaker order number will be number 39, if

15 you'll please make note of that for future reference.

16 And if you'll please let the mapper know what area you

17 | would like to discuss today. And with that, the floor is

18 yours.

25

3

4

5

6

7

9

19 UNIDENTIFIED SPEAKER: I thought this was public

20 comment time.

21 PUBLIC COMMENT MODERATOR: You can also make public

22 comment, Miss.

23 UNIDENTIFIED SPEAKER: Oh, okay. I don't wish to do

24 any map drawing today.

PUBLIC COMMENT MODERATOR: That's fine.

1 UNIDENTIFIED SPEAKER: My question -- my question 2 is, I hear you discussing about how to describe where 3 your community is. And I'm in a situation where I have 4 people that want to give testimony, but the problem is 5 they are having difficulty describing where -- to the line drawer what they want to discuss because it's a 6 7 small area, small town that's remote, and it's mainly in a rural county. And basically their community of 8 9 interest is mostly what they're -- with most of the 10 county that they're with, and it's kind of hard to 11 describe. 12 So what instructions should they give to the line 13 drawer when you're trying to describe a remote community 14 that's in a rural county? 15 CHAIR SINAY: Well, a good first place is to start 16 with the county, so the line drawer knows where to start. 17 And then from there, you know, if there are roads, or 18 freeways or -- in San Diego, a lot of times we use 19 geographic boundaries. I was talking to the line drawers 20 ahead of time that, yeah, people may tell you it's this 21 canyon or this bay, it's like Commissioner Kennedy said, 22 it's best to start with the county, and then if there is 23 a city, to connect with that city, and then just start 24 describing what's important.

It might be a library, it might be a corner store,

1 or it might be roads. And just describe it from there and build from there. Draw us a picture, a verbal 3 picture, and a written one. If they feel more 4 comfortable, they can also draw it themselves on a map 5 and send it to us, if it's easier than telling a line drawer, or using our community of interest tool. Does 6 7 that help? UNIDENTIFIED SPEAKER: Yes. I just have one other 9 thing. Can they refer to the current district; either 10 Assembly, Senate, or like --CHAIR SINAY: 11 Yes. 12 UNIDENTIFIED SPEAKER: The number, I'm talking about 13 the number of the district, so that then they would get 14 the -- the line drawer would know the geographic lines of 15 the current district they're talking about? 16 CHAIR SINAY: Exactly. They can give us -- they can 17 give us their district, or they can even give us an 18 address. And the mapper can look on it from there. 19 as we said, you know, you can use the online tool, in a 20 lot of rural areas the internet is hard to connect. So 21 you can draw it on your own, and mail it to us, or email 22 it to us. And we are working on a paper tool as well. 2.3 So individuals can do it that way. 24 UNIDENTIFIED SPEAKER: Okay. All right. Thank you. 25 CHAIR SINAY: Thank you so much.

1 PUBLIC COMMENT MODERATOR: And that was all of our 2 public comment at this time. CHAIR SINAY: Great. Commissioner Fernández? 3 COMMISSIONER FERNÁNDEZ: 4 Yes. I just wanted to 5 respond to the caller. I'm also in a very rural area. think our population might be 1,000, but when I was 6 checking the maps, when they're bringing them up, that it 7 shows up. So my little town of 1,000 did show up. 8 9 And like you said, Commissioner Sinay, if you have 10 an address, if you have streets, we'll be able to map it, 11 and we'll be able to submit their communities of 12 interest. So thank you. It's very important for 13 everyone to participate. And we will -- we'll find it, 14 we'll draw it for you. If you give us enough boundaries, 15 we'll make it happen. So thank you. 16 CHAIR SINAY: Thank you. And Commissioner 17 Akutagawa. 18 COMMISSIONER AKUTAGAWA: Yeah. I wanted to also 19 share some advice from our session that we had in the 20 further north of California. We had callers who did 21 speak about the town that they came from, but they also 22 referred to the county that they were in. And within 23 those counties, depending on the numbers within your 24 counties, it could be that your district could be 25 attached to other counties.

1	So I recall that during that particular public input
2	session, we had callers who said, I live in this county,
3	in this city, in this county, and I believe that our
4	district should include this, this, and this county. And
5	then we also had others that had called and said, I
6	believe I live in this city, I live in this county,
7	but I believe that my county should be with these other
8	counties.
9	And so that's also another way in which callers can
10	also call. It doesn't necessarily have to be just
11	specific to their city, especially if they're in a rural
12	area. There's ultimately no wrong or right way to
13	describe your community. As Commissioner Fernández had
14	just said, I think we really want to hear. And even
15	having that input around which counties do you want to be
16	affiliated with, could be just as helpful as what cities
17	do you want to be affiliated with?
18	CHAIR SINAY: Thank you.
19	Katy, can you read the instructions one last time?
20	And it's both for public and community input.
21	PUBLIC COMMENT MODERATOR: Yes, Chair. The long or
22	short version?
23	CHAIR SINAY: Short.
24	PUBLIC COMMENT MODERATOR: The Commission is now
25	taking public comment and community of interest input by

1 phone. To give comment, please call 877-853-5247, and enter the meeting ID number 97214777038 for this meeting. 3 Once you have dialed in, please press star 9 to enter the comment queue. The full call-in instructions have been 4 5 read previously in this session and are provided in full 6 on the live stream landing page. 7 And we do not have any callers at this time, Chair. CHAIR SINAY: I just wanted to check if Commissioner 9 Toledo or Commissioner Fornaciari had any advice for 10 folks who are thinking about communities of interest and 11 how to participate? You don't have to say anything if 12 you don't want to. 13 COMMISSIONER FORNACIARI: No just, the advice I give 14 is, I give examples of what we've heard. That I thought 15 were effective examples. And I try to contextualize it 16 in areas -- give examples from areas that people would 17 understand the feedback we're getting. So I think that 18 that helps folks sort of think a little bit about how 19 they might want to -- might want to give input. 2.0 COMMISSIONER TOLEDO: I've also been just sharing 21 with folks that are listening, and will have joined our 22 meetings, and who have felt -- who said they felt 23 intimidated giving public comment because they're not 24 connected with an organization, or an advocacy group,

they're not, you know they're not particularly involved

1 in politics. And my advice is not to be intimidated by That I'll advise, there is no wrong answer to 3 this, right. It's giving us information about their 4 community, and what they want to see. And they may not 5 know what the boundary is, but if something is not working for them, they should let us know, politically, 6 7 you know, in terms of their geographical boundaries. Ιf something is working, we also want to know that. 8 9 And so there's really no wrong answer. And if they 10 have difficulties with the telephone line, because folks 11 have also said they've had difficulty with the telephone 12 line, I'll also just asked them to call our main number, 13 and someone will be able to help. 14 CHAIR SINAY: That's great advice. I usually 15 explain to folks that we have the data, we're going to 16 have the numbers, the data, but we need to put faces to 17 the numbers, and that that's what the community of 18 interest does. And a lot of times it's starting with 19 what is a community. Yeah, they wanted -- that part 20 confused them. So I say, think about who it is that you 21 live, work, play, learn, celebrate and protest with. 22 And when you think about those groups of people, 23 those will probably start answering your questions of who 24 it is that you want to be represented with and how you

want to be represented. And you can build from there.

1 And that seems to have worked but you're -- but a lot of times it's that fear that you have to give a whole 3 district map, and explaining that you're giving us a 4 snapshot of your community and that that snapshot, we're 5 going to put all those snapshots together. And I like the paint idea, there're paint strokes. And then when we 6 7 sit down to draw the lines, that's going to be more with pencil, a little darker, and then at some point, we'll do 8 9 it with ink, so all those things to help. 10 Yes, Commissioner Akutagawa. 11 COMMISSIONER AKUTAGAWA: Yeah, that it's me 12 thinking. I think, for anybody who's listening in, and I 13 think what we're trying to do is to hopefully alleviate 14 any anxiety or kind of a sense of, I don't know if I 15 really have anything substantive to say. It may be 16 because you're not involved with an organization. 17 think as Commissioner Toledo said, I don't think it's 18 about being involved with another organization. 19 Part of what we really want to do, and part of the 20 reason why we're called the Citizens -- Independent 21 Citizens Redistricting Commission, is because we are all 22 individual citizens. 2.3 But one of the other things that I think I realize 24 has helped it, and I'll use the example like Commissioner

Fornaciari said, I'll use the example of some of what

1 we've heard. One example was when we had the public input meeting for the L.A. County area, and there were 3 callers that were calling in around San Fernando Valley, 4 and it was interesting because there was a lot of people 5 who called in saying, keep San Fernando whole. we did also have, I recall, a caller that said, I'm from 6 7 the East San Fernando Valley, I believe our community should be, instead, with these other communities, we're 8 9 very different from the West San Fernando Valley area. 10 And so I think we all have opinions about who we are 11 actually best aligned with, in terms of what other cities 12 are like our cities that are around us. And that's also 13 really important, I think, in terms of communities of 14 interest input, and telling us those kind of nuances. 15 Because I think the more we can understand and the more 16 we can hear from a wide array of people, that will enable 17 us, I think, to be able to have clearer understandings of 18 the real community lines, and hopefully draw not only --19 and I'm going to say "better" is a little bit subjective, 20 but fairer maps that ensure fair representation. 21 CHAIR SINAY: Thank you. We're getting close to 22 wrapping up. But I would like it, Katy, if you could just say the 2.3 instructions one last time. So if someone's still out 24

there, they know that this is the last time we're asking

1 for people to call in. And it can be public comment or community input. And if you called earlier and you missed your time, you're welcome to call in now as well. 3 4 Anyone can call now. 5 PUBLIC COMMENT MODERATOR: The Commission is now taking general public comment by phone, and community of 6 7 interest input by phone. To give comment, please call 877-853-5247 and enter the meeting ID number 97214777038 8 9 for this meeting. Once you have dialed in, please press 10 star 9 to enter the comment queue. The phone call and 11 instructions are read at the beginning, or have been read previously in this session, and are provided on the live 12 13 stream landing page. 14 There is no one in the queue at this time, Chair. CHAIR SINAY: All right. Let's just relax for two 15 16 minutes. I know, San Diego is a military culture, so I 17 should feel comfortable saying, stand at ease, but relax 18 sounds better. 19 The one thing that's changed in San Diego, you know 20 the East Bay, that morning meeting, breakfast meeting 21 started at 7:30 or 7:00 because of the military culture. 22 And I'm hoping now with the pandemic, when we do come 2.3 back into in-person, that that's no longer the case. 24 (Pause)

The instructions are complete on the

25

MR. MANOFF:

1 stream, Chair, 2 CHAIR SINAY: Okay. Sorry, I think we're ready to 3 close for today. I want to thank all those who did call, 4 all those who listened, and all those who will call, 5 yeah, in the future, based on those who did call today. It was a lot of good information. 6 7 As I was telling some of my colleagues, it's a beautiful day in San Diego, and it's a Saturday in the 8 9 summer. So it is a hard -- hard to compete against that. 10 So we doubly appreciate those who did call in today. We 11 will continue to do outreach in San Diego, Imperial 12 County, and the whole rest of the State of California and 13 continue to collect communities of interest. This is our 14 first of our Public Community of Interest Meeting for San 15 Diego. There will be two more. And you can always call 16 in to any of the other ones. 17 Please have a great weekend. And especially to my 18 colleagues, try to stay cool and enjoy tomorrow. Don't 19 answer any emails, text or -- just relax and enjoy your 20 home, and your family, and your friends. Thank you so 21 much for spending your Saturday with me. Take care. 22 (Whereupon, the Public Input Meeting adjourned 2.3 at 6:00 p.m.)
